MISCELLANEOUS.

JOSEPH HITCHCOCK. WM C BAER

LIPPENCOTT & BARR,
(Late J S Strickler & Co.)

MANUFACTURERS of Patent fire proof safes, south side, second street, between Wood and Smithfield Pittsburgh. J S Strickler having deceased from business, the firm of Lippencott, Barr & Lippencott, having associated himself with Mr. Wm C Baer, who for the last seven years has been employed as foreman in Mr. Strickler's establishment, and can be increasingly recommended under the style of Lippencott & Baer.

Trial of a safe in Cincinnati, O.—We, the undersigned, were present at the testing of one of J S Strickler & Co's improved Patent fire-proof safes, at their Factory, Pittsburgh, Penn. The safe was placed in a furnace on the public landing, and subjected to the intense heat of a stone coal fire for more than three hours. In about one half the safe came to a bright red heat; the door of the furnace was then closed, which caused an increased and steady heat for the balance of the time, until the iron work in the safe was partially melted off; the furnace was then thrown down and the safe could be opened. The money, papers and books which it contained were in as perfect as when placed there, the binding only of the books being impaired by the heat and cooling the safe. We have no hesitation in recommending it to the public as a safe superior to any we have ever seen tested, and believe that it will stand a heat which no safe might be produced, except a heat which would melt it to a solid mass.

HISBERT'S CHEMICAL WRITING FLUID—In soliciting the public for the sale of this article, it is but right and just that the merits which the claim for support it claims should be fully and fairly set forth and also some guarantees be given that the consumity will not be imposed upon by using it.

In the first place it is well known that the generality of black "inks" are compounded of a precipitate, held together by gum Arabic, and when the water, either in whole or part is evaporated the gum and precipitate are left as a pasty mass in the pen or bakehead which occasions it. It is also common with Writing Fluids to make it more fluid which increases the evil by acting on the pen, if a steel one, corroding it through in a very short time. Now the "Writing Fluid" differs from them entirely, it is a deep black in its chemical solution requiring no vicial matter to hold it together, therefore will never get thick, and being very fluid a large quantity flows from the pen into a given space. Another property is that the fibre of the paper making a more permanent stain and one less easily moved by friction than if it was only plastered on the surface. It also contains no matter that has an affinity for metallic iron, therefore will not corrode steel pens—it will not mould, and although it writes of a black green color yet in a few hours it becomes a deep black, which will endure for ages. It is warranted superior to the foreign articles now in use, and is offered to the public as a "Chemical Writing Fluid," and one-third more given for the same price. All persons are cautioned against imposition of any kind being attempted in the following manner, which will suffice, as all must be aware, that the names there given could not have been obtained by any means for an unworthy purpose.

We recommend Hisbert's Chemical Writing Fluid" to the patronage of the public, as a first rate article in all respects; it flows freely from the pen without clogging it up and in the course of a few hours becomes a deep bright black.

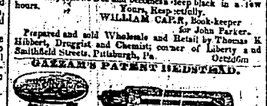
GAZZAM'S PATENT HEDDTAND.



THIS *New Fast Ultra* improvement has now been in use about two years, and wherever it is known, preferred to all other Beadsteads.

For cheapness, strength and convenience it has not and cannot be equalled, as it is entirely of iron bow, cheapest and most convenient Bedstead in use, and free from dust proof impervious.

The principal Cabinet makers and Turners in Allegheny city and in Pittsburgh, have secured Right's to manufacture and sell the same. As there are spurious articles and imperfect imitations in the market, persons who were would do well to examine the cast iron plates on the head, for the genuine article the name of the patentee, E. P. GAZZAM, is invariably cast, and the word PATENT is claimed for Gazzam's Bedsteads, the following cert ifi cate from Calcium merchant well known in Pittsburgh and the West, is submitted to the public:

We, the subscribers, practical cabinet makers and Bedstead manufacturers of the city of Pittsburgh and Allegheny, Pa., do hereby certify that we have examined the right to manufacture bedsteads with Gazzam's "Attachments," and consider the same superior to any fastenings with which we are acquainted.

DR. TOWNSEND'S

SARSAPARILLA.

Most extraordinary Medicine in the World.

This extract is put up in Quart bottles; it is so much cheaper, pleasanter, and warranted superior to any sold. It cures disease without vomiting, purging, sickness or debilitating the system.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines is, whilst it Eradicates Disease it invigorates, *Pure, Pure and Rich Blood*, a power possessed by no other Medicines. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more cures of Scrofula, than all other remedies combined. Of these were considered incurable. More than 3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy;
2,000 cases of Consumption.

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. To whether such diseases exist in a mild or very severe degree, and with numerous cases of Sick Headache; Pain in the side and Chest, Spinal Affections, &c., &c.

This, we are aware, must appear incredible; but we have letters from Physicians and our agents from all parts of the United States, informing us of extraordinary cures. Dr. Bonkirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the Preventive of disease known. It emboldenedly warrant the live of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of disease, and prepared them for the Summer season.

for Arrowsmith & Co.

Pittsburgh, Sept 29, 1847.

Mr T K Hibbert—Dear Sir: Having procured a bottle of your Writing Fluid, some three weeks ago, I consider it fully equal if not superior to any other ink now in use in this city. Yours &c.,
Respectfully,
WILLIAM STEWART, Book-keeper
for Arrowsmith & Co.

Pittsburgh, Aug 28, 1847.

Mr T K Hibbert—Dear Sir: I am using your Chemical Writing Fluid, and find it to be a first rate article for steel pens, as it does not clog them up like the generality of other inks, it flows free and becomes a deep black in a few hours. Yours &c.,
WILLIAM CAIN, Book-keeper

GAZZAM'S PATENT HEDDTAND.

THIS *New Fast Ultra* improvement has now been in use about two years, and wherever it is known, preferred to all other Beadsteads.

For cheapness, strength and convenience it has not and cannot be equalled, as it is entirely of iron bow, cheapest and most convenient Bedstead in use, and free from dust proof impervious.

The principal Cabinet makers and Turners in Allegheny city and in Pittsburgh, have secured Right's to manufacture and sell the same. As there are spurious articles and imperfect imitations in the market, persons who were would do well to examine the cast iron plates on the head, for the genuine article the name of the patentee, E. P. GAZZAM, is invariably cast, and the word PATENT is claimed for Gazzam's Bedsteads, the following cert ifi cate from Calcium merchant well known in Pittsburgh and the West, is submitted to the public:

We, the subscribers, practical cabinet makers and Bedstead manufacturers of the city of Pittsburgh and Allegheny, Pa., do hereby certify that we have examined the right to manufacture bedsteads with Gazzam's "Attachments," and consider the same superior to any fastenings with which we are acquainted.

CIRCULAR.

WASHINGTON, D. C., Dec. 6th, 1847.

Oscar D. Thompson, Esq., Pittsburgh,

SIR: I have read your advertisement in one of the Pittsburgh papers, and think it a good thing. I find many persons complaining that Doctors Bar chaise, and I intend to inform myself: I will take the liberty to inform you that my business in Congress will prevent my attending to private practice, and is not common property, and is a profession that requires a good deal of study, and is not known to every person who does not know me, or suppose it at all. I am not capable of composing my own business read; or that I am capable of publishing anything like a card of another to my own ear. I am, therefore, under the necessity of noticing and exposing your plagiarism in this manner.
