SYSTEMATICALLY arranged by G. HECK, with five hundred quarto steel plates, by the most distinguished artists of Germany. The Text translated and edited by SPENCER F. BAIRD, A. M., M. D., Professor of Natural Sciences in Dickinson College, Carlisle, Pa.

The Iconographic Encyclopædia will be published in 25 parts, each containing 20 plates and 80 pages of letter press, issued in a convenient portfolio, in which subscribers can keep their copies in perfect order until completed, when they can be bound.

One part is published every month, at the very low price of $1,00, which will enable all lovers of instruction in the most beautiful and practical form, however scanty their means, to become subscribers to the work.

Subscriptions taken for the whole work only.

From the Boston Post.

The work should not be coupled for a moment with any of the trashy or popularly scientific publications of the day.

From the New York Tribune.

The exceeding beauty of the plates recommends them to the attention of the lover of art.

From the Literary World.

A well executed solid work, of substantial value. The introduction of this work into general circulation among our school and other libraries, public and private, cannot fail to be productive of advantage.

From the Washington (D. C.) Union.

We cannot too highly recommend the work. The engravings are in the highest style of art. No work has ever before been published in this country so splendidly illustrated, and the printed matter is of an equally high order. It is just the work for families.

SIX NOS. of this invaluable Encyclopædia are now published and ready for subscribers.

LOCAL MATTERS.

REPORTED FOR THE PITTSBURGH DAILY GAZETTE

The Canal.—The long expected water arrived in the canal basin, on Saturday morning, and before night an immense fleet of boats also arrived, many of which were immediately loaded, and sent out again the same evening. The warehouses are all filled to overflowing with goods, waiting to be shipped for the East. There will be a brisk time at the canal next week.

Mr. Wm. Murray, a gentleman of this city, arrived in town on Saturday, from California. He returned in company with Col. Foster, of the Despatch, as far as New York. The Colonel, we understand, has not yet left the latter place. His numerous friends in this place are anxious to see him, and hear the account of his El Dorado adventure from his own mouth.

Since writing the above, we learn that Mr. F is now in Harrisburg, on his way home.

Fatal Accident.—A man employed in a coal pit, near Minersville, was killed last week, by the falling in of a large quantity of slate. He leaves a wife and three small children to mourn his loss.

Arrest and Imprisonment of a Police Officer.—An affair occurred yesterday, which afforded quite a general topic of conversation in town. We give the facts as they are stated by both parties concerned, leaving our readers to form their own conclusions. The matter originated in the following circumstances.

On Saturday, John Herring, an officer in the Independent Police, having a bench warrant for the arrest of a man whom he understood had been taken into custody by the Mayor, proceeded to the office of that functionary to obtain the prisoner by virtue of a warrant from higher authority. The Mayor refused to surrender him, and denied the authority of Herring to act as an officer, alledging that he had not given the requisite bonds. Some words ensued, and Herring left the office without the prisoner.

The affair, so far, came under our own personal observation. On Sunday morning, the Mayor states, that he was attacked by Herring—towards whom he says he entertained no unfriendly feeling—on the street, in a very abusive manner, and that he was compelled at length to have him arrested, on account of his profane language and disorderly conduct. Herring, on the other hand, asserts that the Mayor stopped him, and commenced the abuse, using extremely violent and indecent language. He finally told the Mayor that he was a fool, and for that, he states, he was arrested.

Herring was sentenced to pay a fine of $5, which by the advice of his lawyer, Mr. Magraw, he refused to do, and was committed for ten days. We understand that it is his intention to procure his release by a writ of *habeas corpus*, and to bring an action, immediately, against the Mayor, for misdemeanor in office.

The Iron Mill of James Wood & Co, is expected to resume operations this morning, with a full supply of men. All the mills which stopped at the commencement of the strike, will now be in full and successful operation again.

Amusements.—Our stock of amusements is decreasing. The different companies of singers have all left us, and some of the papers are endeavoring to frighten our resident amateurs from making any exertions *pro bono publico*. We suppose we must await the arrival of some foreign attraction.

Accident.—A young man, named Coulter, was caught between two canal boats, at the basin, on Saturday morning, and had his leg broken.

First Packet.—The fine canal packet Iowa, Capt. Craig, of Leeches Express Line, left this city, on Saturday night, with a full number of passengers, for Philadelphia. This is the first packet of the season.

Theatre.—Governor Porter's new company has been performing during the past week, to very good houses, and appears to give general satisfaction to the frequenters of the theatre. To night the popular tragedian, Mr. A. A. Adams, will appear in his favorite character of Virginius.

Dangerous Practice.—Our attention was called, yesterday, to a very dangerous practice among the boys of Allegheny. There has existed, from time immemorial, a feud between the boys residing in the upper and lower portions of that city, which is manifested in almost daily battles. They meet on the Commons and assail each other with sticks and stones. Sentinels are placed to give timely notice of the appearance of the police, so that notwithstanding the utmost vigilance of the officers, these little outlaws always manage to effect their escape. Numerous accidents have resulted from these dangerous encounters, not only to the belligerents, but likewise to passers by. A few days ago, a young lady, Miss Wiley, received a blow upon the breast, from one of these missiles, which has so severely injured her, that we learn her physician doubts whether she will recover.

