is cheaper, selling at 261c. Linseed oil is dearer and held at 70c. In Wool there is no movement, and no stock of American. Some South American has been taken by eastern manufandunters at high rates, and, the people are getting high prices for the same; clip is good. Pig iron sells at 19, 50, for Scotch. Old clover seed is wanted, and there is a slight rise in price.

P. W. GATES'

PATENT DIES FOR CUTTING SCREWS. PATERTED MAY 8, 1947.

THESE DIES having been adopted and highly approved in all the principal shops in New York and Phindelphia, are now offered to manufacturers, functionists, ship antitis, x.c., with the utinest confidence, as the most perfect article in use for cutting screws. Their superiority over any other Dies heretologe used; consists in their cutting a rearrer. Screw, whether Y ersquare thread, by oax passing over the iron to be cut, which require no servicing or previous preparation, as the dies put the thread out of the solid iron, without rating it in the iron; in their greater durability, rapidity, and perfection of work; and in their simplicity and little Irability to get out of order.
