Dr. Wickey's Celebrated

CHOLERA AND DIARRHŒA MEDICINES.

THE public are requested to read the following certificates. This medicine is extensively used in all the Southern and Eastern cities.

We do certify that Dr Louis Wickey, of York, Pa. took under his care and management, on or about the first of October last, a young man laboring under a severe attack of "Asiatic Cholera." That we examined the said patient, and found him to be in the collapsed state, of that disease, with frequent and copious rice water discharges. That we pronounced it a case of genuine Cholera, and declared moreover that we believed the said patient was beyond the hope of medical aid In fact we thought the patient would die, and so declared at the time.

We further certify that the said Louis Wickey pursued his own mode of treatment, and administered his Cholera Remedy and effected a cure of the patient. We think in four days the easier the said young man was at work, and perfectly well.

JOHN C DORSEY, M. D.
T. H. DECKERT, M. D.

I certify that I visited a case of modified Cholera under the care of Dr Louis Wickey, and that I believe his medicine relieved him.

State of Maryland, Washington County, to wit:

I hereby certify that I am well acquainted with the gentlemen who have signed the within certificates of Dr. Louis Wickey, and they are men of respectability.

In testimony whereof I hereunto subscribe my L. S. name, and affix the seal of my office, this fourteenth day of November, eighteen hundred and thirty-three. O'HARA, Clerk

Washington County Court, Maryland.

I witnessed the administration of Dr Louis Wickey's preparation for Cholera, in the case of an apprentice to the plastering business in this town (Hagerstown.) He was a very marked case of Asiatic Cholera, with rice water evacuations, cold clammy skin, cold tongue, small tremulous pulses.—I considered his situation truly critical and alarming. I saw him previous to Dr. Wickey, and was present at the administration of the first dose of medicine, and saw him repeatedly during the attendance of Dr. Wickey; he recovered so as to be able to attend to and work at his trade in a few days. I am sure he took none other but the medicine administered by Dr Wickey.

SELLERS' FAMILY MEDICINES—Read the "Medicines of the day."

GRAHAM'S STATION, Ohio. May 25, 1849.

R. E. Sellers I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one year, frequently answering for expelling large quantities, say 1 to 200 worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have in every instance produced the effect desired.

As I am engaged in merchandising, I am able to state that I have yet to hear of the first failure where your medicine have been used in my section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully,

DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ALEX SHINN, a well known and popular Methodist Episcopal Minister of Philadelphia.

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr Jayne's Carminative Balsam. From the first dose I obtained relief according to the directions, and found invariably that the medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every unpleasant sensation was entirely relieved. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and some time in the morning, and in a few weeks health was so far restored, that the sufferer was able to attend to the duties of his family. From experience, he can confidently recommend Dr Jayne's Carminative balsam, as a salutary remedy for diseases of the stomach and bowels.

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful quality. It has passed away from experiment, and now stands enshrined in the public confidence as a medicine of real reputation, and is becoming more extensively used than any other preparation of medicine ever offered to the suffering community.

It has been introduced very generally through the United States and Europe, and there is now scarcely a section of country but what contains remarkable cures of extraordinary but well authenticated effects. For proof of the foregoing statements, and of the value and efficacy of the above medicine, the proprietor will refer to the many thousands of cases of moral responsibility and notoriety, that have been presented to him; facts, beyond a doubt, that will do another a favor, and of such facts, he cannot withhold the publication, without an injustice. Such testimony proves conclusively that its surprising efficacy is not confined to any particular locality, but the unquestionable authority of individual opinion. The instantaneous relief that it gives to the coughing, and the soothing influence it exercises over the nervous system, in a most agreeable manner, is a universal remedy for the afflicted.

REMEMBER!

Her daughter for a long time was afflicted with the Liver Complaint for a long time, and so badly that an abscess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr E. Smith, I concluded to give them a trial. I purchased one box, and found them to be just what they are recommended. THE BEST LIVER PILL EVER USED, and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D H COLEMAN.

DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ALEX SHINN, a well known and popular Methodist Episcopal Minister of Philadelphia.

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr Jayne's Carminative Balsam. From the first dose I obtained relief according to the directions, and found invariably that the medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every unpleasant sensation was entirely relieved. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and some time in the morning, and in a few weeks health was so far restored, that the sufferer was able to attend to the duties of his family. From experience, he can confidently recommend Dr Jayne's Carminative balsam, as a salutary remedy for diseases of the stomach and bowels.

MURDOCH'S

PATENT DASHER CHURN.

BUTTER IN FROM TEN TO TWENTY MINUTES FROM NEW MILK.

IN attention of the public is invited to this very valuable Churn, which has the advantage of all others in combining the old and new inventions together

The utility of this invention is apparent, as by a simple process the air is forced beneath the dash, and does away with the necessity of purchasing a new Churn, as it can be applied to any churn in use and no one Churn can have any the excuse that it is the age combined with those of gathering the Butter in the usual way

The public are invited to call and judge for themselves before purchasing elsewhere, at 87½ corner of Market and Fifth streets, or at 63 Diamond alley, between Wood and Market streets Pittsburgh.

GOLD WASHERS.

H. PARRY has invented a machine for washing gold, for which he has made application for a patent. They are now under the care of Parry, Scott & Co. No. 103 Wood street, Pittsburgh.

Adventurers to California are invited to call and see these labor-saving machines. They are simple in their construction, easily worked on the back of mules or horses, weighing only pounds each, and can be put in operation in half an hour. They can be fitted with provisions, and in the opinion of those who have seen the trial of one of these machines of small size, that two men will wash the miners from 15 bushels of sand or earth in a day, without the loss of a particle of the mineral. They can be increased in size and worked by water or mule power, if expedient. The operators work without going into the water or being exposed to wet, and consequently without endangering their health. They will require but a small share of water, and can be used the whole season, and somewhere in the mountain where there is not sufficient water to wash in the usual way.

Price of these small size $35. Orders from abroad, accompanied by cash, will be promptly filled
