Mr. Webster's Speech

columns to the masterly speech of Mr. Webster-A great deal has been said upon the Mexican war sothing so much in accordance will

Mitorial Correspondences of the Pittaburgh Gazente. Mite WEBSTER'S SPEECOH. Washington, March 25, 1948. Mr. Webster's prest speech in the Sonate is the general admiration. I omitted to me nower, where this distinguished commander we a man who had shown skill in preparation, brav ry in action, endurance amilia proparation, brav above all, and most of all for his commendation. He who had warred against the enemy, warre mainst the climats, warred against a thousand un comstances, upon trial at Puebla t some of them in office, and some them out of offices - upon trial too, among his ene-mies, notwithstanding be had conferred great re, nown upon the Army and infinite honor apon his

papieol of the enemy, honorably, proudly, and hu-manaly. Mr. Webster said much more, but I have one thought of his, though I have not been able to give utterance to it in the strong and appropriate language, of which more than all living ms to be the master. The cam paign of Gen. Scott he characterized as unequal no m state ed in the history of war,-the most brilliant cam-object paigns, he added, in military annals, and so, in sub a as I wrote you a few dera since, the great of Wellington declared it to be. And yet to story shame of the Executive, and the Ad. Dake of the lasting a ministration, be it spoken, Genural Scott is deposed and putupon trial by the Rulers of a country upon which his name and services have abed such child

Bince writing the above, the official reporter the Sanate, Dr. Houtson, and a most accomplished stenographer he is, has give mo the following re-marks of Mr. Webster, spectronsp. I send some of sting extracts. The speech here com most intersating extracts. This speech here com-mands more attention than perhaps any since the the great argument between Webster and Hayne'. The speech was delivered too, under great disad-vantagen. "He roos in his place, indeed not many rannants sheet moviering a telegraphic despatch from a friend, informing him that his ouly daughter was suck indexts. He had been long ift too "dying," as he told me the ovening before, "for mant of exercise and from over work "---and me want of exercise, and from over work."-and n doubt from the beart-sickness incident to the loss his gallant son in Mexico. In view of the

tion of the country too, mingled with his own pri-vate griefs, he might will any : The whole head is nick and the whole heart faint. But to the speech : THE TREATT, &C.

2.

Sir, the scenes through which we have passed and are passing here, are various. For a fornight the world supposes us to have been occupied with the residention of a trusty of pence, and that within "The world shat out."

noise of peace-hopes of peace-may, strong asau random of peace, have been uttered to console is, and to cheer us. It has been over and over again stated, that we have satisfied a treaty-of course a a treaty of peace and as the country has been led a treaty of peace; and as the country has been sea to suppose, not of uncertain, and empty; and delay here, peace, bot real, gratifying; and, enduring, peace, -s peace that shall samach the wounds of war, peyond the farther siliciton; and blood, cat of these enormous expenses, and return our friends; and our brothers, and our children; if they be yet living to from a land, of singhter and a land of still more dismal destruction of slimate homes and hearts. Hardly have those sounds ocased upon our car, until in resum the session, we are stimminged to fresh war easion, we site stimulined to fresh warlise ope-name-to the creation of a new army of thir housand means for the further prosecution is full length-tern regionate on an experiment of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the second start of the stargenergy of the stargenergy of the start of the stargenergy of the stargenergy of the stargenergy of the start of the stargenergy of the stargenergy of the stargenergy of the start of the start of the stargenergy of the stargenergy of the start of the start of the stargenergy of the stargenergy of the start of the start of the stargenergy of the start of the start of the start of the stargenergy of the start of t

an Britanes. Whatever is new, is st-o such minds. They sell the spirit of a and that is, I take it, to be pretty toiers-m with his condition till somebody passes y line flace we have co n. We know in our c lind! We use it as an is - M. a . acre (m of Marileo in the acquisition by so if sore thring yf b form new States and States to be added to the Union. Every institution in the states the large is a strong denue is the hear of the Mari et al. Calleon M. retain the territorie belonging it that republic. We know that the Marican per the put with their territories belonging. passing At least as any this great and say observer of human managers. Chateaubriand, he travelde in this country in 1797. But, sir, that I do not find anywhere, hor that the Defines we know that whatever the government which is our creater, may do a sprete to-way know that the Marican pepple will never accede to the terms of this traity, but itrough an in-pulse of absolute necessary, and the inpression thad, upon them by absolute irresisting before. Thirdere we propose to relate infinite the sorter head of the region with another army. We propose to relate infinite the regionary of regions troops and the regionary is the regionary of regions proops. posed to be the

was use occs said here, through the south-west to a very great extent, the same sentiment is grea-rent—that there is no prevalent opinion in favor if new territory and such territory, or of an aug-izentation of your population and by souch popula-ion. I need not say that that is, if not the undivi-led the prevalent the preponderating sen we think we must take of peace we must take

