ARRIVAL OF THE TEAMSHIP

NIAGARA.

SEVEN DAYS LATER FROM EUROPE.

Probable war between Russia & Turkey

SACKVILLE, New Brunswick, } Wednesday, Oct. 17th. }

ENGLISH MARKETS.

We are in receipt of Liverpool papers to the 6th inst.

The Commercial advices, by this arrival are in all the materials particulars, the same as were received by the Caledonia.

There is no improvement in trade to be noticed; nor, have any of the good effects been expected from a bountiful harvest, been realized—from Manchester and other principal manufacturing districts, the accounts are far from being satisfactory.

Another mail from the East Indies has arrived, with Calcutta dates to Aug. 20th.

Bombay, Sept. 1st.—The accounts are regarded as favorable in a commercial point of view.

In Liverpool there has been a moderate demand, during the past week. Cotton is at precisely the same prices as were noticed in the Caledonia's news.

The demand for bread stuffs is limited, and prices are declining in their tendency. There is no notable change in American provisions.

Metals—For all descriptions there is a fair inquiry, at prices fully equal to those of the previous week.

The Continental reports, represent trade as being in a quiet state, without any change in prices.

Accounts from Havre, dated Thursday, state that Cotton has received a considerable impetus, in consequence of the late New York advices, and that a sale of from 10@11 frances took place, with sales of 10,528 bales.

There has been a marked improvement in the rate of freight to the United States; large arrivals from Scotland and Wales, made the rates steady, but last week's rates of Flour and Corn are barely mentioned in London and Liverpool. Corn is quoted at 26s 6d@27s 6d, for mixed and Yellow—28@29s for White. Old Western Canal Flour sells at 23s@23s 6d. Baltimore 24s. Ohio, scarce at 25s. New Western Canal Flour, of white quality and lately imported, 19@21s. Old Sour 21s.

Wheat—4s 9d@5s 9d.

The imports of cured provisions are limited, and the demand for most articles is steady. Lard has improved 3s@3s 6d per cwt.

The European Times contains unfavorable reports of the appearance of the Potatoe crop in Ireland, which state that is sudden and rapid decay has taken place.

LONDON MONEY MARKET.

The market is a shade firmer. The reports of a war between Russia and Turkey caused some fluctuation in the prices of securities. Consols closed on Friday at 92¼ for money; U. S. 5's, 92; 6's, 105@106; Penn's, 5's, 79@80; Ohio 5's, (1856) 99; do. 1860, 100; Maryland 5's, sterling bonds, 88 @89.

As there is no change in the prices of Cotton, quotations are unnecessary.

ENGLAND.

By far, the most important political news by this arrival, is the possible and even probable war between Russia and Turkey, which now forms the chief topic of discussion in the English and Frence journals, as well as amongst all classes; and, in its paramount importance, the Roman difficulty, as well as other matters of national importance, appear wholly lost sight of.

TURKEY.

The most recent accounts from Constantinople, state that the Emperor of Russia has made a formal demand for the surrender of Kossuth, Bem, and other patriots, who have sought refuge in the territories of the Sultan. The Turkish government, with a manliness that cannot be too highly commended, *refused to be bullied*.

Although in England and France, Cabinet Councils have been held to consider these grave circumstances, not the slightest doubt could be entertained of the results, should Russia persist in demanding the surrender of her devoted men, a *European war* is thought to be inevitable.

FRANCE.

The Paris Journal *Debats*, of Thursday, says:—"We are glad to learn that the English and French governments are most cordially united in the determination to support their Ambassadors, in the advices given by them to the Porte, respecting the extradition of the Hungarian refugees."

The Russian Envoy finding his threatenings to be unavailing, took an abrupt departure from Constantinople.

The Russian Minister has closed all his diplomatic intercourse with the Porte.

England and France, through their representatives, have prevailed with the Sultan in keeping him *firm in his first resolution*.

[At 7 o'clock the wires gave out beyond Bangor, Maine, consequently no more news to night.]

COMORN SURRENDERED.

Preparations for War.

NEW YORK, Oct. 19.

The attention of all Europe is directed to the North, in order to learn the issue of the visit of the Prince Radetzkal to the Czar.

TURKEY.

The Sultan has countermanded his voyage to Smyrna and the Archipelago.

The army of Roumelia is ordered to hold itself in readiness.

There is no reason to doubt, but that the best accord prevails between the English and French cabinets, and it is said that powerful English and French fleets will be ordered to the Mediterranean, forthwith.

AUSTRIA.

The political movements which are occurring, are of but subordinate interest.

It was reported at Vienna, that Georgy had been shot by Count Zickey, whose brother was executed by Georgy's decree at Cressel.

It is reported that Comorn has surrendered, thereby saving a great effusion of blood.

