(Op Da. McLans exten us Pilla in his practice several years before he could be induced to effert to the public in such a manner ato make it hawm all over the copinty, the quack remedies so frequently advertised and forced upon the public by means of forged ceptificates and a system of pulmey, preventing frequently/seguiar and learned physicians, such as Dr Milane undoubtedly is, from entering the lists against such sompetitors. Convinced, however, of the real value of his medicine, and inflaenced by the plain dictates of duy, which would not pormat him to keep from his tellow creatures so powerful a means preserving them from suffering, he finally offered it for sele.—Since that time it has become tried, has proved its supedjority over all other remedies ever offered for diseases of the liver. In fact, the pre-entrions of physicians are no longer required in cases of liver complaint. All that is necessary is for the patient to purchase and use Dr. Milane's Liver Pills, this is necessary in the pre-entry of the patient to purchase and use Dr. Milane's Liver Pills, this wife has used two boxes of the Doctor's Pills, and I assure you they have done her more good than my family physician has forther over pass, dering which time he was in regular attendance. There two boxes I think will effect a cure.
