ction secraing after the taking effect of this act . provided that such homestead shall not exceed five

SEC 2 directs the manner in which appraisem a a abait to made, and how a homestead shall be set off, when the farm or other homestead property of

Fig. 3 extends the provisions of the act to wid ows, and minors after the death of both parents. S.c. 6 extends the benefit of the act to widowers and widows having unmarried minor children

sanother.

See. 6 directs that when the homestood of a debtor shall consist of a horter and let or lead which cannot be divided withten manifest 17377 and inconvenience, it electror shall consist of a horter and let or lead which cannot be divided withten manifest 17377 and inconvenience, it electror shall pay the announce over dotted which the approximation is not at the 1837 and reservantic to a let the 1837 and reserved to the 1837 and practical a manner, that it will be headeforth a recognized axiom in our diplomancy.

Great Britain abandons all pretensions to jurisdiction, all actual possessions and privileges in all the territory bordering the States of Central America, and she yields specifically her claim to the protections of the Masquito Coast.

The Aluncia and Pacific entrances of the Great Ship Canal, now soon to be constructed, are seen to the force commerce of all nations, and all impediments to the prosecution of that rank are removed.

See 9 enacts that a value, in addition to the amount of chattel property now by law exempted.

See 9 cants that a value, of frail extain, made under any mor gage bereafter executed, and which

in rain value, in addition to the amount of chattel property now by law exempted.

See 9 enacts that av sate of real exits, made under any morgage bereatter executed, and which shall not have been executed by the wife of such debter, if he have one, shall in any manner affect the right of said debtor's wife or samily to lave a homesticid sate if under the provisions of this act. Such is the O to Exemption Law, which exempts from execution the largest part of the property in the State, and leaves the creditor but little security execution the largest part of the property in the best security, after all, which exists. As hone ast man well always pay his debte, if he cell—a regue never will if he can help it.

THE STITUTION AND ADDRESS.

Correspondence of the Pittsburgh Gazette

tion and chagrin at the brilliant achievement of Mr. Clayton, in the negotiation of the treaty with

Comparison of the comparison o

to the purpose of smothering up California But this I consider improbable.

From what has transpired, within a day or text, to give an assistance highly advantageous.

Ithink it is clear that the President and the Cabbinet do not expect any useful result from the comprometer. They have a more intimate the moving of the breating of the pri position upon the situation of California and the Territorier, than the situation of California and the Territorier, than advocated it, and intain the opinion that California and one capable of working from filters on the case of the decisions of the Supreme Court to the situation of California and the Territorier, than advocated it, and intain the opinion that California advocated it, and intain the opinion that California advocated it, and intain the opinion that California the four boys who "used to fight and used to fight and the situation of the case of the decisions of the Supreme Court to the strong of the situation of California and the Territorier, than advocated it, and intain the opinion that California the four boys who "used to fight any of the decisions of the Supreme Court to the strong that the situation of California and the Territorier, than advocated it, and intain the opinion that California the four boys who "used to fight any of the decisions of the Supreme Court to the strong of the presence of the California and the Territorier, than the situation of California and the Territorier, than the situation of California and the Territorier, than a down the situation of California and the Territorier, than the situation of the suprement of the suprement of the decisions of the decisions of the Supreme Court to the space of the decisions of the

should be acted upon independently of other querications. It may then be recknoed as among the tixed facts of the day, that no "Omnibus bill" can prevail, and that the pian of non action as to the territories will be adopted after the failure of the formers.

The Senate confirmed Mr. Brady p. at master of Now York, and all the marshals whose cares were in a condition to be acted upon, yesterday. Hon. J. H. Norvell, who died on Monday lart, as Detroit, was the U. S. District Autorney, whose nomination was under debate all day on Wednesday, in secret sension of the Senate. Personal antipathy was at the bottom of the eposition to the fifth of the Senate. Personal antipathy was at the bottom of the eposition to the fifth of the Senate. Personal antipathy was at the bottom of the eposition to the set to receive the senate when the Senate, which was a desirous that they should be made public. I down as not to be was not to be were to make the selection of the senate, which was a ware exact with a status of the force and a feed of the feed of the force and a feed of the force
