To defray the expense of the views, will be required in addition to the price of the map.
nov18 T E McGOWAN

TO THE PUBLIC.

ABOUT four years since, I was traveling through the State of Ohio, while spending a few days in Sharon, I discovered a singular Metallic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from an abundance of tenure and singular appearance, I was led to believe it might be made useful; for what purpose I had not the least idea. I commenced experiments by burning it, boiling it, and pulverizing it, and compounding it with various substances; and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments, and from that time scarcely have attended to no other business; at the expense of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or slate; so that the substance when applied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia, and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it became to some, and as the coating (after it turns to slate) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and where there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, kindly hoping that I should now be remunerated for all my outlay in time and money. The government, without any hesitation, granted me a Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

August 14, 1849. WM. BLAKE.

WE, the inhabitants of Sharon, have read the above statement of Mr. Blake, and believe no be substantially correct, as we are knowing to most of the statements therein contained. We will further state, that we do not believe that there ever was a patent more deservedly granted, as he pursued his experiments with the most indomitable perseverance under the most discouraging circumstances, as the public had not the least confidence that there could be any thing valuable made from the substance. He therefore had to encounter for years the jeers and scoffs of nearly the whole community. Notwithstanding all this, he was indefatigable in the prosecution of his experiments, and we do not believe there has been a man in a thousand who would have persevered under all the circumstances. But he has at last triumphed over all obstacles, and we believe there is now but one opinion in awarding him the merit of this valuable discovery.

GEO. W. LONE, HORACE GIBB, JONATHAN EVERHARD, LEVI P. CHATFIELD, W. MILL, BENJAMIN JONES, WM. WRIGHT, Township Clerk. ALLEN ROWE, Treasurer. } Justices of the Peace. } Trustees of } Township.

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Mineral, to be mixed with oil, and used precisely as I have my painted article. I have been to those persons and shown them my patent. They say they do not intend to infringe or trespass upon my rights, but say that it is right to dig, grind, and sell the powder, if they can find purchasers; that they are not bound to know what they are to do with it; that it is nothing remarkable to be mixed with the oil to make the compound; and that those who buy, mix and use it, must take the responsibility. Most of them say that they believe that the patent is good against those that mix and use the compound, and some have said that what they wanted to use it for, could certainly not work it into any of their old rust inroad to make themselves liable in any way. Now I feel myself in duty bound to caution the public against any deception that may be practiced by no milder name, where a man sells and receives pay for an article, the use of which he well knows subjects the purchaser and user to a pernicious and fine. Some of those who are engaged in this nefarious traffic, will unquestionably contend to the public that my patent will not stand; and that I dare not prosecute. Now, to take this argument away from them, I went to some of those who were proclaiming that my patent was of no value, and made the following proposition: that they might select a judge and two lawyers who have had some practice in patent cases, and who were competent to decide on the same, and if they decided that the patent was good, that they should stop all further proceedings in the business; but if the decision should be against it, then, in their opinion, bold, I would agree to let them go on and sell all they could, without any interference in the business; but if the decision was in favor of the patent, in their opinion, bold, I would agree to let them go on and sell all they could, without any interference in the business; but if the decision was in favor of the patent, in their opinion, bold, I would agree to let them go on and sell all they could, without any interference in the public about them. This proposition they would not accede to. So far as the validity of my patent is concerned, I do not depend entirely upon my own judgment, although I have the fullest confidence in it; but I have submitted it to many of the judges, and several of the most eminent lawyers in the country, who, without exception, decided that in their opinion it was good; and would protect me in my discovery.

I offer this article to a fine power, and put it up in barrels; the which are marked: "BLAKE'S PATENT FIRE AND WEATHER PROOF ARTIFICIAL SLATE."

I therefore give notice to all who buy and use the above mentioned mineral for the purpose set forth in the Letters Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

August 14, 1849. WM. BLAKE.

SEASON, Medina Co., O., Aug'st, 1849.

TWO TONS of the above Fire and Weather Proof Artificial Slate on hands and for sale. The above has been manufactured, for we have been using it for some 4 years, and know it to be what it is set forth in every particular. J. & H. PHILLIPS, Agt.

Wholesale Rooms up stairs, where a large assortment of New Goods has lately been received. [nv20

DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of acute personal relief by Dr. JAYNE'S ALTERATIVE, which proved its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with RHEUMATISM or WHITE SWELLINGS, attended with excoriations and exfoliation of various bones, during which time many pieces have been discharged from the system; bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femore, bone, and from the right knee. Besides painful ulcers in different parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and despairing. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her; by removing all pain, and swellings, causing the wounds to heal, while at the same time her general health has become completely restored, so that she now weighs 85 lbs more than she did before she commenced the use of this truly valuable preparation.—Sat. Eve. Post.

