DR SWAYNE'S

Compound Syrup of Wild Cherry!

This mediane is no longer among those of doubtful utility. It has passed away from the thousands daily learned upon the tild of experiment, and now standhigher m reputation, and is becoming more extensively sadd than any other programly through the like and the same and force, and there are few towns of mind a same and force, and there are few towns of importance but what contain some remarkable evidence of it good effects. For proof of the forcepoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the mary thousand testimonials which have been presented to him by man of the fart respectability and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising axcellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the sootting influence diffused through the whole frame by its use, renders it a most agreeable remedy for the affiliate from conscientions unmakes.

There is but one genuina repearation of Wild Cherry, and that which has been said largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is anveloped within Petan thereon; also, Br. Swayne's said as further security, the portrait of Petan thereon; also, Br. Swayne's and as further security, the portrait of Petan thereon; also, Br. Swayne's and as further security, the portrait of the Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great cursaive properties and known virtues of Dr. Swayne's Compound Syrep of Wild Cherry, persons would not be endeavoring to give curreacy to their fletitious nextrams' by stealing the name of Wild Cherry. Remeand be not deceived.

REMARKABLE CURE OF SCROFULA.

Senthert, Com., Jenney I., 1548.

Messrs. Sarbs:—Gentlemen—Sympathy for the afficient induces me to inform you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely affected with the Scrofula on different parts of the body; the giants of the neck were greatly enlarged, and her timbs much swollen. After suffering over a year, and finding no reisel from the remailes used, the disease statched one leg, and solw the times repupurated. Her physician advised it should be laid topen, which was bollow the times repupurated. Her physician advised it should be laid topen, which was induced to use it any permanent benefit. In this tituation we heard of, and were induced to use it any permanent benefit. In this ituation we heard of, and were she called the control of the contr

a severe acrofulous affection, &c. with the most beneficial effect resulting from to use. It gives me very great pleasure to record my testimony in behalf of its virtue and efficacy, hoping that others may be induced to make a trial of it.
