[II Use the Feorem Means.—If you wish to be successful in any undertaking, you must always use the croper means. Therefore, if you have a cough, use Jayne's Experience, and be eared, for it is the proper means. Have you astima or difficulty of breathing, then the only efficient means to care you is to use Jayne's Expectorant, which will immediately overcome the sparm which contracts the diameter of the tubes, and loosens and brings up the mucus which clogs them up, and than removes every obstruction to a free respiration, while at the same time all inflammation is subdeed; and a carrs is certain to be effected. Have you Primonary: Affection, then use Jayne's Expectorant and relief is certain, and you will find that you have used the property of the printing of the Fettin Tea Store, 73 the street mean Wood.
