Cleveland and Buffale Ballroad. We understand that under the catellent char-iter, granted by the Legislature of Pennsylvans has winter, for the purpose, the social between Erie and the Ohio line was pat under contract a five days ease: the road having been anreayed and located a short line ago; and that the work will be puble forward as fast as preichable. We are rejoleed at this in view of the absolute neces-sity of opening for travel and commerce, prompt means of communication with our neighbors at Denkirk and Bafful. No other impediment has existed to the speedy completion of the souther read. Those carged upon. on or was socian be-tween Cleveland and the Pennylvania line, are public forward with an earnestone and deter-mination of will, which is a piedge of success. We shall be missiaren'i they do not have it doos, end if the crash of their locomotives is not heard in Pennylrania, by the time the Buffalo turn resoba the border of Western New York. We sak, however, ior mormation, whether it is a fact, that cortain interests as Erie have been endeavoring to defeat this connection between effect of the inter, for the socore it is understood the batter, and whether the influence of the interest was brought to been the socore it understood the batter, and whether the influence of the interest was brought to been the socorer it understood the batter, and we will try to excer-tion what public actimant is on the subject. More than this, we will endeavor to expand the limited vision of some, who imagined thas the number on the south the south of the index to nume the south the south of the one work we will are the south of the one of the south of the one of the south of the south of the south of the index of the interest. If this be case, the south of the must of the inter the south of the index of the inter the south of the index of the interest was brought to bear the form at cor-tant the public semimory is the south o Cleveland and Buffalo Railroad.
