REPORTED & TELEGRAPHED FOR THE PITTSBURGH DAILY GAZETTE

CONGRESSIONAL.

WASHINGTON, Aug. 16.

SENATE.—The Senate was not in session to day, having adjourned over yesterday, until Monday.

HOUSE.—The House, yesterday, went into Committee of the Whole on the state of the Union, and continued the debate on the Civil and Diplomatic Appropriation Bill.

Mr. Ewing having the floor, spoke on the subject of the President's New Mexico and Texas Message, which he regarded as unfortunate, in the present state of the country, and which was calculated to add fuel to the flame already burning, rather than produce a salutary effect. He advocated the ten million Texas boundary bill, recently passed in the Senate, as the best mode of getting out of the difficulty, and as best calculated to be an advantage to the South, to Texas, and to the country. He made an earnest appeal to the House for the advancement of peace and conciliation.

A message was received from the Senate, announcing the passage of the New Mexico Bill.

Mr. Bayley, who reported the bill, was allowed by the rules, to make a closing speech. He said he should confine for a future occasion, an argument to prove that a more dangerous message than that recently communicated by the President, had never emanated from an Executive. If the views he expressed be carried out, this government would be converted into a military despotism. In defending the committee on ways and means, he said they meant simply to report a resolution that it was inexpedient to act on the subject of a modification of a tariff.

The Committee then proceeded to vote on the items in the bill.

Several amendments being offered and rejected, the Committee rose, and the House adjourned.

SENATE CONFIRMATIONS.

WASHINGTON, Aug. 16.

The following appointments by the President were confirmed by the Senate this morning.

John Turnbull Van Alen, of New York, to be charge d'affaire to the Republic of Ecuador.

Dwight Webb, of Michigan, to be United States Consul for China.

Elisha Allen, of Massachusetts to be U. States Consul at Honolulu, Sandwich Islands.

Absalom Fowler, to be United States District Attorney, for the District of Arkansas.

Horatio Harris to be United States District Attorney for the Southern District of Mississippi.

William M. Martin, to be United States Assistant Treasurer at Charleston, South Carolina.

Thos. Donohoo, Beck McCutchen, Arnold Stevens, Clark Page, Forrest Meiborn, and Hyde to be Justices of the Peace for the country of Washington, D. C.

NEW YORK, Aug. 16.

The steamship Niagara, from Liverpool, via Halifax, reached her Wharf, at 1 o'clock, to day, by which we have some further items of news.

THE DANISH WAR.

The London Times states that the Stockholder-ate of Schleswig Holstein have issued a proclamation announcing that their army will soon renew the conflict.

HAYNAU'S DISMISSAL.

It is stated that the cause of Haynau's dismissal was the discovery of his mal-appropriation of a considerable amount of public money. Radetzky and Welden are also said to be implicated with him. The former, it is said, will be dismissed.

NEW YORK, August 14.

Bising's Circular, dated at Liverpool, on the 2d inst., states that in Hamburg Sugar had declined, and that it had advanced in Holland and Antwerp.

At London, American Stocks were dull.

At Havre, on the 1st inst., four thousand bales of Cotton were sold at an advance of 2 francs per cwt. The stocks on hand amount to 40,000 bales.

DISTRESSING CASUALTY.

Boston, Aug. 16.

A catastrophe, of the most melancholy and distressing character, occurred yesterday afternoon, at Lynnfield involving the lives of fourteen persons —all women and children but one. The following are the circumstances.

A large party of men, women and children, most of them connected with the first Christian Society of Lynn, proceeded to Lynnfield on a pic nic party, and had chosen a delightful spot on the border of a beautiful pond. About two o'clock a party of 25 went on board of a large flat bottom row boat, for an excursion on the pond. When about one hundred yards from the shore, the boat capsized, and 14 of the party were drowned.

The disaster has thrown the People of Lynn into the deepest distress.

JENNY LIND.

NEW YORK, August 16.

COMMERCIAL RECORD.

PITTSBURGH BOARD OF TRADE AND MERCHANT'S EXCHANGE.

