tudience. The Lecturer occupied the the delivery of his lecture, which was exc eloquent and apropos to the interesting subject on which it treated, and was listened to with m entering as fully into its merits as we cou The hint about keeping our side walks and public treets in a better condition, and paying a little ore attention to the comfort and an the city, we urgently recommend to the serio on of our excellent city councils.

For the Puttsburgh Gazette. RATHER UNEASY.

Our neighbors at Wheeling begin to smell a rat. On the 11th instant, Mr. Pendleton, from the cominia, reported a bill "to prevent the Baltimo law of March 5th, 1817," which requires it to g

to Wheeling.

This must be a curious bill, noless it appropr ates money enough to make the road to Wheel-ing, otherwise it would be like a law compelling a man to commit suicide.

S.

FROM WASHINGTON.

WASHINGTON, February 13, 1850. spoke against Webb's nomination. It is very un-

in the Senate, over the great question of admitting California. The President sent in an authentic was ready to serve in any station to which the under which it goes over to anomal; and increasing dobate, and it seems probable that the proposition for a sedect committee will pravail.

Letters and dispatches have just been received from the American legation in London, with the gratifying intelligence that the health of our minimal and philanthropic offer, but I understand that the gratifying intelligence that the health of our minimal and philanthropic offer, but I understand that the gratifying intelligence that the health of our minimal and philanthropic offer, but I understand that the faction to the active duties of his post. In his attention to the active duties of his post. In the second state of the relations between England proposition of the Pittabargh Gazetts.

Caslin, Konigmacher, ration, and the whea the bill passed final reading. This bill is the set which a good deal of local interest is felt, the recidence of the Pittabargh Gazetts.

Caslin, Konigmacher, ration, and whea the bill passed final reading. This bill is the set which a good deal of local interest is felt, the recidence of the Pittabargh Gazetts.

Caslin, Konigmacher, ration, and whea the bill passed final reading. This bill is the set which a good deal of local interest is felt, the recidence of the Pittabargh Gazetts.

Caslin, Konigmacher, ration, and whea the bill passed final reading. This bill is the set which a good deal of local interest is felt, the recidence of the reading committees present on both sides of the question. Mr. Konigmacher, ration, and is the post of the relation to the active duties of his post. In the local that the basic results of the reading of the Pittabargh Gazetts.

Caslin, Konigmacher, ration, and the bill passed final reading. This bill is the set of the post of t

for the settlement of all differences between the two governments, arising out of the condition of London, where it was originally intended that they should be carried on.

The discomfigure of the "Bitter Enders" with the immortal Bayley of Accounter, at their head, was rendered complete to day, by the final pass sage of the joint resolution for the medification of the law limiting the expectes of collecting the re-venue, through both bouses. In reporting the House amendments to the Senate from the comviolates justice, and exposes bimself to no small mittee on finance, with a verbal amendaricat only, peril. So far, however, as we remarked above, the strikers have conducted themselves with provice of the half year, \$1,225,000 was unnecessarily

fall upon, since fall it must.

Mr. Dickinson said the prospect was that the went it. They may throw obstacles as the way for a time, but they will be overcome at last—not by amount of revenue derived from customs during the proprietors, but by an over supply of labor, and the low price of from.

Mr. Dickinson said the prospect was that the mount of revenue derived from customs during the proprietors, but by an over supply of labor, and the low price of from the mount of revenue derived from customs during the precisal development of the proprietors. The sale of the laborary to sell certain pictures and precise was taken.

Mr. Dickinson said the prospect was that the mount of revenue derived from customs during the proprietors, but by an over supply of labor, and the operation in the House, Mr. Smyter, on leave green; the more furnished to the thoroughlare to the full precised divelopment of or resources, and the operation makes the image are deducted in the House, Mr. Smyter, on leave green; the more furnished. The mole we examine the satject, the more we examine the satject, the more furnished. The mole we examine the satject, the more furnished. The mole we examine the satject, the more furnished. The mole we examine the satject, the more furnished.

In the House, Mr. Smyter, on leave green; of the the thoroughlare to the full precised in the Library to sell certain pictures and peture forms belonging to the Library, and invest the firm sweetly and we are axious not only that the city sweetly should be proceed in an all the more furnished.

Mr. Dickinson said the prospect was that the mount of revenue derived from customs during the precised in the House, Mr. Smyter, on leave green; the more furnished.