For further information, inquire of Mrs. Rose, No. 122 Filbert st, Philadelphia.

For sale in Pittsburgh, at the PEKIN TEA STORE, 70 Fourth st, near Wood. lyr

SLOAN'S COLUMN.

☞ All the Medicines advertised by W. B. SLOAN are sold by

R. E. SELLERS, Wood street, and JOHN P. SCOTT Liberty st, Pittsburgh.

Birmingham, by JOHN G. SMITH.

Allegheny City, by HENRY P. SCHWARTZ and D. M. CURRY.

The Best and Cheapest Horse Medicine IN THE WORLD.

SLOAN'S OINTMENT AND CONDITION POWDER.

Have earned a great name. For Purity, Mildness, Safety, and Thoroughness, SLOAN'S OINTMENT *Excels* And is rapidly superseding all other Ointments and Liniments new in use for the cure of the following diseases:

Fresh wounds, galls of all kinds, sprains, bruises, cracked heels, ringbone, windbone, windgalls, poll evil, callus, spavins, sweeney, farcis, sitfast, strains, lameness, sand crack, tendered feet, scratches or grease mange or horse distemper.

The Powder will remove all inflammation and fever purify the blood, loosen the skin, cleanse the water and strengthen every part of the body; and has proved a sovereign remedy for the following diseases:

Distemper, hide bound, loss of appetite, inward strain, yellow water, inflammation of the eyes, fatigue from hard exercise; also, rheumatism, (commonly called stiff complaint,) which proves so fatal to many valuable horses in this country. It is also a safe and certain remedy for coughs and colds which generate so many fatal diseases.

W. B. SLOAN,
Grand Depot, 40 Lake st, Chicago, Illinois.

THE PROOF.

Extract from the "Galena North Western Gazette,"

By the use of Sloan's Ointment and Condition Powder, I have entirely cured a fistula on my horse and otherwise improved his condition more than 500 per cent. on the cost of the medicine And a cow which was so feeble as to be considered worthless by myself and neighbors, was restored to good health and strength by the use of less than half a package of the powder, and is now doing better than any other cow I have.

Small Pox, May 13, 1848. WM. VINCENT.

THE SUFFERING CHILD.

I hereby certify that one of my children, when nine days old, fell into a large fire of live coals, and was burned severely from head to feet. The best of medical aid and attention was given to the child for four or five days without any relief—each day's sufferings increased till his groans could be heard at a great distance, at which critical period one of my neighbors recommended and presented to me a box of Sloan's Ointment. And in less than fifteen minutes after the application of the ointment to the aggravated sores of the suffering child, the pain ceased entirely, and he speedily began to recover. My residence is in Kelt township, Vermillion county, and State of Indiana.

THEODORE L. TAYLOR.

Chicago, August 24, 1848.

EXTRAORDINARY CURE.

April 12, 1848. Four miles north of Chicago (on the road to Milwaukie,) Cook county, Illinois.

Mr. Sloan—Dear Sir: One of my horses had a large bony tumor on his breast bone, immediately under the collar, which lamed him and rendered his services of very little value. I faithfully applied several bottles of Dr. Taylor's Nerve and Bone Liniment, without the least benefit. I then procured Wilder's Celebrated Horse Ointment, and stated that until I became fully satisfied that it would never relieve the animal. Finally I procured a box of your truly valuable Ointment, and in less than 60 days from the first application the tumor entirely disappeared, and the horse was well. Yours, EDWARD ARMSTRONG.

POPULAR OPINION.

If popular opinion is any criterion of the worth of an article, we invite the incredulous to read at least a few of the many voluntary certificates that appear in our columns, respecting the great variety of remarkable cures effected by the use of "Sloan's Celebrated Ointment and Condition Powders."

These remedies no longer remain among those of doubtful utility, they have passed from the tide of experiment, and now stand higher in reputation and are becoming more extensively used than all other articles of the kind.—Mich. City News.

THE HALF HAS NOT BEEN TOLD.

FOX RIVER, June 12, 1848.

Dear Sloan—Sir: Please send by the bearer a new supply of your Horse Medicines. They are the best articles of the kind that I have ever used, never having been disappointed in their effect, as I have been in the use of others, even the most celebrated Ointments, Liniments, &c., of the day. I like very much this feature in them, viz: that they do all that is promised, and even a thorough trial one is constrained to add, that "half has not been told."

Respectfully, M. DUDLEY.

