The Extract of Straparills has been appressly prepared in reference to female complaints. No female who has reason to suppose she is appreaching that critical period, "The Exra of lift," should suffer in take it, as it is a certain preventive for any of the numerous and harrible diseases to which families are subject at this time of lift. This period may be delayed for several years by using this medicine. Nor it less valuable for those who are approaching womanhood, as it is calculated to saxist sature, by quickening the blood and integrating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject. It braces, the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent reharmion, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.
