says:

"The river in front of our office is at present primming with the bank, and it is still rising with unprecedented repidity for this month."

The Concordia Intelligencer of the 27th, says:

"High and threatening as the Mississippi river how is here, we fear that we shall have it some feet higher before it recedes. Already it is over running this banks at some points near the northern line of this State—at other points a slight increase of water will cause great damage, and nowhere can we stand so heavy a rise as we are threatened with."

The Lake Providence (La.) Republican says:

"Our town just about this time, is in an awful condition. From the lower end as high up as Railroad street, it is covered with water to the depth of about two feet. The river commenced rising her's again on last Tuesday, caused by the Arkanna. Our whole country will inevitably by assertformed.