COMMITTEE FOR AUGUST.

JESSE CAROTHERS.——C. W. RICKETSON.——C. G. LOOMIS.

OFFICE, PITTSBURGH GAZETTE, }
Saturday morning, August 17, 1850. }

The general feeling of the market during yesterday was marked by no change in any branch of trade, nor was any thing done, so far as we could learn, beyond the regular home trade demand; as the season is now far advanced, and the opening of the fall trade near at hand; we may anticipate, that ere long, our tradesmen will find themselves in the midst of a busy autumnal season.

FLOUR—There were considerable lots of Flour imported by river yesterday, but the bulk of it being received on consignment or for shipment east, very little was offered to the market, and sales were barely worth mentioning. We observe no change, either in prices or demand, and can daily continue our quotations from first hands at $4,25 for fresh ground; and from store in regular dray load lots, at prices ranging, according to quality, from $4,27 to $4 50 ₱ bbl. The sales at the City Mills have been made by retail, at $4,75 ₱ cwt for prime quality.

RYE FLOUR.—Very little is arriving, and we hear of no sales of consequence. We continue to quote at $3,50@3,62 from first hands, and $3,75 from store.

CORN MEAL.—Sales in bb s at $4,25@4 37 ₱ bbl, and by retail from the mills at 60@62c ₱ bus, with a fair demand.

BACON—The market is quiet, but prices are generally well sustained at previous quotations.

LARD—Is nominal at 8@9c, in bbls as kegs.

GROCERIES—The market continues firm, with an advancing tendency. Sugar and Molasses, regular sales of which we notice at 6¾@7c for sugar, and 27@ 28c for N O Molasses, in express at & oak bbls; in 4 @ 43c for S H. Coffee is quiet, at 10@11¼ for the better qualities of Rio.

IRON & NAILS—The following is a corrected list of the prices of the various sizes and descriptions, of Pittsburgh manufactured Iron. We give the outside range of prices:

Iron—Flat bar		1½@5c
" Round and square bar		1½@5c
" Band		2½@3½c
" Hoop		3½@4c
" Sheet		3½@4c
Nails—10 to 20 penny		$3 25 ₱ keg.

" 6 to 8 penny		4,00 "
" 5 penny		4,25 "
" 4 penny		4,50 "
" 3 penny		5,50 "
Spikes—Cut, 3 to 4 inch		4,00 "
" Cut, 5 to 6 inch		4,50 "
" Cut, 6 to 7 inch		5,00 "

DRUGS, MEDICINES, & DYE STUFFS—We give the following corrected list of prices of some of the principal articles under this head:

Aloes, Cs	15@17	Liquorice root	7@9

Jalap, powdered	90@1,00	Logwood, chipped	6@8
Lithargy	9@10		

ASHES—The market continues inanimate, and will remain so until the opening of the fall trade. We have no change to notice in prices.

FISH—We notice a continued firmness in the Fish market, with regular sales at the following prices:—No 1 Mackerel, $15; No 2, $11, and No 3 at $8,50@9,75 ₱ bbl. Shiners, $10 ₱ bbl, and $2 ₱ box. Sales new Herring at 2½ ₱ bbl.

CITY MILLS FLOUR.—The Flour manufactured at the Pittsburgh City Mills, is established for itself a superiority in point of excellence, which is highly creditable to the enterprising manufacturers, and should be hailed with no ordinary degree of satisfaction on the part of the consumers in this section, as well by the farmers to whom the establishment of these Mills has opened an excellent market for their Wheat and our Grains.

In the manufacture of fine Flour, we have often wondered why Pittsburgh should remain so far behind the age, while in other branches of manufactures she has sustained an eminence so far in advance of any other city in the Union of her population. We are proud to state, therefore, that this vacuum in the general manufacturing interest of our city has been filled, and that by the establishment of the City Mills, we are furnished with a home manufactory of Flour equal to the best made in the Union, and even excepting the far famed Genesee Flour, of New York, which always stands first in quality in the New York city market.

