LOCAL MATTERS. SPORTED FOR THE PITTABURGE DALLY GAZITTI Interesting Letter from Ban Francisco. egraph, General Taylor's and Governor Johnson's

Many were sick at the time the rain common-ed, and others sickened after it, some round dis-spation, others from eating too freely of the fruit, and others from eating too freely of the fruit, and others from eating too freely of the fruit, and others from eating too freely of the fruit, and others troat the effect of the climate. In ad-others from eating too freely of the fruit, and others troat the effect of the climate. In ad-

and others from the effect of the climate. In su-dation to the inservines of the calm, and of the such-ness on board, we had a very indifferent supply of provisions, both as regarded quantity and qual-ity. Owing to her youth, Mr. Sands was, or rourse, exceedingly unwitting to complain against her, but as her family live in Ohio, and as it was dan-gerous to allow one who had shown heredi capa-ity.

Our bread, which was brown, was manufar-tured in England expressly for salors, but was scarcely fit for swrue, as it was literally swarm-ing with worms. This bread, with a bitle sait beef and port, was what the efficers of the ver-rel wished was to subside upon. You may easily a very kind manner, as to what possible mouver sel wished us to subsist upon. You may easily she could have for committing so hemous an ol-

imagine what the feelings of American cutzens sue could have for committing so hermous an ob-larly stier they had consigned four of ther fei-larly stier they had consigned four of ther fei-low soliters to the deep in as many days-wice a large proportion of their number were sick, and the color of all changed from their na-turai to a destrike bae. If our eyes met, one seemed to be saying to the other, 'yen are ik.' unsgive what the freings of American cutzens would be under this knud of treatment, particu-larly siter they had consigned four of their fel-

seemed to be saying to the other. 'yen are it's and taken and taken some arrives to go berdeare' We were determined not to submit to this kind of treatment, and as there was an abundance of flour on board, we had it bated into bread much against the will of the Captain Whilst we were beenoning to fare a hub better, the wind

were beginning to fare a luthe better, the wind more, and the spirits of our passengers revived. Our ship roon came in sight of land, at about the information, it seems, was retained, and sown on fruitful soil, for as soon as she saw Mrs. S. engaged same place we had left it. After this, the Captain

the same place we had left it. After this, the Captain tept the ship close on the land, getting the sea and land breeze as far sea Aerpuleo, making our passage from Talago, (where we took in water to Acapuleo, about half way) in lorty-four days. The whole coast from Panama to Aerpuleo in broken and mountamous. Many of the peaks are try to fay, riang to the beight of from sur to five thousand feet above the surface of the was-ter. They are, to all appearance, perfectly bar.