THE DIFFERENCE.

The ordinary, ointments and liniments it is well known, are severe and painful in their operation, Sloan's Ointment is mild yet thorough—it reaches and removes the cause, hence it gives real and permanent relief. For purity, mildness, safety, certainty, thoroughness, SLOAN'S Ointment excels, and is rapidly superceding all other Ointments and Liniments now in use.

WE CANT GET ALONG WITHOUT IT.

BEEN'S GROVE, Ill., Oct. 24, 1849.

Mr. Sloan—Sir: I have tried the virtues of your Ointment in the cure of rattlesnake bites, sore throat, rheumatism, and many other injuries, and in every case it has surpassed our expectations. As a family liniment, I have never seen its equal, and for beasts we can't get along without it.

Yours, &c., MILES M. JOHNSON.

EXCELLENT OINTMENT.

Mr. Sloan—Dear Sir: For a considerable length of time I was seriously afflicted with the rheumatic complaint, and applied freely to the various liniments, pain killers, &c., without obtaining any relief. After which your agent at this place influenced me to try your Ointment, and within two weeks from the time I commenced using it, the pain ceased, and I was effectually cured, and shall recommend all who are similarly afflicted with the distressing complaint, to procure your excellent ointment without delay.

Respy yours, OSCAR F. MOTT.
Prince ville, Peoria co., May 1, 1848.

☞ From the Hon. H. V. S. Brooks, Agent of the Illinois and Michigan Canal, Packet Boat Express.

CHICAGO, June 24, 1848.

Dr. W. B. Sloan—Dear Sir: For the last 30 years I have had occasion to use many horses, and have used the great variety of liniments and ointments in use, but have never found any thing equal to your ointment for injuries on horses. Within the last two months I have applied your ointment to some 60 horses, for various diseases, and in every instance it has proved a sovereign remedy.

A FINGER BITTEN ENTIRELY OFF.

Two miles south of Chicago, Sept. 14, 1848.

Dr. Sloan—Sir: On the 8th instant my son had a finger bitten entirely off by a horse. We immediately applied your celebrated ointment, which relieved him of pain in a few minutes, and prevented the finger from swelling the least particle, and the wound is healing rapidly. Respy yours, S. BROCKWAY.

DOCTORING IN GALENA

Mr. Sloan—Dear Sir: About three years ago I was severely injured in one of my legs by the falling of a pile of wood which occasioned large running ulcers. Nearly every doctor in Galena tried to cure them; but tried in vain, until from sympathy and improper treatment my other leg became as bad as the former, severely wounded. I despaired of ever being well again—but in order that I might neglect no means within my reach, I purchased a box of your Ointment, and your ointment, and you can judge of my surprise and gratitude better than I can express it, when I found it entirely well before I had finished using the second box. These facts I make known that others afflicted may believe not delay using so valuable an ointment as yours has proved to be. Respy your grateful friend, Galena, Ill., Dec. 19, 1848. EVAN DAVIS.

ONLY 20 DAYS.

Before the following order, Messrs. Vaughn & Co. purchased a large supply of Sloan's preparations.

NEW ORLEANS, Feb. 10, 1849.

S. E. Hibbard—Dear Sir: I am out of Sloan's Condition Powder and Horse Ointment. The sale far exceeds my expectation. If you can send me 2 gross of 4 dozen Ointment, I will pay for them the first time that you are here, and presume I shall be able to keep a large quantity in the course of the year. It will be an object to you, as well as to myself, to keep me constantly supplied. Very resp'y yours,

S. E. VAUGHN & CO.

MISSISSIPPI RIVER

St. Louis, Feb. 22, 1349.

Dr. Sloan—Sir: About two years ago, while rafting on the Mississippi river, in passing over the steering oar, I was gripped into the water, and by the raft dashing against a rock, crushing my left leg and otherwise severely injuring me, so much that I lost all use of it entirely. Consequences returned I found myself in St. Louis, surrounded by my weeping family. Good nursing and medical aid, established me in about two months in a bobble around with the assistance of a crutch. The wounds only partially healed, leaving large running sores of the knee, which caused many months loss of blood and matter of the most offensive character. My pains were inexpressible, at times my suffering was so great that death would have received a welcome welcome. Fortunately Mr. Wilson, (one of my neighbors) advised me to try your Ointment. I obtained a box supplied it according to direction—the sores soon began to assume a healthy appearance, and in three months I was entirely cured, and enabled to do hard labor.

Your obedient servant.

HIRAM W. THOMAS.

We, the undersigned, neighbors of H. W. Thomas, were acquainted with the case above stated, and knowing the circumstances, most cheerfully endorse Mr. Thomas' statement.

