Auntia is in a most deplorable state. So much are her perplo http:// that to be an Austrian is euro pessport to abuse. As an instance of the Parsy Ersann, who had been almost adored is linker, appared a short time since at the bears or La Scale at Milan, and when the appeared, ever a Scale at Milan, and when the appeared, ever

Farr Existen, who had been almost adored in listy, appeared a short time since at the theatro of La Scala at Milan, and Whey it he systered, every one rose and left the house. 'If Hungary an Austran officer protects contently. The label distance where and the theatras of Inly within a faw days every. Austran officer present was tumbled headlong from the house into the pit. This occurs in the pitch and out when a million were as up has Mine. Our in a since a sub head me. Our in a "Scalan dance." The Austrain government does into the pitch in a "Scalan dance." The Austrain government does in the point in a scalar does in the pools the hitsed and dogita in which it is bell, but it is tooland pool as quite critish how that the only hope of securing the crown for the imperial family contains granting a free consult." For a start entertonet the the too the Empire.

Fars are entertained that liohemia will not main Iranquil. A month ago Prince Metterni wished to remove troops out of that kingdon, employ them is other; diturbed parts of the E pire, but the Governor of Prague acclarge I her cou me more tranquil, but a n

The people demanded the i of the Chambers, the liberty The people demanded the immediate of the Chambers, the liberty of the pr judicial trials should be public, that an form should be granned, and that the

will not aris under the and election may choose a antional debt from

who will at once remove the national debt from the houlders of the people, by the very simple opera-ion of reportiniting it. The constant theme on the floor of the English The contain the me of the hoor of it Stock Exchange is that this condition of Paris "cannot hat," either that the Provi verbment must give way, or that the max must be embodied into an army, and a where, to do something. Notwithstan-their selfgeforification may do, it is evide Parisiana have not a strong opinion of rability or class the Exercised Notwithstand do, it is eviden ability, or else the Frenci normous depreciation which they do much, is feared from the total wan ris. It is not likely the Parisians wi

very much, is faced if our bank high db judget in Farm. It is not likely the Pariasas will be col-tend with anything, as tong as the shop tills are not repleniabed. For generations the inbatilants of that city have supplied the world with every va-riety of ornamental-jand luxarions is statistic with the art and takes of the workness could device. That city librally depended on those attractions for drawing to it the weakly we nourseer of all nations. Trades, otherwise than for supplying their wants-it had none: commerce was unknown to it. Un-juke the Thames, the Scine was unknown to it. Un-juke the Thames, the Scine was unknown to it. Un-üke the city: the only use of its witters was for the service of the laundressee; Paris was truly he city of pleasure; but pleasure is no pleasure taken up, but no action was had. for the service of the isundresser; Paris was truth the city of pleasure; but pleasure is no pleasur without security, real or fancied. A sword au pended by a baic over the head of the feasier d storged the enjoyment of the banque; the very pa ics upon whom the Parisians most depended wer exactly those best shore locate. Paris, they deriv their is none when between the locate Paris, they deriv lies upon whom the Parisians most depended were exactly those best able to leave Paris, they derive their incomes from other countries; the charm of Paris to them was ackly in its anjownet; and any other spot where they could congregate would ac-swer equally well. They have flow uoif in a body, like a flock of birds, with the first abot of the gun The best curjomers of the Parisians having dresp-peared, the question, prisents itself how will the-abopkeepers acti will they remain contented! On a former occasion, the shoe black exclaimed "Hrer's a pretix percolution, indeel! It leaves mo-cleaning shoes as it found me." Now the cry will be, "Here's a revolution it drives away all those who had shoes to black and heaves only, those who cannot afford to have tene blacked. Of all the stunding blocks in the way of the provisional govyrnment, the grafitest is that of the want of trade. Madama do Lamarine may pa-tronize a beliat the Jacin d'Liver, but it will not resussitist the dronging hopes of the shopkeepers of the Palai Royake. Her husband may stab-stitutes for, the repid circulation arising from a heality state of busines, from legitimate supply and demand.
