ARRIVAL OF THE STEAM SHIP EUROPA!

Two Weeks Later News from Europe.

Telegraphed Exclusively for the Pittsburgh Gazette.

St. Johns, N B., April 18.

The Steamer Europa, Capt. Lott, with two weeks later news from all parts of Europe, arrived at Halifax, at 10½ yesterday, A. M. The only express left at 11 o'clock, and though the roads are still very heavy, it made a splendid run to Orgil's Gut, 145 miles, in 9½ hours and 5 minutes.

She brought eleven passengers for Halifax, and forty-three for New York.

The America arrived in Liverpool on the morning of the 3d, after a rapid run from Boston of nine and a half days.

The Washington, from New York, arrived at Southampton on the 5th inst., and proceeded to Bremen the following day. Under the influence of more favorable advices from India, and the existing lull in the excitement of continental politics, trade in nearly every department is beginning to assume a more cheerful aspect. There is still an uneasy feeling respecting the threatening hostilities in the north of Europe, but since the abrupt and decisive termination of the conflict between Sardinia and Austria, the complete prostration and abdication of Charles Albert, one of the most serious obstacles to a satisfactory adjustment of continental difficulties seems to have been overcome and, could the Danish quarrel be disposed of, which, unfortunately, there is no present prospect of, nothing material would stand in the way of permanent prosperity.

The English funds are again in the advance, and consols have risen one-eighth per cent. during the last two weeks, having fluctuated from 93¾ on the 2d. to 92 and 92½ on the 5th, at which they closed for money, and we have the latest London and Liverpool papers, but do not observe the least allusion to American stocks.

Money, though still abundant, has slightly increased in value. The lowest bank rate is still 3 per cent, but with private banks the best bills are done at 2½ per cent.

The Bank of England returns show that the bullion in the vaults is about £153,000,000, so that any drain which may arise from the United States, in connection with the present inequality of the exchanges, will be met without the least difficulty, and fears of renewing the scenes of 1847.

The weekly accounts of the Bank of France show a progressive improvement of the trade of Paris. The French funds, since the total defeat of Charles Albert have been well maintained, and the last closing prices were 3 per cents, 56 50; 5 per cents, 89 50.

The importation of Breadstaffs into Great Britain continues on a gigantic scale, and the same may be said of all kinds of provisions.

No change can be noted in the grain trade although a rather firmer feeling was maintained during the last few days previous to the sailing of the Europa—there is an improved feeling.

(New York line broke beyond the look-out.)

PITTSBURGH BOARD OF TRADE

COMMITTEE FOR APRIL.

JAS. MARSHALL. T. S. CLARKE. JNO. SHIPTON

OFFICE, PITTSBURGH GAZETTE, }
Thursday Morning, April 19, 1849. }

A considerable quantity of rain fell on Tuesday night, but not sufficient, we fear, to raise our rivers higher than they are. The weather, while we were continues cold and unpleasant, and threatens another fall of either rain or snow, so that we may calculate on the probability of having a sufficiency of water for the largest class boats for some time to come.

A fair amount of business was transacted yesterday, notwithstanding the panic respecting the City and County Scrip. The action which the Councils have taken on the matter, will tend greatly to allay the excitement in this subject.

FLOUR—According to our anticipation expressed in yesterday's paper, we have to announce to day a further decline in this article. We note sales on the wharf of 650 bbls at $3.25@$3.31 the latter of which is the highest figure which we can ascertain to have been paid yesterday, either on the wharf or from wagon.

GROCERIES.—Business continues lively and brisk, with prices steady at former quotations. We continue to quote Sugar at 4¼ to 5¾ ₱ lb not fair to strictly prime Molasses 28 to 30¢ ₱ gallon as in quality and condition or barrels. Coffee 7¼ to 8¢ ₱ lb

PROVISIONS—We have no change to make on our quotations of yesterday. Bacon continues firm at not Hams 6c. Shoulders 4c and Sides 5c ₱ lb City cured hog round at 5c

LARD—In kegs at 5¾c in bbls, and 5¼ to 6c in kegs.

BEESWAX—Limited sales at 19@19½c

DRIED FRUIT—The market is well supplied with Apples, which we quote at 50c ₱ bu Peaches, in consequence of the late severe frosts, are held generally at $1.50, but we have no sales to report at this rate.