A sample of the best Genesee Flour, made from prime Wheat of the present year's growth, was sent recently from New York, for the purpose of comparing it with the City Mills Flour. It was examined by Mr. Stapleford, one of our City Inspectors, who is one of the very best judges of Flour. His decision was, that the City Mills Flour was equal, if not a little superior to the Genesee sample, being of a decidedly finer complexion.

NEW ORLEANS MINT—There was $410,000 coined at the Mint in this city during the month of July, of which $320,000 was in gold, and $120,000 in silver.

Money Matters, Trade, &c.

PHILADELPHIA, Aug 15, 1850.

The stock market presents no new feature worthy of notice. Transactions continue on a restricted scale, with but little change in prices. There were some sales of Texas Registered 5 per cents, at 101½, and Pennsylvania Pacific, we have to-day's later intelligence from Europe. There is nothing in the news from abroad of very important. Cotton in Liverpool had advanced ⅛@¼ between the 27th and 31st—thus fully establishing the report received on the 30th. In Manchester the Broadstuffs was fluctuating, with rather a downward tendency.

The Albany Argus states that a $10 bill was enclosed to the Cashier of the Bank of Kinderhook, from the interior of this State, to ascertain the genuineness. It was at once discovered to be a counterfeit. The devices are altogether different from any bills issued by the Bank. It is dated June 1, 1844—figure two in the eagle, shield, &c—medallion on each end—J. F. Beekman, Prest; C. O. Gwin, Cashier—steamship between the signatures.

The Syracuse and Utica R. R. Co. have declared a dividend of 1 ₱ cent.

The Pittsburgh, Cincinnati and Louisville Telegraph Company have made a report on the earnings and expenditures of the Company since its organization. The Company have declared nine dividends up to the 1st of April, amounting in the aggregate to $36,000. The receipts during the year 1849 were $27,334 61, and the expenditures $3,575 31, leaving a balance of $23 809. During the year four dividends were declared, of 3 per cent each, and two of four ₱ cent—amounting to $24,000, there being a balance on hand Jan 1, '849, of $2,097 6 E.—North Amer.

NEW YORK, Aug 14, 1850.

Foreign Exchanges were up to a good demand to day; sales of bills on London were made at 109@110; Paris, 5,22½ @5 20; Amsterdam 40@40; Hamburg, 34@35; Bremen, 79@80.

The stock market was languid to day, but few sales and no great change in prices.—Cour. & Enq.

BOSTON, August 12, 1850.

During the past week the money market has been tested in stringency, and the banks have rejected a large amount of the notes offered for discount than usual—The outside rate of interest range all the way from 9 to 12 ₱ cent. for 4 and 6 months, paper and stock collateral loans.

The stock market has not been much affected by the altered state of money matters. A healthy tone being still maintained in regard to the value of the securities usually dealt in on the stock exchange. The weaker description are generally the first to yield under a financial pressure, but thus far the quotations for them vary not much from the average price of the past two or three months.—Courier.

STEAMBOAT BURNT.—About half past one o'clock yesterday morning, the stern Andrew Jackson, which had been lying on the Illinois shore, opposite the city, for several weeks was discovered to be on fire. The alarm was sounded, and the former boat Illinois immediately got up steam, and came to this city, where she took on board the St Louis engine, which had been waiting at the ferry landing. The efforts of our gallant firemen prevented the burning of the hull and fastenings, so that she was kept in her place till see rank. Had the flames broken down she would have communicated the flames to six steamers moored immediately below her. The fire was undoubtedly the work of an incendiary. The Andrew Jackson was owned by Capt. Thos. Eckhart, of Cincinnati, whose loss is covered by an insurance of $20,0.—St. Louis Rev.

speedy, permanent, and satisfactory cure to all afflicted
with dalicate diseases, and all diseases arising there
from.

