REPORTED & TELEGRAPHED FOR THE PITTSBURGH DAILY GAZETTE

INDIANA ELECTION.

CINCINNATI, Aug. 8.

As far as heard from, the Democratic candidate for Governor, Joseph A. Wright, is running ahead. In the Fifth Congressional District, Brown, Democrat, is elected. This district gave Cass a large majority.

In the Seventh District, S. W. McGaughey, Whig, is elected. This district gave Taylor a majority.

THE CHOLERA.

PHILADELPHIA, August 8.

There were, in this city, during the 24 hours ending at noon to day, 32 cases and 9 deaths. In New York, during the same period, there were 101 cases and 44 deaths.

BOSTON, August 8.

House's Printing Telegraphic Line was put into full and successful operation to-day, between Philadelphia and Boston. Western correspondents can now send despatches direct through to Boston by the O'Reily lines, with the same facility they have formerly done to Philadelphia and other cities. This is a matter of interest to the business men of the west.

NEW YORK MARKET.

NEW YORK, Aug. 8, 1849.

Flour—The market is more buoyant to day, and the higher grades are in good demand for eastern shipment. Common State and Mixed Western brands are selling at $4 87½@4 91; Straight State at $5@5 05; Good Ohio at $5 12½@5 25 per bbl. Favorite Western brands are selling at a range of $5 25@5 75.

Corn—The market is very firm, with sales of Flat Yellow at 62½@63c, and of Round Yellow at 61@63c per bu. Sales of Round White at 61½c, and of Mixed at 61@62½c per bu.

Provisions—Pork is without change. Beef continues scarce, with sales of Mess at $13 50@$14. 00 per bbl. Sales of prime Lard at 7c per lb.

Cotton closes to day with a firm tone, and strong indications of a further improvement. Sales of fair Upland at 10½, and of 150 Orleans at 11c per lb.

Stocks—The market to day is depressed.

Wood—As this is the season of the year when forests are most formidable to the children, the proprietors of M'Lane's Vermifuge beg leave to call upon the parents and guardians of their little sisters for the expelling of these insnaring and often fatal enemies of our children. Their invention is by a physician of great experience in Virginia, and their testimony is of several years in his own practice, and finding its success so universal, he has been induced at last to offer it to the public at a cheap but certainly a most excellent medicine. Call and purchase at the Drug store of

J. KIDD & CO.

Wood—A gentleman of Pittsburgh, who had fallen into the habit of using tobacco in the form of cigars, has requested us to severely that he was unable to refrain from trying our with the pain. A friend who had been using Dr. Mahon's Cough & Cold Mixture and been a victim of Rheumatism, gave him what remained in the bottle, and although he took but little was greatly swollen, he was completely relieved to 24 hours in twelve hours and freed from pain. This is but one of a great number of cases which have come under the observation of the proprietors. Prepared and sold by

ROUSSEL'S AROMATIC VINEGAR.—The high fly scenery, balsamic and healing properties of this Vinegar render it far superior to Cologne water for the ordinary purposes of the toilet, surpassing the latter in its perfume. It preserves and removes pimples, tetter and asperity of the skin, it freshens and whitens the skin, rendering it soft and smooth. It corrects the clammy and bilious taste of the mouth, imparting a fresh and pleasant breath. It cleanses and whitens the teeth, and hardens the gums. For all the above purposes, it is used with success in such proportion as may be found most agreeable. By sprinkling it and rubbing it on the temples, it will remove headache. If applied instantly to a burn or bruise, it will essentially prevent mortification. It corrects vitiated air, and guarantees from contagion; it is therefore very useful for purifying and perfuming apartments. For sale by
R. E SELLERS, Wholesale Druggist,

OFFICE PITTSBURGH GAZETTE,
Thursday Morning, August 9, 1849.

The market yesterday presented its usual quietness in fact, a general dullness seemed to prevail throughout.

FLOUR—The market remains very firm at former quotations. The daily receipts fall far short of the demand, and owing to the gradual falling off in supplies, holders are rather disposed to ask higher figures. A lot of 70 bbls, fresh ground new wheat, was effected on the wharf at $4,81 per bbl; this was a choice article. Sales from wagon of old stock, at $4,62½@4,69 bbl. We note regular sales from store, in dray load lots, at $5,75@5,87 per bbl.

GRAIN—Sales on wharf of 930 bu Oats at 35c per bu. Sales from store at 40@45c; supplies very light, and nothing doing in any of these figures. Of Corn the market is bare, and we hear of no sales worth reporting. Nothing doing in Wheat, Rye or Barley.

COFFEE—Sales of 100 sacks Rio at 7½c, cash.

SODA ASH—Sale of 7 casks at 3½c, cash.

WHISKEY—The supplies of raw Whiskey are almost entirely exhausted, and the article is in ready demand at 21@22c ₰ gallon. Sales of Rectified at 21@ 22c.

SUGARS—Sales of N. O. Sugar in hhds at 5½@5¾c ₰ lb; prices have an advancing tendency. Sales of Loaf Sugar, St. Louis refined, at a range of 8 to 10c ₰ lb.

MOLASSES—The market is quiet, with no change. We quote the market steady at 18@20c ₰ gall.

BACON—The market (there and eastern) is very irregular sales of plain Hams at 6½c, of bagged Hams, at 5½, and of sugar cured canvassed, at 10½c. Sales of Shoulders at 4½, and of Sides at 4½c ₰ lb.