HIDES—We note a fair supply in market and a good demand for Muscovado hides, of which we quote sales at 9¼c ₱ lb—cash.

LEATHER—Sales of N Y side at 17@18c ₱ lb

SEEDS—Clover dull at $2.75@$3 ₱ bu. Timothy is in good demand at $2@$2.25 The market is fairly supplied with Flaxseed at $1.

POTATOES—The ruling figures for the best article in market, may be quoted at 75@87½c ₱ bu with a brisk demand

PIG METAL—The market continues but a small supply of this article We note sales of 200 tons No 1 Allegheny at $25—6 mos

M'LANE'S LIVER PILLS.—In offering this medicine to the public, the proprietors are well aware that they have to encounter a hostility generated by the countless impositions which have been palmed upon the public under the shape of patent medicines. We are convinced, however, that it is only necessary to give their remedy a trial to place it in public estimation far above all medical agents of the kind ever offered to the public. It is the invention of an enlightened, experienced and learned physician, who for many years used it in his own practice, when its great success induced him to offer it to the public at large. SELLERS' IMPERIAL COUGH SYRUP.

South Pittsburgh, Feb. 3, 1849.

My wife has been troubled with a violent cough for six or seven years; so bad was her cough that physicians in Ohio, where I formerly lived, told me she had the Consumption. After we removed to this city I obtained for her, time and again, different medicines, but they were of no kind of benefit to her. Some two months since, I purchased a bottle of your Cough Syrup, the use of which has done her more good than any medicine she has ever taken. I have also used Sellers' Vermifuge in my family with fine success

BERNARD M'GREATH.

This popular cough remedy is prepared and sold by R E SELLERS, 57 Wood st, and may be had of Druggists generally, in the two cities and vicinity mh21

☞ A gentleman of Pittsburgh, who had fallen into an open cellar after the "Great Fire," sprained his ankle so severely that he was unable to refrain from crying out with the pain. A friend who had been using B. A. Fahnestock & Co's Rubefacient and been cured of Rheumatism, gave him what remained in the bottle, and although his limb was greatly swollen, he was completely restored to health in twelve hours and free from pain. "ECONOMY IS WEALTH," and if Mr. Shields had not been governed by the above motto, he might have saved money and himself much physical suffering but read the following letter, dated April 16th, 1848:

Mr. Wm Shields, a respectable farmer of this vicinity, was taken ill; called in a Doctor who doctored him for Dyspepsia for one year, but he still got worse He then discharged his Doctor and paid him thirty dollars. He then got a vial of your Vermifuge, and one box of Sanative Pills, and by the use of these medicines (costing only 50 cents) he discharged, he says, at least one thousand worms, and in two weeks was so improved in health as to attend to his business, and has been in good health ever since, and says Dr. Jayne's Vermifuge and Sanative Pills have made a sound man of him. GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.

SHORT CREEK, Ohio county, Va.
March 26th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abscess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED, and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D H COLEMAN.

West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP.

INVALUABLE COMPOSITION FOR THE HAIR

From the Olive Branch of March 24th, 1846.

HYPERION FLUID.—Mr Wilson Bogue, of Washington street, is the inventor of this valuable vegetable composition, which, as we have witnessed by those who used it, one of the greatest productions of the age, and will be made use of. We have been constant of its beneficial effects in some of our families, and our own cranium is now submitted to its influence. In addition to its cleansing qualities as a dressing, it gives a rich glossy appearance to the hair, and is a powerful contributor to nourish and strengthen the roots, as proved by the subject, in general use of our own cranium, from which it has eradicated the scurf, and is now growing a fine crop of hair, which we can recommend the article already and shall say no more unless further trial.

ANOTHER CERTIFICATE to the excellence of M Lane's Vermifuge.

Messrs J Kidd & Co—Gentlemen: It is with pleasure I hand this my certificate, testifying to the general popularity of Dr M'Lane's American Worm Specific, as your unwearying agent. Mr Manton Semmons ago I received from him a small package on commission. I used a few bottles in my own family, with good effects I can say feelingly. The remainder I sold to my customers and found no complaints, but universal general satisfaction. GEORGE MAXWELL

LOCAL MATTERS.

REPORTED FOR THE PITTSBURGH DAILY GAZETTE

Court of Quarter Sessions.

