DEAR SIG—Since the admission of Texas into the Union was constummated, I have thought with you, that thy vote on that occasion required explanation. I was in favor of receiving that State into Union as soon as it could be done on fair and just terms, with the consent of Mexico; and I believed, from all I could learn, that this might be accomplished at less expense than it would cost to wage a war of one year's duration for obtaining it. So disposed, I had not conty voted against Mr. Tyler's OF LOUDIANA.

In reply to your inquiries, thave to inform you that I have no land on the Rio Grande, nor have 1 sent \$10,000 or any other sun to the Pastrict of Colombia to purchase sloves; and I trust that if I had such a sum in my possession, I could put it to a better use than buying lands on the Rio Grande, or slaves in Washington. He spoke of General Taylor's friends in Mississippi and Louisiana, as heing for the greater part confined to the sugar planters, who are Whigs and sound tariff men, while the only opposition he will meet with in these States, will be from the cotton planters, who are Locolocos and tree traders.