THE CANADIAN CANALS.—The Montreal Pilot states, as a result of the completion of the St. Lawrences Canal, that the schooner Pacific has sailed from Toronto to Halifax, with a cargo of flour, wheat, peas, barley and malt, the freight being sixty-five cents per barrel. Two years since it would have been one hundred and fifty cents, with two transhipments. The cheaper line through the St. Lawrence, the more will the competition will be for supplying the Lower British Provinces with produce, &c., between Boston, New York, the Canadas, (and Oswego and Rochester, when the old political barriers are fairly broken down.)

THE WHARF.—We are glad to hear, says the St. Louis Reveille, that there is every probability of immediate measures being taken by the City Council, to widen the wharf. The retiring of our long food exhibits a state of things permissing no further question. Annually, the deposit of sand upon the wrecks has marked the boundary of our landing pretty much as citizens had already pointed out; an immense sum of money would have to be expended in the raising of these obstructions, while as it is, they have formed the best landing that could be desired; we now have an accidental extension of fifty or sixty feet towards the good work, and the final action of the Council will be gratifying to all.

NEW COUNTERFEIT.—The Albany Journal states that a new counterfeit of the notes of the New Haven Bank, of the denomination of five dollars, has been put in circulation. Several of the spurious bills have been received by the Suffolk Bank, Boston, and were detected on Wednesday at the counter of the Bank, by which they purport to have been issued. All the bills, 731 sent, are dated Oct. 4th, 1847, letter K.

NEW ORLEANS, August 1, 1849.

The evidence in the case of the Spanish Consul, charged with abduction, was closed on the part of the prosecution, and the trial will doubtless be over before this week. Thus far the evidence looks unfavorable to the accused.

Daily accounts of the growing Cotton crops in Louisiana and Mississippi are very discouraging. Thirty years no insects in Cotton in every day, and the crop back for the Europe's news. To-day the sales amount to 600 bales, at prices ranging from 9 to 10c. The market is closed at 9½@9¾c for middling qlf.

The weather is pleasant. It is now raining. The health of our city continues good. We are as usually exempt from Cholera.

NEW ORLEANS, August 1, 1849.

The evidence in the case of the Spanish Consul, charged with abduction, was closed on the part of the prosecution, and the trial will doubtless be over before this week. Thus far the evidence looks unfavorable to the accused.

Daily accounts of the growing Cotton crops in Louisiana and Mississippi are very discouraging. Thirty years no insects in Cotton in every day, and the crop back for the Europe's news. To-day the sales amount to 600 bales, at prices ranging from 9 to 10c. The market is closed at 9½@9¾c for middling qlf.

The weather is pleasant. It is now raining. The health of our city continues good. We are as usually exempt from Cholera.

HIBBERT'S CHEMICAL WRITING FLUID.

HIBBERT'S SUPERIOR RED INK.
HIBBERT'S MACHINE COPY INK.

All these differ from ordinary inks, as they are all chemical solutions containing no viscid matter, flow freely from any kind of pen—the color deep, full and durable. Where they have been better secured made, I have neither seen nor heard of them. Sample bottles can be obtained gratis, by the merchants generally, from B. A. Fahnestock & Co.; Henry R. Schwartz, Allegheny, or of the manufacturer, THOS. HIBBERT, Druggist and Chemist, corner of Liberty and Smithfield streets, Pittsburgh, Pa.

N. B.—Any bottle not giving complete satisfaction, can be returned and the price will be refunded.

NAVY BEEF AND PORK FOR 1850.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing, July 31, 1849.

SEALED PROPOSALS, endorsed "Proposals for Beef" and "Proposals for Pork," as the case may be, will be received at this office until 3 o'clock P. M. on Monday, the 17th day of September next, for furnishing and delivering, free of all cost and risk to the United States,

Five thousand four hundred barrels of navy beef, and four thousand eight hundred barrels of navy pork:

Each barrel to contain not less than two hundred pounds nett weight of beef or pork; no excess of weight in either article will be paid for. To be delivered in the navy yards as follows:

	Barrels beef.	Barrels pork.
At Charlestown, Mass	1,400	1,200
At Brooklyn, N. Y	1,800	1,600
At Gosport, Va	1,800	1,600
	5,400	4,600

Said beef and pork must be delivered one half between the first day of January and the last day of April, 1850, and the other half between the 15th day of April, 1850, and the 15th day of June, 1850, unless earlier delivery should be required by the chief of this Bureau. Offers must be made for each half separately and distinctly; that is, for the delivery to be made between the 1st of January and the 1st of April, and for the half deliverable between the 15th of April and the 15th of June. The quantity of beef and pork to be made within thirty days after delivery, and for the second half in thirty days after the 15th of June, 1850.

The beef must be from well fattened cattle, slaughtered between the 1st day of November, 1849, and the 1st day of March, 1850, and packed in the month of April, six hundred pounds nett weight, each. The legs and the ends of the sirloins must be cut off at the first joint or clods, and at least eight pounds from the neck end of each fore quarter, or the same number of pounds from the brisket end of a fore, where a company offers, should be distinctly stated.

Extract from the act of Congress, approved August 10, 1846:

"Sec. 5. And be it further enacted, That, from and after the passage of this act, every proposal for naval supplies invited by the Secretary of the Navy, under the proviso to the general appropriation bill for the navy, approved March third, eighteen hundred and forty-three, shall be accompanied by a written guaranty, signed by one or more responsible persons, to
