c hast hast the hast y of the exino and the bill.
c hast y exino upon the formation and the exino of the exino y and the hast and the hast and the exino of the exino of the exist hast y exino upon the properties reaction of the exist hast y exino the properties reaction of the exist hast y exist hast y exist and the exist hast y exist h

as it is true, it may as well be said here, that the Whig members will not throw a united vote upon have commenced unjustly and unne of them wish to bring it to a speedy close. But howf By its more vigorans prosecution, says one wing of the party! By withholding supplies for a war of conquest, says another. Which is the true the just, as well as the expedient course of action, intelligut men must judge for themselves. Twenty thousand men in addition to the force already in the field, will make a Standing Army of no inconsiderable magunude, add it may prove a more dif Realt tesk to minake it than to create it.

The House hill, granting ONE MILLON OF DOLLAR. in part supply for the deficiencies in the War De sent during the present year, has passed the Senate, upon the usual appeal of all bar the provide the second of this branch of the service, and all this is product of this branch of the one million granted is but a part of \$3,907,000 also mary to meet deficincies during the presen

day, were Gens Quitman and Shiels the observed of all observers. Bo s. They we Both bore son The observed of all observers. Both tore some wie of the husband, the child of its father, the at-marks of service-General Shields by carrying ter of a brother, and which break in uson, and cross another strongly interacted position. The ing the very perposition of one who had not only whether through the end what is a service of the next whether through the service of the next whether through the service of the indices.
