Satisfactory information from all parts of the Union leaves us no room to doubt that General ZAGHARY TAYLOR, the hero of Okee Choke, Palo Alto, Reacac de la Palma, Monterey and Buena Vista, is the Sroatzakous Favoatrus of the toiling millions of America, for the office of President of these United Scates: and it is a just cause of congratulation that the PEOPLE, they who pay out taxes, fight our battles, and make our Presidents by their votes, have taken the matter of the selection of a candidate INTO THEIR OWN HANDS, and are, called but resolutely moving forward in the exercise of one of their dearest rights, guaranteed to them by the blood of their revolutionary, fathers. This right should suver EED ELEOATEL AWAY or entrusted to the management of others, except when necessary to produce a concentrated action in sustaining great safe exsential principles by the selection of one among a number of talented and equally patriotic and worthy men, presented and urgod from different sections of our common country, as an appropriate standard bearer—thus avoiding division and consequent defeat.
