MEDICAL.

DR. TOWNSEND'S

SARSAPARILLA.

Most extraordinary Medicine in the World.

The extract is put up in Quart bottles: it is not taxes champ-ers, &c., and is warranted superior to any sold. It cures thoroughly without vomiting, purging, sickness or debilitating the system.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicines is, while it Eradicates Disease it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known, it not only purifies the whole system and strengthens the person, but it *Creates New, Pure and Rich Blood*, a power possessed by no other Medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 25,000 cures of Sores, Cases of Disease; at least 5,000 of these were considered incurable. More than

2,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
1,000 cases of Debility and Want of Energy;
7,000 cases of different Female Complaints;
2,000 cases of Scrofula;
1,000 cases of the Liver Complaint;
2,500 cases of Disease of the Kidney and Dropsy,
3,000 cases of Consumption.

And Thousands of cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of Sick Headache, Pain in the Side and Chest, Nervousness, &c., &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, bearing the most unquestionable certificates. The *cures of wife*, should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this critical period. This period need be delayed for several years by using this medicine. For as it has valuable to those who are approaching womanhood, as it is calculated to assist nature in purifying the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

It frees the whole system, renews permanently the natural energies, by removing the impurities of the body—and thereby establishing the principle of health and regularization, which is the case of most medicines taken for female weakness and disease.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, pimples, or sallowness, or sore eyes, or pain in your back, a bottle or two of Dr Townsend's Sarsaparilla, it will cleanse your blood, remove the freckles and blotches, and give you immediately a healthy appearance, and beautiful complexion—all of which are of immense value to young ladies.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastic juice or saliva in decomposing the food and preparing the organs of digestion, as this preparation of Sarsaparilla.

BANK DEPARTMENT, Albany, May 10, 1845.

Dr. Townsend:—I have been afflicted for several years with dyspepsia in its worst forms, attended with sour rose of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks I could not eat, I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in relieving the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence, but after using nearly two bottles I found my appetite restored, and the heartburn entirely removed, and I would earnestly recommend the use of it to those who have been afflicted as I have been. Yours, &c., W. W. VAN ZANDT.

Nov 23, 1846. SLEEPLESS.

ALMOST A MIRACLE.

Read the following, and if you can doubt, that consumption cannot be cured: "This is only one of the several hundred cases that Townsend's Sarsaparilla has cured:

Dr. Townsend:—I was taken with a severe cold, a little over a year ago, with a severe cough and pain in my side. It increased on me very fast, indeed. was pronounced by physicians to have the quick consumption. I tried large quantities of bad matter, bad night sweats, and sinking very fast: my doctor said he could do nothing for me. I went into the hospital in hope of being benefited, but was pronounced there as incurable. I was now greatly distressed at the lungs and could hardly breathe; I soon became emaciated, and expected to die every moment. I was so weak that I was confined to have watchers indeed I cannot give you my description that would do justice to my case. I was supposed by my friends to be near my end. I had tried a great number of remedies, and all seemed to be to no purpose. I read of some most extraordinary cures performed by your medicine, and to tell you the truth, I reluctantly gave it a trial, merely hoping in them. But I was induced to try it; I did so; and am very thankful I did." I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. My cough had pain in the side, and night sweats have left me, and raised very little, and am fast gaining my usual health. I felt it a duty to give you a statement of my case, to publish if you please.

PETER BROWN, 67 Little st, Brooklyn.

Opinions of Physicians.

Dr Townshend is almost daily receiving orders from physicians in different parts of the country.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed *Dr. Townsend's Sarsaparilla*, and believe it to be one of the most valuable preparations of Sarsaparilla in the market.

Albany, April 1, 1845.

This is to certify that we, the undersigned, practicing Physicians of the City of Albany, have frequently prescribed *Townsend's Sarsaparilla*, Extract of Sarsaparilla, and from its known qualities, would recommend it as a public for mercurial, scrofulous, or other diseases in which it is applicable. In many of the inherited complaints it is the best remedy we know of.

Dr. Townsend:—I have, 120 Fulton st, 8m Building, N. Y; Red, dwg & Co State st Boston; Dr Dyott & Sons, 120 North Second st, Philadelphia; and by druggists, Baltimore, and by principal druggists generally throughout the United States, West Indies and the Canada.

Each bottle is put up in the large square bottles, which contain a quart and signed with the written signatures of S P TOWNSEND, and his name blown on the Glass.

From the New York Daily Express of April 9, 1847.

