uppried in Section. From Winds so many trouble, ver-tion and loss has a raren. The difficulty has at land been overcome, the Public is a section of the standard standard to the sec-tor of a row of the standard standard to the sec-ber of the section upped against this structs is the sport out want is gamming on seak apool. Thus is easily explained. Eace spool is warranged to constant 20 yills with which the ordinary Bietin, at the same price, as but an uncertain quantity varying from 15 to 18 parks.

yards. The Spool Silk is ready for use at the time of pur-rises, and it only needs a trial, to convince the most scrptlevil of its superiority in quality. Independent of the next and convenient torum in which it is furnished, it has great advantages over the skein, as it does away with the redument of winding, the version of tanging.