I unserve that there all, the war wind the serve is a sub-sub-gamma in the server that there can be no more it in the server that there can be no more it is that the people of this country will not suitain if as war. They will not so to be acpease. They i will not find any gratification in putting the bayo-ist to the threat of the Maxican people. For my and I hope the ten regiment bill will never become and I hope the ten regiment bill will never become But we think we must take territory ! sake of peace we must take territory ! will of the President | If we do not ! may fare worse ! Mr. Polk will tak hope the ten regiment bill. Three weeks ago I shoul I like 'A area we'rs ago'i aboun nave enterane hat boge with utmost confidence. Events aince have struck me with pain and shaken ny convi uto'n. Skil hope it will not past. And here; dare ssy, I shall be called a "Metkion. Whig" man who can stand up bere and asy that be hope that what the administration projects or the furth as what the administration projects or the further recention of the war against Mexico will not be arried into effect, is "an "energy to the country," that genutemen would consider the same thing, a suremy of the President of the United States and is administration, and his party. He is a "Mexi-an". Sin, I think very bidly of the Mexican char-cter, high and lowy out and out." But same do on terrify me. Beader, if I am a uniter in this ensert. Norry, sir, tey terpect for the firmness of an in tain more respect for the firmness of an in tain for over firmness. He will stand said, sgainst us.—Do we fear to stand ou him? For one, Id on at. It appears to m lawish doctring. For one, I and willing to alayish doctring. alavish doctrine. For one, I am willingto m isue; and togo to the people, over all this land. If we will take peace without new and the administration will have no peace w new States, I am willing to stand upon the trust the people. I do that because in the place I think it is right; and in the next have no discuss of the people. I am not ling to put that to their sovereign decision i biration. on to be in o not know a greate

Mr Cass. I aho ould like the h a mable gentleman a explain augher.] Mr. Webs er .- That is exactly the thing I now propose to do! Mr. Cass -- I shall be glad to hear the explana-

Mr. Cess--- is and to give to user the sequence, tion. "Mr. Webster.-- In his remarks on this bill in the Secate, the other day, the honorable genuleman taid us that his object was to frighten Mexico--it would touch his humanity to hurt her.-- (renewed Langhter.) Mr. Cess--- Does the honorable genuleman mean to say that I made such a remark? "Mr. Webster.-- I mean to say that the genuleman aid it twice.

Mr. Casa.-I ber the gentleman's pardon. I sai mo such thing. Will the gentleman allow me i no such thing. Will the gentleman allow n state what I did say! I remarked that we ha objects to accomplan in raising these regin one was the vigorous prosecution of the war secondly, to produce a moral effect upon M

Une way, us vigorods projection of the wars and is secondly, to produce a moral effect upon. Mexico of 'y convincing her of our determination, and here-jby hold and an inducement to her to make peace. The Webster. The genileman said that his prin-charl distribution of the second second second Mr. Casa, (in his search. True. Mr. Webster.—It is true! [Laughter.] Very well, I thought as much. Now the remarkable of characteristic of his speech which makes is so much a Maximum speech is, hat the genilemas spoke it is heard by Maxico, as well as in the hearing of the Senate. We have been accused, sin of be-f lag "Mexicona Willigs", because what we, asy here is heard by Maxico, and Mexico. derives counte-nance and aupport from what is said here. Bot the buonshowmers for hand the Mexicon Mexico and support from what is said here. Bot that the horn the support had what has all left. Jo the horn who member comes for h and the Mexic that his object is to frighten her! His words hav passed along the wires-they aron at he gulf-the are floating aray to Vera Cruz, and when they go there, they will satiof the Mexicans that after a -after all, "y a good Mexicans our principal object is to frighten stor" And to the end that hery ma-nol be frightened too much, he gives them notic that his object as to frighten them! A set

All that is wanted is meh; and there is a place of the men, and I suppose that no gentleman ran tand up here or size where and any, that the recruit ing service ran go on faster than it will be necessary to go on in order to fill up, these deficiencies in the regiments abrond. But ant with a gre