A pretty thing appeared in the streets yesterday. It was the advertising cab, or Sarsaparilla Express of Dr Townsend. The whole thing is got up in good taste, and some of the ornamental landscape paintings are beautiful, which, together with the scroll work, is gold, glittering in the sun, made a show surely calculated to attract. We take this opportunity to say we believe this extract of the Sarsaparilla deserves the very great popularity it has acquired.

From the New York Weekly Patriot.

New York, March 27, 1847

Dr. Townsend:—I have been afflicted with sore eyes for 5 years, with a dreadful pain in the chest, pain in the head, loss of appetite, pain in the limbs, and general debility, brought on so much by the continued use of calomel as to make it impossible to walk. I have taken your Sarsaparilla, and am happy to say it has done me more good than any medicine, too numerous to mention, but with little or no success. I was induced by what I saw in the paper to try Sarsaparilla, and am pleased to say that I found great relief. I have since taken several more bottles, and I can unhesitatingly say it is the best medicine I have ever taken—the pain in my chest is gone, and I feel quite a different man altogether since I have taken your Sarsaparilla. I have now a better appetite than ever I had. My wife has taken it with the same beneficial results. I would recommend it as a family medicine generally, and I feel convinced that if so used there would not be half the sickness there is, and consequently not so many Doctor's bills; for while it restores appetite, it also gives to the stomach and bowels their regular tone; it keeps the blood in a healthy state, so that disease is not unlikely to attack the system. And to all those who are not in a healthy state, I say *try Dr Townsend's Sarsaparilla*.

MEDICAL & SURGICAL OFFICE.

DR. RAYMOND ALLEN, a few doors below Wood street, to-market.

DRS. BROWN, having been regularly educated to the medical profession, and been for some time engaged in the practice of physic, confines his attention to the treatment of those private and delicate complaints to which females are peculiarly subject, and experience peculiarly qualifies them for the treatment of those complaints. Their 14 years assiduously devoted to study & treatment of those complaints, and the time he has had more practice and less cared more patients than can ever fall to the lot of any private practitioner simply qualifies him to treat complaints of this description speedily, permanent, and satisfactory cure to all afflicted with delicate diseases, and all diseases arising there from.

Dr. Brown would inform those afflicted with private diseases which have become chronic by time or aggravated by the use of any of the common nostrums of the day, that their complaints can be radically and thoroughly cured; he having given his careful attention to the treatment of those complaints, and succeeded in hundreds of instances in curing persons of inflammation of the neck of the bladder, and kindred diseases which often result from those cases where others have consigned them to hopeless despair. He particularly invites such as have been long and unsuccessfully treated by others to consult him, he has cured many cases given them, and their cases treated in a careful, thorough and intelligent manner, pointed out by a long experience, and by unremitting attention, he hopes to merit and receive a liberal share of public patronage.

J. MORRIS & Co's, BLACK WRITING INK, for stock or quill pens, and the copying press. This ink is the result of the experiments of several years, directed to the attainment of the best article, by an article suited; to all the purposes of the consumer. The perfection of this writing ink consists in the following properties: Durability, which property it will be found to surpass all previous preparations. It will flow with perfect freedom either from quill or steel pens, and is entirely free from any corrosive qualities. Color—The color of this article is a rich, beautiful jet black. It is necessary, however, to give consumers the following:

IF All good black ink. from its necessary chemical constitution, requires exposure to the air to produce the deep color. It therefore, may be expected, that the moment the bottle is opened; the ink will be found to be a jet black; but after a few minutes, and when the vapor exposure to the chemical action of the atmosphere either on paper or in the inkstand, it will assume a brilliant black color.

Consistency.—The color is unalterable by the lapse of time. It will never fade. On this account, all important records should be written in this article, as years only deepen and strengthen its tint.

N B. This ink is suitable for all kinds of metallic pens, and flows freely from them, and will not rust and very desirable with many, will give a perfect impression by the copying press.

IF In the institutions with which we are connected, *Morris'* blue black writing ink, and in respect to fluidity, brilliancy of color and permanency, believe it to be unsurpassed. Their testimonials we believe to be as good as any offered in the market, and may be returned if not satisfactory.

RELIANCE PORTABLE BOAT LINE.

1848.

FOR TRANSPORTATION OF MERCHANDIZE BETWEEN PITTSBURGH AND PHILADELPHIA.

THE Proprietors of this old established and first class Portable Boat Line, having removed their depot in Philadelphia, to a much larger Warehouse on Market st., than they formerly occupied, and also increased their room for storage at Pittsburgh, are now prepared to offer much greater facilities to their friends and patrons.

Goods carried by this line are not transhipped between Pittsburgh and Philadelphia, being carried entirely in Portable Section Boats. To shippers of flour this line offers great inducements, as their goods are not liable to get out of order.