REV. J. DOUGLASS,
JAMES WILSON,
PETER LAMB.

GOOD NEWS.

Chicago, Jan. 6th, 1849.

W. B. Sloan—Sir: One of my horses was hoof bound and also wounded in the stifle, in which he took cold, and became so crippled that he could scarcely walk. A single free application of your valuable ointment, his hoofs were soon softened and the stifle permanently cured. I have also used the ointment in the case of Poll Evil and on severe galls with equal success.

On a washed finger that was very painful, it operated like a charm. Yours, &c A. VAN ORDEN.

TESTIMONY FROM LITTLE FORT.

Sloan's Ointment and Condition Powder are acknowledged by all who have used them to be the best remedies for horses and cattle that has been discovered. Perry's Grapplan, galls, spavins, bruises, ringbone, poll evil, and in short every variety of external diseases and injuries to which horses are subject, is speedily cured by this wonderful remedy. The Powder is to be cured by this wonderful remedy. The Powder is designed for inward strains, distemper, hide bound, fatigue from hard exercise, diseased eyes, &c.—Lake County Chronicle.

RATHER DOUBTINGLY, BUT I TROUGHT WOULD TRY IT."

WICKLIFFE, Cook Co. Feb. 12, 1848

Mr. Sloan—Sir: I have a fine young horse that was taken with the scratches last fall. I paid but about three dollars for medicine to cure him, but it grew worse. I then bought a box of your ointment at your office when in Chicago last, rather doubtingly, but I thought I would try it. In the judge of my surprise and joy when I found the first application had the desired effect. I have used your ointment in other cases of injuries on horses, with like results. Your ointment is worth its weight in gold. Yours truly,

E. F. COLBY.

FACTS FOR THE PEOPLE.

More than fifteen years of unrivalled success in the cure of every variety of external diseases and injuries such as sprains, bruises, cuts, burns, cutaneous eruptions, sore lips, sore breasts, chapped hands, scalds, blains, bites, ulcers, corns, pains in the back, sides, or other parts of the system, rattlesnake bites, &c., bears ample testimony that Sloan's Ointment is just the thing for the hour. Certificates without number have been received by the Proprietor from disinterested individuals, giving details of remarkable cures by its use.

A WISCONSIN WITNESS.

Granville, Milwaukie co. Wis., Oct. 12, 1848.

Mr. Sloan—Dear Sir: Recently my horses ran away with a log chain attached, which cut and otherwise injured them seriously, so much so that I considered my team ruined for business. Fortunately a friend recommended the use of your Ointment. I went to Milwaukie and purchased a box. It soon removed the inflammation, and in a few days the wounds healed The great benefit derived from the use of your Ointment, on my horses, induced me to acquaint you with the fact, believing its publicity would benefit you and the public. Respectfully yours,

GEORGE COMSTOCK.

IT IS A POSITIVE FACT,

And has become a common saying, that SLOAN'S Ointment and Condition Powder are rapidly superseding all other remedies for all diseases of horses and cattle. The beauty of the medicines consists in their purity and safety, to wit they may be used ever so freely without any danger of taking cold, or any other injury resulting from their frequent use, and never fail to cure if the directions are followed.

MISCELLANEOUS.

By the President of the United States.

IN pursuance of law, I, ZACHARY TAYLOR, President of the United States of America, do hereby declare and make known, that Public Sales will be held at the undermentioned Land Offices, in the State of IOWA, at the periods hereinafter designated, to wit:

At the Land Office at DUBUQUE, commencing on Monday, the seventh day of January next, for the disposal of the Public Lands situated within the undermentioned townships, to wit:

North of the base line, and west of the fifth principal meridian.

Township ninety-eight, of range three.
Townships ninety-six, ninety-seven, and ninety-eight, of range four.
Townships ninety-five, ninety-six, ninety-seven, ninety-eight, and ninety-nine, of range five.
Townships ninety-three, ninety-four, ninety-five, ninety-six, ninety-seven, ninety-eight, and ninety-nine, of range six.

At the SAME PLACE, commencing on Monday, the twenty-first day of January next, for the disposal of the Public Lands within the undermentioned townships, viz:

North of the base line, and west of the fifth principal meridian.

Townships ninety-four, ninety-five, ninety-six, ninety-seven, ninety-eight, and ninety-nine, of range seven.
Townships ninety-four, ninety-five, ninety-six, ninety-seven, and ninety-eight, of range eight.
Township ninety-five, township ninety-six, (except the southwest quarter of section twenty-seven, the southeast quarter of section twenty-eight, and sections thirty-three and thirty-four, including the Indian agency,) and townships ninety-seven and ninety eight, of range nine.
Townships ninety-two and ninety-four, of range ten.
Township ninety-one, of range thirteen.
Townships ninety-one and ninety-two, of range fourteen.