In the House, Mr. Smyter, on leave green; the more furnished to the library to sell certain pictures and peture forms a taken.

In the House, Mr. Smyter, on leave green; the more furnished to the full precised in the Library to sell certain pictures and peture forms a taken.

In the House, Mr. Smyter, on leave green leave the contraction in the House, Mr. Smyter, the more furnished.

from the public lands, would exceed forty milions bill, for it makes specific appropriation to the taken a re-survey of the ground beneath and around them, and have concluded that discretion

object, so far as to secure for him

and in declines are sold to first class hotels, where alone such raisities are found. Like the dry goods the went on with a jug handled sort of speech all upon one side. There was not much in his speech. He is an orsior of the foreible Feeble class. By an error, no doub, the floor was next given to a member from a feeb State, Fitch, of Indians. He was either mistaken for a southerner or a dough cake. He proved to be neither, but gave them a sprightly and wholey some denunciation of the arrogance and absordity with which the advocates of the very peculiar interests of slavery have been urging their case upon the House for these two mouths past. In particular, he took notice of the erray harangue has sold at 1 ic off the top range, and all kinds bedding, and 1 to have their weaking, and in declines are sold to first class hotels, where allowed as some deanued in the window, and very low beet served on the customers.

In market, a lar business. Ashea, \$6 06 for possess, and store, belonging to the school, was killed by the students and sent to market, so as to give the active of the school, was killed with the ordinary of income, and horses were taken through the consument has a low of income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the read horse was not give with the other was a source of income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the consuments of income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the low for income, and horses were taken through the read low for income, and horses were taken through the low for income, and horses were taken through the read sorts of income, and horses were taken through the low for income, and horses were taken

tice, as the answer to Mr. Clay's argument in de-fence of his compromise resolutions. I did not

This was noble and conclusive. Mr. Clay gav up the lace of connecting Cataorina and the terri-tories in the same bill, so that his plan comes down, after all, vary closely to that of the Presi-dent and the northern Whigs, the only difference being that after the question artio California shall have been adjusted, Mr. Clayarould go on and

Boston, Delaware, and possibly Maryland, standing upon common ground, favorable to California. Truly the day dawneth. Really, is not this the

can give them relief.

the single part of New York imports an increase of 82,329 tons, to drive from one an equal amount prospects until we shut out the produce of foreign furnaces and mills, it is idle to hope otherwise.

St. Valentine's day is being celebrated in the
midst of a rain that will make pairing a rather unromantic affair, except for aquatic lowl, and even these, if sensible, will wait for this good time

which is coming. The number of infamous mis-tives under the name of valentiars, passing through the Post Office, is as large as usual, to the disgrace of society be it spoken; familiarit has degenerated into the most abandoned licent to be headed as the forerunner of insult and shame to a household.

taken a re-survey of the ground beneath and around them, and have concluded that discretion around the market, and given as a cincum and have counted the states and receptions are.

A cabinet council was held on Sanday. Toil unnual proceedier, no donly, was a caused by the reception of the deepatches I have above referred to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and the necessity of preparag answers to them to, and to, and the necessity of preparag answers to them to, and the necessity of preparage answers to them to, and the necessity of preparage answers to them to, and to, and the necessity of preparage answers to them to, and to, and the necessity of the special to the state of the market, and given as impression that the Nicaragua business, and the occurrence to some extract tends to confirm the specialities I have above the tends of the state of the stat

J. D. WILLIAMSON. For the Pittsburgh Gazette. Victor Hugo against the Catholic Bisl

y Victor Hugo, before the French Assembly-ranslated from the *N. Y. Schnellpast*.
"I shall now say, what I want, and what I do not want. The ultimate object toward which we must sim, is grainitous and obligatory education —a grand public education, given and governed the State. Not one community should be with -not one city of a department, without a. University. The heart of the people should be continually in conjunction with the brain of France. But, what I do not want—that is the hand of the Cless-

ral party, in the public education.

I distinguish the Church and religion from the Ciercal party. Men need beside their materia Heaven for the purpose and not the earth. Therefore do I want religious societies watched by the slate—and therefore do I fear that law (law of the Bishops); for it is a stratage of the Clerical party, to whom I will not hand over the future of France, to crush what our fathers have established. I do not confound the Church with the Cler

the Church, ne Church. But the Clerical party have always, only
