UNITED STATES OFFICER.

CAPT. G. W. MCCLEAN, of the UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. Mark well his own story.

HANWAY, Jan. 25, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the use of Sarsaparilla. I continued taking it, and find that I experience every day. I believe it saved my life, and would not be without it under any consideration.

G. W. MCCLEAN, late U. S. N.

SCHOOLMASTERS' ORDER.

"This specific is considered by many that this Sarsaparilla has a perfect control over the most obstinate disease of the blood. Three persons cured in one house is unprecedented."

Dr. TOWNSEND—Dear Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with sour stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food; and for weeks (what I could eat) I have been unable to retain but a small portion. I tried the usual remedies, but they had not much effect. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was in fact about two months confined to my bed. Your Extract of Sarsaparilla was recommended to me, and I commenced taking it with little confidence, but after using nearly two bottles, I found my appetite restored, and the distressing sensations entirely removed, and am thankful for the benefit derived from it. To those who have been afflicted as I have been, after using a few bottles of this invaluable medicine, you will feel yourself amply repaid.

Yours, &c.,
W. W. VAN ZANDT.

ALMOST A MIRACLE.

Read the following, and doubt if you can, that consumption can cannot be cured. This is one of the several hundred cases that Townsend's Sarsaparilla has cured:

Dr Townsend—Dear *Sir*. I was taken, a little over a year ago, with a severe cough and pain in my side. It finally increased on me so much that I was induced to call in physicians to have the quick consumption. I raised large quantities of both matter, and blood, and night sweats, and sinking very fast indeed and he could do nothing for me. I went into the hospital in hope of being benefitted, but was pronounced there an incurable case. I was not able to walk, and was very grateful for one kind friend who would hardly breathe if I soon became emaciated, and expected to die; was confined to my bed, and was subject to have my throat swabbed with caustic, which is a very severe operation. I was supposed by my friends to be past recovery; I had tried a great number of remedies, and was then prevailed upon to try your Extract of Sarsaparilla. I read of some most extraordinary cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them. But as I was past all hope, I thought I would give it a trial. I did. I cannot say that I was entirely well, but am so far recovered as to be about my business, and hope to be entirely restored to health. I owe my life to your medicine, and am willing grateful for the same. All it needs is a trial—its success is sure. For night sweats have left me, and rain has very little, and am fast gaining my usual strength. I felt it a duty to give you a statement of my case, to publish if you please.

Nervous Debility.

New York, March 27, 1847.

Dr Tn. Townsend:—I have been afflicted more or less for 2 years, with a dreadful sinking in the stomach, pain in the back, head, and limbs, pain in the arms, and general debility, brought on no doubt by the confined heat and cold to which I am subject to in my business as a dyer. I have taken other medicines, but I met with little or no success. I was induced by what I saw in the paper to try a bottle of your Sarsaparilla, from which I found great relief. I have now taken 3 bottles, and I can unhesitatingly say your medicine is the best medicine I have ever taken—the pain is gone in the back, and I feel quite a different man altogether. I am now using the 4th bottle, and never knew a better appetite than I have had. My wife has taken it with the same success. I would recommend it to my family and friends.

Yours truly,
JOHN DEY, 127 Division st.

Dr. Townsend:—Dear sir—I feel that I owe it to you and to myself to say that the sickness there is, and consequently see so many half the sickness there is, and consequently see so many bottles of bills, for while it restores appetite, I also prove to be a healthy state, so that disease is not so likely to attack the system. And to all those who are not in a healthy state, I say try Dr Townsend's Sarsaparilla.