We hope that the parents of these boys will take the hint, and restrain them from such proceedings. No man deserves to be considered a good citizen, who knowingly suffers his son to participate in such lawless outrages.

Police.—There were seven cases brought before the Mayor, from the tombs, on Saturday morning, and six cases on Sunday morning. They were disposed of according to law.

In Allegheny there were four cases of drunkenness and disorderly conduct, before the Mayor, on Saturday morning, and three on Sunday. They were dealt with as usual. One of these fellows was very anxious to know the charge against him. He was told that it was for obstructing the street. Then said he "that's *nuisance*, faith I'll go over the river. I shall do for Mayor myself there." He was committed.

A CAUTION—About the ONLY ORIGINAL AND GENUINE WISTAR'S BALSAM OF WILD CHERRY, the great remedy for

CONSUMPTION!

And the best medicine known to man for Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, Pains and Weakness in the Side, Breast, &c., and all other diseases of the PULMONARY ORGANS.

A very important disease over which this Balsam exerts a very powerful influence, is that of a DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures, after every well known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the disease above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been extensively used with decided success, even in cases of years' standing. With the increase of intelligence has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the strides of science have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, is

DR. WISTAR'S BALSAM OF WILD CHERRY.

Wistar's Balsam of Wild Cherry is a fine Herbal Medicine, composed chiefly of Wild Cherry Bark and the genuine Iceland Moss, (the latter imported expressly for this purpose,) the rare medicinal virtues of which are also combined by a new chemical process, with the extract of Tar, thus rendering the whole compound the most certain and efficacious remedy ever discovered for

CONSUMPTION OF THE LUNGS.

Still further evidences of the remarkable curative properties of this inestimable preparation:

Russellville, Brown co., O., Aug. 21, 1849.

Messrs. Sandford & Park: Gentlemen, About six weeks ago I received the agency of Wistar's Balsam of Wild Cherry, but with some reluctance on my part, for the reason that I had been the agent of so many pills and other nostrums, which were cracked up to be something wonderful, but which turned out in the end to be of no account whatever, except to the manufacturer. But I candidly admit that this time I have been deceived, for the extraordinary cures effected by Wistar's Balsam have convinced me that "good can come out of Nazareth." Your agent left me one dozen bottles, which are all gone—having been the means of curing several obstinate cases of Consumption—and no mistake; for what I see and know I am bound to believe. One case in particular: A young gentleman in Winchester, Adams county, O., 10 miles from this place, was cured of Consumption when the doctors had given him up, or at least could do nothing for him, and it was the intention of his friends to convey him to your city, and place him under the care of some eminent physician there. But a friend told him of Wistar's Balsam, and that he could obtain it of me. He sent for it, and before the second bottle was gone he was sound and well, and attending to his every day business. As there are several inquiries for the medicine, it would be well to forward an additional supply without delay. Very respectfully, yours, LAMBERT NEWLAND.

The above, from L. Newland, Esq., a highly respectable country merchant, commends itself forcibly to the candid attention of all those who have doubted the great merit of Wistar's Wild Cherry Balsam.

Remember the original and only genuine Wistar's Balsam of Wild Cherry, was introduced in the year 1833, and has been well tested in all complaints for which it is recommended. For 17 years it has proved more efficacious as a remedy for Coughs, Colds, Influenza, Bronchitis, Asthma, and Consumption in its incipient stages, than any other medicine.

LOST VOICE, &c., RESTORED!

New Bedford, Aug. 10, 1848.

Mr. S. W. Fowle: Having seen many certificates published in relation to Dr. Wistar's Balsam of Wild Cherry, I take this opportunity of offering a word in its favor, which you are also at liberty to publish. A few months since my wife's lungs became so much affected with a sudden cold, that she lost her voice, and suffered severely from pains in the breast. Her situation caused her friends much alarm. Having heard your Balsam strongly recommended by those who used it, I purchased a bottle from your agent in this place. She took it according to directions, and it produced a wonderful effect. Before using one bottle she had completely recovered her voice, the pains subsided, and her health was soon fully re-established. Yours, truly, HENRY G. BRIGHTMAN.

To Druggists and Dealers in Medicine.—This celebrated and infallible remedy for the cure of Consumption, Asthma and Liver Complaint, has by its own merits, been rapidly, sure and safely working its way through the opposition of quacks and counterfeitors, until, by its true value and intrinsic excellence, it has gained for itself a most enviable popularity, and established itself in the confidence of an intelligent and enlightened public, from one end of the continent to the other. The testimony of thousands who have been relieved and cured by this valuable article, will show that it stands unrivalled—at the head of all other medicines, for the cure of diseases for which it is recommended. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed Agents, and all respectable dealers in medicines, in all large cities and all important towns throughout the United States.

Price $1 per Bottle | Six Bottles for $5.