PRUSSIA.

Every thing remains quiet.

FRANCE.

M. de Tocqueville has demanded an additional credit of 140,000 francs, besides the sums already voted, for the expenses of the Roman intervention.

The suspension of intercourse between France and the United States has caused much sensation in Paris, but rumor having gained ground that England had offered her mediation, that feeling subsided.

M. Marnest or M. Thiers is expected to be sent to Washington, in place of M. Poussin.

Gen. Lamoriciere's mission to Vienna has proved a failure, and he is on his return without seeing the Emperor.

ENGLAND

A communication from the Lords of the Admiralty states that *hopes are entertained of the safety* of Sir John Franklin. It is reported that his ship is beset by ice in Prince Regent's Inlet.

OFFICE, PITTSBURGH GAZETTE, } Friday Morning, October 19, 1849. }

THE WEATHER AND BUSINESS.—After considerable rain in this vicinity, during the past few days, the weather has again become clear and pleasant. The river, as yet, has not been materially affected by the rain, but there must be, we think, a further rise in a day or two. There is, however, at present, a sufficiency of water in channel for the smaller and middle class steamers to run with facility, and business in that quarter continues quite lively. Business, in a general way, shows a considerable degree of activity, although sales have, for the most part, been confined to limited transactions.

FLOUR—Operations in Flour continue very light, in consequence of the small receipts and limited supplies; but we notice no material change in figures. Sales of 200 bbls superior brands at the river on Wednesday afternoon, at $4,62 ₱ bbl; $4,56@4,62 are about the ruling figures. From store, sales have been confined to limited lots at $4,75@4,81.

CORN MEAL—We have noticed no arrivals to any considerable extent. Supplies are light, and sales confined to retail lots at 80@82c ₱ bu.

BUCKWHEAT FLOUR—Is beginning to arrive, and we note small sales from wagon at $2 ₱ 100 lbs.

GRAIN—The receipts have been light, and but little is doing in the way of sales. From first hands, we may use the following quotations:—Wheat 80@85; Barley 58@60c; Rye 50@55c; Corn 45c, and Oats at 28@30c ₱ bu.

GROCERIES—We notice a general firmness in prices for all articles under this head, but sales have been confined to moderate transactions to the regular city and country trade. Sales of N. O. Sales of Loaf Sugar at 8½ ₱ lb, in tierces, and 9½ in bbls.

BACON—We notice no change in quotations. Sales of Shoulders at 5c, and of Sides at 5½@5¾c ₱ lb. Hams are scarce, with sales of prime bagged at 9c, and of extra Sugar Cured at 11@12½c ₱ lb.

ACCIDENT TO THE PIONEER.—The Cincinnati Commercial of Monday, states that the steamer Pioneer, on her recent down trip from this city, struck something near New Richmond, and got considerably in a leaking condition. Without coming down to the wharf at Cincinnati, she rounded into the Marine Railway, in Fulton, was hauled out, with her 250 tons of freight, and by Saturday morning was repaired.

BEEF PACKING.—We are informed by those engaged in packing in this city, that on account of the scarcity of good cattle, and the prospect of another supplied market, they intend packing less than they proposed, and the number of cattle packed here this season will probably not exceed eight thousand, only two-thirds of the estimate they gave us a few days since.—Cleveland Herald.

Commercial and Money Matters.

NEW YORK, Oct. 13, P. M.

The Stock market continues to feel the improved impetus to-day, and Fancies generally were better. Governments are in demand at 1 ₱ cent. advance, and at least $150,000 were sold, relieved for transmission to Europe. The Facies were all firmer, with some disposition to operate.

In Exchange, the business is moderate, and prices are steady.

The private letters from London speak favorably of the market for American Stocks. Prices are in active demand, and quotations were firmer. On the Continent, also, there was a better feeling.

Freights are steady, and 25,000 bushels Corn were engaged at 5d to Liverpool; 3,000 barrels Cheese, 15@16s; Cotton, 75c; Flour, 6@7d. To London, 500 bbls Turpentine is chosen. To Glasgow, 3,000 bbls Flour, at 1s 6d.

The private letters by the steamer are more favorable for Government and State Stocks than the last, and much more favorable than was anticipated. The calculations had not materially varied, but the demand had revived, and sales were being made to some extent.—A leading London Banker quotes as annexed:

U. S. 5's, 1853	—32	— Ohio, 1850,	—90 —

The inquiry for Silver, for shipment to France, continues, and the packet of to day, the Gallie, takes from $200,000 to $250,000. The next packet, the Seine, will have a similar amount. The receipts are considerable from the South and West, probably quite enough to meet the drain by French shipments.

The balance in the Sub-Treasury is $1,992,000. Receipts to-day, $50,526. Payments, $47,402.