Dr. Brown would inform those afflicted with private diseases which have become chronic by time or aggravated by the use of any of the common nostrums of the day, that their complaints can be radically and thoroughly cured; he having given his careful attention to the treatment of such cases, and successful in hundreds of instances in curing persons of inflammation of the neck of the bladder, and kindred diseases which often result from those cases where others have consigned them to hopeless despair. He particularly invites such as have been long and unsuccessfully treated by others to consult him, when every satisfaction will be given them, and their cases treated in a careful, thorough and intelligent manner, pointed out by a long experience, study, and investigation, which it is impossible for those engaged in general practice of medicine to give to one class of diseases.

☞ Hernia or Rupture.—Dr. Brown also invites persons afflicted with Hernia to call, as he has paid parties) due attention to this disease.

CANCERS also cured.

STEAMBOAT BURNERS.—Our attention has been called by several of our Steamboat Captains to the fact that a number of persons are now engaged in the nefarious character of runners for certain Steamboats which we could name: This system of things on our wharf should be frowned down by an intelligent community, and doubtless will be, if the matter is viewed in the light it ought.

Many of our Merchants have expressed a determination not to ship on any Steamboat that will impose upon the public by the employment of runners for the purpose of procuring passengers This is a wise determination, and we believe it is the only remedy that can be effectually applied for the curing of this disgusting nuisance.

It is not the comfort of the traveller that is sought by these runners. They are paid well for their services. They receive a certain per centage, or a certain supposed sum for each passenger, whom they can persuade by their sly philosophy, Mephistophelian, and sinister cast out of ten, the very boats that resort to this detestable means of defrauding the public, are either unsafe to travel on, or are far inferior in their accommodations to the many other steamboats, whose commanders spurn as dishonorable, the very idea of sending on runners to procure passengers.

We would caution all travellers against the insulting intrusions of all steamboat runners, and warn them against the false representations which they are ever ready to practice upon them; and to patronize no steamboat whose want of popularity makes it necessary for them to employ runners.

MONONGAHELA CITY PACKET.—It will be seen in another column, that the star Youghiogheny has left the Beaver and Glasgow trade, and is now running as the regular daily packet between this city and Monongahela City. The Y. is a good boat, and from the exceeding lightness of her draught, she is admirably adapted for a low water steamer. She leaves regularly each day, at 4 o'clock, P. M.

FOR CINCINNATI AND ST. LOUIS.—It will be seen by advertisement that the fine steamer Glaucus, Capt. Ehbert, will leave as above this day. The Glaucus is a boat of the very first class, and we hope to see Capt. E. go well patronized.

FOR LOUISVILLE.—The fine new steamer Chattanooga, will leave for Louisville and all intermediate ports this day, at 2 o'clock, P. M.

JOHN RYLE'S SPOOL SILK.

Expressly for Sewing.

TO avoid the inconvenience attending the use of the customary Skein, the above article has been made, and for a long time wanted. It has always been a matter of astonishment, that while the convenient article of Cotton, was conveniently spooled for general use—Silk, on such good reels, should have been supplied in Skeins, from which so much trouble, vexation, and loss has arisen.

The difficulty has at last been overcome, the public is offered a good article, handsomely put up in a convenient form for domestic use.

The only objection urged against this article is the apparent small quantity on each spool. This is easily explained. A spool is made to contain 100 yards of Silk; while the ordinary Skein, at the same price, has but an uncertain quantity, varying from 18 to 16 yards.

The Spool Silk is ready for use at the time of purchase, and it only needs a trial, to convince the most skeptical of its convenience. It is also independent of the neat and convenient form in which it is furnished, it has great economy in its favor. Ladies, as it does away with the incident of winding, the vexation of tangling, and the loss of time in preparing it for use.

LOTS FOR SALE.

100 of the most valuable and desirable Building Lots in the market.

AT prices which will allow handsome profits to those who purchase to sell again, and in locations which it is believed will give full satisfaction to those who buy to improve and occupy. The Lots abound in one mile from the New Court House, adjoining the Stevenson, Hayden Wharton, and Thomas Farmers' Addition, SHADDUCK STREET, CONKRITE, LEADY, and CARTER STREETS. Those on Pennsylvania Avenue are eligible for good dwelling houses, and are the only Lots for sale on that street that have a view of the fine scenery of the Monongahela River. Those on the Shaddock street, are on a high, dry, and healthy location, much nearer the centres of city business than various properties on the Allegheny and over the Monongahela. Last have been sold at low prices. Plans exhibited and terms made known by

MISCELLANEOUS.

