From all which we infer that the prospect of the Baltimore and Ohio Railroad reaching the Ohio River in any early period, is exceedingly faint. Hos. John Fratt is spoken of as Mr. M'Lone's successor. The Baltimore Sun states that a report has been received from the surveying party Mesars. Latrobe, Knight, and Child, upon the pro

jected line to Wheeling, recommending a route considered good and practicable, the grade of which will exceed but a fraction 79 feet per mile. Seventy nine feet to the mile we should conside a pretty steep grade. It is not said how man tunnels and deep cuttings, and how many shot curves will be necessary to gain even this grade. We now predict that the cars will be running

lphia to Cincinnati, through Pittsburgh from Phile long before the Beltimore road reaches Wheeling.

GER. TAYLOR'S second Allison Letter, which we give in full today, is greeted with hearty satisfac tion by the Whig press of the country. Its explicitness and manly tone have put to silence any disposed to cavil concerning his Whigism, or to find fault with his position. It troubles Father Ratchie, of the Union, however, no little. The old man is horrified at what he calls "Gen. Taylor's full and unqualified approbation of the confessed Abolionist, MILLARD FILLMORE, as worthy of the Presidency." The Union says this is a betrayal of the rights and interests of the South, and that-"after the expression of such an opinion, it is a shame to the South if Gen. Taylor receives a single Sou era electoral vote" Never did the editor of the Union display a more pitiful, narrow, mean, and cted spirit. How noble, and enlarged, and liberal, does Gen. Taylor appear beside such a sec-tional and pont up soul as Mr. Ritchie's' Every thern man will scorn such sentienlightened Sou

MAINE ELECTION-AUSPICIOU'S. Bosrow, Thursday, Sept. 11. There is so choice for Governor. Dasa, Loco, has in 159 towns a plurality of 1.153, showing a loss of 4,000 from last year when he was elected by 1.500 over all. The Free Soil gein so far upon the Liberty vote of last year is 3,000. Congretz-Goodenow, Whig, is almost certain-ily elected in the Lincoln District-a Whig gain. He is 1,500 ahead so far as heard, which the Ox ford towns to come in cannet overcome. Gerry, Loco, is unexpectedly hard pressed in the 1st, Vork. District, but is thought to be elected. Oth, Wing, has a very large ungority in the IIId, Kenntbec. Die trict-mo change. George Downes, Whig is run-ning well up to Faller, Loco. YIth and the result is considered doubtfd. The IIId, Yth and Vith have elected the Loco-Foco candidates, as sirgady reported. P. S.-Not a shadow of doubt of Goodenow's election, and it is even probable that Weshwirn. Whig, has beaten Szteron in the Penobacci. Dis-trict. He has gained 650 on the vote of 1546 in saventeen towns, and has but 500 more to gain in fifty to elect him. trict. He has gain seventeen towns, fifty to elect him.

VERMORT .- The Boston Atlas has returns from

184 towns, leaving 58 small towns to be heard from, or about one-eigth of the State. Chittenden Caledonia, and La Moille Counties only are com. plete. The Whigs gain a Senator in Grand Isle, and the Van Baren party one in La Moille, both

from the Cass men, who have but 7 to 22 Whigs, counting Caledonia as electing two Cass Senators which we doubt. The House stands 109 Whige 58 Van Buren, 36 Cass, with 20 towns to come in, which last year chose 7 Whigs to 3 Loco Focos.

The New York Evening Post makes merry or the "heroism" of some of the endidates of the ri-val wing of the party. There is bitterness cacuage th Locofocoism when its elements become disjoint
