To his Excellency, Gov. Suora, Harrisburgh Penn. CREAP Postace FOREVER - The Meanship Euro-pa, Capt. Lott, which sailed for Halifax and Liver-pool yesterday, took out about thirg-nr thousand letters for various points in Europe. The largest number heretofore forwarded by any one ship has not, we understand, exceeded thirfeen thousand. The astofishing increase is doubtless to be attri-buted mainly to the reduction in the rates of Post-age brought about by the late Convention with Great Britum. Does not this fact, foggether with distance of similar import which may be addaced from the practical operation of the Penny System of Englade, plead for Cheap Postage fars, in tones amficiently distinct to be heard even by an Amer-ican Congress !-- Nr.