Soldiers and Widows' Claims.

THE undersigned, late Agent for paying United States Pensions, at Pittsburgh, will attend to the prosecution of Soldiers and Widows' Claims for Pensions and Bounty Lands.

An official connection with the United States' Government has made me familiar with the rules and forms, as well as the decisions of the Pension Department at Washington City.

Many widows and heirs of Revolutionary Soldiers have claims that may yet be obtained by prosecution.

Dr. Guysott's Extract of Yellow Dock and Sarsaparilla.

PUT up in the largest sized bottles, contains more of the pure Honduras Sarsaparilla than any other preparation extant which is chemically combined with the Extract of Yellow Dock, the Extractor Wild Cherry, and the Balsam of Fir, thus making the remedy more thoroughly efficient than any other Sarsaparilla before the public. At the same time it is perfectly free from all mineral poisons, which cannot be said of any other of the Sarsaparilla compounds. The invalid should beware of poisons! Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active base of most of the Sarsaparilla and Panaceas of the day. Guysott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances, as any one can easily ascertain by applying the necessary tests.

The poisons may occasionally remove Disease, but they so vitiate the blood, and so completely impregnate the whole system with their baneful effects that the first cold or the least attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating torture, and renders number cure almost impossible and hopeless. Let all poisonous Sarsaparilla preparations alone, and use Guysott's Improved Extract of Yellow Dock and Sarsaparilla, which is thoroughly efficacious, perfectly harmless, and purely vegetable. All kinds of disease yields to its genial influence.

CURES.

Scrofula, Cancerous Tumors, Cutaneous Eruptions, Dyspepsias, Piles, Pustules, or Pimples on the Face, Chronic Sore Eyes, Tetter, Scald Head, Rheumatism, Enlargement of Veins in the Legs or Bores on the Shin, Old and sud-born Ulcers, Fever Sores, Rip Disease, Swelling of the Glands, Blotches, Syphilitic Symptoms, Lumbago, Dropsy, Dyspepsia, Jaundice Nervousness, Salt Rheum, Affections of the Kidneys and Bowels, arising from an injudicious use of Mercury, Minister's Sore Throat, Weakness of the Chest, Pulmonary Affections, and all other diseases arising from impure Consumption, Liver Complaint, Sores, Irregularities and Complaints, Sick and Nervous Headache, General Debility, Low Spirits, Loss of Appetite, Night Sweats, Pains in the Side and Shoulders, Exposure or Imprudence in Life, Chronic Constitutional Inwardness, and as a Spring and Summer Purifier of the Blood, and General Tonic for the System, it is unrivalled

A case of Universal Loathing of victuals years standing.

The following is an extract of a letter dated March 27, 1850, from F. B. Perkins, M. D., a highly respectable physician of Marietta, Ohio:

JOHN PARK—Dear Sir: I have under my care a young woman who, for between seven and eight years, has been afflicted with a most terrible dyspepsia, and given over by her friends and pronounced hopeless by three or four physicians. I took her into my family, under Guysott's Yellow Dock and Sarsaparilla treely and confident that the Yellow Dock and Sarsaparilla was equal to the occasion. She is better to-day than she has ever been before, and walks a mile or two without fatigue or pain. A year ago she used crutches. I will report the case in full hereafter.

Very respectfully, F. B. PERKINS

DYSPEPTICS.

It has been remarked by eminent men, that in the varied catalogue of diseases to which man is subject, there is scarcely one of such importance, and of such interest as Scrofula, whether we look to the severity of its origin, its insidious progress, the number and variety of its victims, which cannot be said of any other of the Sarsaparilla compounds. The invalid should beware of poisons! Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active base of most of the Sarsaparilla and Panaceas of the day. Guysott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances, as any one can easily ascertain by applying the necessary tests.