At the Land Office at FAIRFIELD, commencing on Monday, the fourteenth day of January next, for the disposal of the Public Lands situated within the undermentioned townships, to wit:

North of the base line, and west of the fifth principal meridian.

Townships sixty-seven, sixty-eight, and sixty-nine, of range sixteen.
Townships sixty-seven, sixty-eight, and sixty-nine, of range seventeen.
Townships sixty-eight and sixty-nine, of range eighteen.
Townships sixty-eight and sixty-nine, of range nineteen.
Township sixty-eight and sixty-nine, of range twenty.
Townships sixty-eight and sixty-nine, of range twenty-one.
Townships sixty-eight and sixty-nine, of range twenty-two.
Township seventy-one, of range twenty-six.
Townships seventy and seventy-one, of range twenty-seven.
Townships seventy and seventy-one, of range twenty-eight.

At the Land Office at IOWA CITY, commencing on Monday, twenty-first day of January next, for the disposal of the Public Lands within the following townships, viz:

North of the base line, and west of the fifth principal meridian.

Township seventy-six, of range twenty-seven.
Townships seventy-six, seventy-seven, and seventy-eight, of range twenty-eight.
Townships seventy-seven and seventy-eight, of range twenty-nine.

Lands appropriated by law for the use of schools, military, or other purposes, will be excluded from the sales.

The offering of the above mentioned lands will be commenced on the day appointed, and proceed in the order in which they are advertised, with all convenient despatch, until the whole shall have been offered, and the sales thus closed; but no sale of land will be kept open more than two days, and no private entry of any of the lands will be admitted until after the expiration of the two weeks.

Given under my hand, at the City of Washington, this fifteenth day of September, Anno Domini one thousand eight hundred and forty-nine.

By the President: Z. TAYLOR.

J. BUTTERFIELD,
Commissioner of the General Land Office.

NOTICE TO PRE-EMPTION CLAIMANTS.

Every person entitled to the right of pre-emption to any of the lands within the townships above enumerated, is required to establish the same to the satisfaction of the Register and Receiver of the proper Land Office, and make payment therefor as soon as practicable after seeing this notice, and before the day appointed for the commencement of the public sale of the lands in which the tract claimed, otherwise such claim will be forfeited.

J. BUTTERFIELD,
Commissioner of the General Land Office.

POSTPONEMENT

Of the Public Land Sales at Du Buque, Iowa.

NOTICE is hereby given, that the Public Sales of Lands ordered by proclamation of the President of the United States, dated the fifteenth day of September, 1849, to be held at the undermentioned Land Offices, in the State of IOWA, on the 7th and 21st days of January, 1850, are declared to be postponed until further notice.

Given under my hand, at the City of Washington, this 11th day of Dec., anno Domini one thousand eight hundred and forty-nine. Z. TAYLOR.

By the President:
J. BUTTERFIELD,
Commissioner of the General Land Office.

A VERY WONDERFUL CURE—SELLERS' LINIMENT.

MEADVILLE, Mercer co., Pa., Sept. 25, 1849.

R. E. Sellers: Dear Sir: I bought one bottle of your Vermifuge at the Iron City Furnace store, at this place, and it has performed what we consider out here a wonderful cure. On one of my boys early last fall, he had a bad sore on his leg, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge—which I am happy to inform you of it having the desired effect of relieving my son. He passed, in the short space of 36 hours, 156 worms, some of them measuring as much as 12 and 14 inches long. I feel bound in justice to give you the above statement, so as you may make use of the same that you think proper.

Yours, very respectfully, JONATHAN S. LYLE.

☞ Prepared and sold by R. E. SELLERS, 57 Wood street; and sold by Druggists generally in the two cities.

READ! READ!—SELLERS' COUGH SYRUP.—From W. K. Boden, Esq., Clerk of the Court of Quarter Sessions of Beaver County:

Mr. R. E. Sellers: Sir, Some time in the winter my wife was afflicted with a severe and distressing cough, and hearing of your invaluable Cough Syrup, I purchased a bottle from R. T. Trimble, of Bridgewater, and after taking a portion of it two or three evenings she found herself able to sleep undisturbed the whole night, and in the morning found herself entirely relieved in several cases. I assure all friends have been relieved in several cases. I assure all friends have been relieved in several cases. I assure all friends have been
