respondent of the North American, has the follow-ing observations, which we commend to every dinking. Whig: The leadersof the "Free Soil" movement do not expect to accountiable anything at the approaching before in-oncive to to carry a single state. The residential carry a single state. The residential carves, and look to the form in the Presidential carves, and look to the form they looge to have the control. This motive should induce every Wig--if any such there bo--who sympphizes with the professed object of the or-self with the antitions designs of men, who, with the Abolitonists, are wholly responsible for the textension of law power, and of skave representa-in. The Whig who surtains the Free Soil idekt, can adjust appreciate in a carve for the before the identifies him-there fore and a work and a strate expension. The whig who surtains the Free Soil idekt, can adjust appreciate in a source of the carve for the beatter took the solution of laws power, and of skave representa-ing the severe in the grain market during the grain wather discolve the carve for the beatter took the solution of states and a work and adjust appreciated here. The Sierra Madro scheme in an day dream. It is while of the computions of the cases and for meet the descion of Gen. Cass as a many of these which have the form and now interested in its accounts of the grain market during the set has been experienced even to the opinion that they will for the grain are tooker of the last strates the refore more undervalle, and is the protocol. The set has been experienced even for the beatter took have been found appreciated here. The Sierra Madro scheme in and awate estimate appreciation deres. The section of Gen. Cass as a many of these strong inghts before us, canno of Gen. Tayly.
