There is so much which expresses views in the following article from the N. Z. Commercial, that we lay it with pleasure before er readers. It would be well for their own ret on, and the welfare of the country, if the fanatics, who are rushing he

a carour of infamy, would endeavor to call to th aid a little of the practical common sense, and manly bearing ovinced in the following remarks: TEXAS AND NEW MEXICO.-It will be remembed a that on Saturday, we published a telegram

Trans and New Mirico.-II. will be remember our munication from Washington, touching a cor-tain "protein" from Governor Boll of Texas, ro-needing the state of affaits between Texas and New Marico, and specially relating to the condu-of the United States, as sincing between the dis-putants. A lotter to day from our Washington cor-respondent, gives some farther information upon the subject, but we do not share in the writer's resource, out we do not share in the writ grave alarm upon the subject. We do not app armed any serious agressive novements, " armed opposition against the government of ! United States, either (non Texas sided any considerable number of Southern adventure Fighting against one's own contact writers

any considerable number of Southern advecture Pipting segant one's own country is a very dll Serent thisg from fighting sprints a foreign nation Rank ipjautice and oppression, irrowciableb any other means, alone would justify a republic poople in lifting the standard of rebellion tegrins their country, and in shedding the blood of the follow citizens. No such cause for robellion te Texus. Here is not a defonive but an aggressiv attinude. The cause of diputs is a typestion : attitude. The cause of disputs is a question of acres. The dispute itself is up before Congre-for adjustment, and we do not think that Texas

st to all prud juristiction of the United States." So long as Texas confidence hereaft to talking o protesting--things that take no lives and shed a blood--the people of the other states suite at he ridiculous pretensions and her fattle attempts t infate hereaft beyond her natural dimensions--They guarno their builenes as though Texas we

They pursue their built are as though Torus we not. But let her once plange the sword of who lion hat he her once plange the sword of who will be very different indeed. Then the Pres ders, who would be as prompt in repelling and an agression as his predecessor, would find an aggression as his predecessor, would find meeding to servine rather than oxide the path usis imputes of the nation; relying as bold hear and hands would in every direction is mainta the supremucy and integrity of the Governmen We do not suppose that readers will be much imped about this threatened "driving for the Up red States troops not of Now Mcxico, if they a tempt to proven Texas from setting her juri decise over that certainty." We have heard to much of this lacensate boxisting of resort to fig

decise over that terminers. We account of fight much of this lacessant boosting of resort to fight ing to be frightened at it, aven though it bo back-ed by a Governor's protect—in itself, and especial by from that quarter, a vary harmless document— The indicrous impedence of Texas, document abo will wrest New Maxico from this government

promise Bill before the Senate is much debated upon. I do not believe that any man is warranted in saying that President Fillmore has avowed any

in asying that President Fallmore has avowed any opinion for or against it. He is one of these men who, in a responsible administrative position, have the faculty of reserving themselves until the mo-ment of action arrives. I have before informed your readers that Mr. Fillmore kept his own coun-

the faculty of reserving themselves until the mo-ment of action arrives. I have before informed your readers that Mr. Fillmore kept his own coun-set so closely while presiding officer of the Scanae; will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, will find in equally difficult now to discover to sny, method pointed out in the constitution. But in the meantime there is much talk of the friends of the Comptomise remodeling their own scheme, so as to divide California into three points forms, of which now kinh ib e admitted at once as a State, and the others, one on the North and the other to a the South side, to be provided with territing trast the hope is well founded, that the proceed-ing of the Barnet appeared in a statise. I do not pair of the line fifth, however, in that report-to the South side, to be provided with territing that body will assemble after the solema and affec-ting of the Barnet appeared in a fifth the work in the inter-firming on the south such the solema and affec-ting will depend, in a measure, upon the spirit in which will depend, in a measure, upon the spirit in which this body will assemble after the solema and affec-ting that body reporties which have passed before the measure and services which have