MORNING SESSION.

Wednesday, April 18, 1849.

Present Hon. Benjamin Patton, President Judge, and Wm. Kerr and Alexander Bell, Associate Judges.

The grand jury came into court and presented a bill of indictment against Wm. Wyndham, Attorney at Law, for misdemeanor in office, in refusing to issue a writ of habeas corpus to the sheriff of Allegheny county, on the petition of Emanuel Hoffman, a citizen of Pittsburgh, who was confined in the county jail, and refused a writ of habeas corpus, although he had been duly applied to by the prisoner, with a reasonable allegation for the mercy of the Court.

The first case taken up for trial was that of the Commonwealth vs Wm. J. Smith, who was indicted for a misdemeanor in erecting a row of frame tenements on the Pittsburgh and Steubenville Turnpike road, in Temperanceville, and not having a party wall between the same, as required by the act of Assembly. The defendant is a contractor, and was employed by the Turnpike Company to erect the said tenements, and after the completion of the work, refused to pay the amount of the contract. The work upon these premises was commenced in the month of August, 1848, and consisted of three buildings, each about one hundred feet in length, and a corresponding depth. The whole number of workmen employed upon the premises, during the spring and summer upwards of 30 more hearty workmen could not be found to contract between Cumberland and Uniontown. The remaining sections of the road will probably not be finished before the last week in the spring of 1850

The jury were engaged on the 29 sections in all, and were locked up at the 25th of March current. Previous to the 25th they received from the company's offices in Baltimore, Messrs. Hoopers, Ferry, Cumberland and Washington. The Prosecutor was the only witness for the commonwealth, at No 21 HANOVER ST. In the forenoon of Saturday, the 24th inst. the jury returned into court, and rendered a verdict of guilty. Before doing so, the counsel for the defendant, Mr. Reed, addressed the court in a very able manner, and moved for a new trial, on the ground that the jury had separated without the consent of the defendant, and had been improperly influenced by the officers of the court. The evidence adduced in support of this motion was of a very conflicting character.

The court overruled the motion.

Present, Hon. Benjamin Patton, President Judge, and William Kerr and Samuel Jones, Associate Judges. A great part of the afternoon was occupied by the following cases, which were disposed of in the morning. The jury, after a short absence brought in a verdict of No Cause, and the Turnpike Company to pay the costs. Austin for prosecution, Hamilton and Wilson for the defence.

CASE OF ARREST—Commonwealth vs. Christopher Shaffer, indicted for setting fire to the wagon shop of Mr McKee on Fifth street

William McKee sworn. Mr McKee declared to the last of his shop having been burned, and described the situation of the premises. Left the shop at about half past ten o'clock at night—Were called the same at about 20 minutes after. No fire had been in the stove for two days. Three buildings were consumed in the fire. The defendant has worked with me. He left about seven days before the fire occurred. I had a little difficulty with him. I struck him a couple of blows and a half cents.

Cross examined. The whole dispute originated about the making of a bandle for a small box.

Re-examined. The shavings had not been removed for six or eight days.

James Wade, sworn—I was working in the shop on the day of the fire, and left at about ten minutes past ten. Mr McKee and I examined the premises and saw no fire. Mr. McKee had a candle in his hand; I was awakened by the flames coming against the window. I heard the defendant say that McKee should suffer for stabbing to the difficulty between himself and McKee.

Susan Peters, sworn—I lived near M Kees shop on the 20th of February last, was in the yard at eleven o'clock at night with a candle in my hand; the watchman was crying the hour. Mr Shaffer close to the wagon shop, and in an hour or so afterwards the fire broke out. I am satisfied that it was he, he walked on, and did not try to avoid me, did not see him afterwards.

Mrs. Geyer, sworn—I heard the last speaker passing my window several times; the last time, the person appeared to be walking on his tip toes, in about fifteen minutes after this time the fire broke out.

This was all the testimony offered on the part of the prosecution.

The defendant is a German boy, about nineteen or twenty years of age, and has only been in this country about two years. His defence was a most triumphant vindication of his character and good behavior, and left no shadow of doubt as to his innocence was heard in the course of many of the speeches. The case occupied the jury a long time, and the prisoner was further out than without leaving the box.

Magehan and Mc Cawley for defence, Bruce and Barton for prosecution
