ENGLAND.

The chief feature of English news is the Queea's speech upon the proregation of Parliasment. Tusfullower paregraphs are all that possess any general interest:

"I look or the most beneficial consequences from the meavier which has been framed with a view togive my people in Ireland a fair participation is not representative system.

"I am encouraged to hope that the treaty between Germany and Donnark, which has been concluded at Berlin, under my mediation, may lead, at no distant participation for the restoration of peace in the North pi Europe.

"I consider to maintain the most friendly relations with oregin powers." ENGLAND. Lora Detectionary of Archanol Education and the Marriage Bill.

At a concert given at Liverpool on Friday, by Jeny Lind, the house was crowled to suffocation, and nekets sold at a high rate of premium. She is said to be more beaturful and accomplished than ever. The Atlantic being too full of passengers to accumulate her entire suite to New York, a portion of them are passengers by the America.

FIG. AVICE. The Assembly was prorogued on the 10th instant and the Ministers have now all things their own way.

The attention of the French nation is now principally occupied by the progress of the President through the Provinces. With some few exceptions, he appears to have been favorably received by the people. y the people.

Accounts from the Provinces state that the wea
Accounts from the Provinces state that the wea

vesting, in consequence of which, there has been
an advance in the grain market of 2s 6d pe DENMARK AND THE DUCHIES. DENMARK AND THE DUCHIES.

One account from head quarters represents that a slight engagement had taken place on the 8th—The attack on the part of the Danes was precipitate, on account of an explosion of the laboratory of the artillary of General Willisen, by which there was great toss of this and property. Ninety persons were kiled by the explosion, and thirty five wounded, some severely; and eleven are missing. Many of the bedies were so mangled, that they could not be ideatified. Twenty two exists of the Artillery School, are among the missing. Scarce yes how the town has escaped from the concusion. The effect of the caustrophe on the public mind has been very depressing.

About none or fluttedsy, the day on which the custom. The effect of the existrophe on the public mind has been very depreting.

About noon on Touriday, the day on which the explosion tock place, the Danish General advanced, with a large bedy of men, to the very verge of the right wing of the Schleswig Holstein's position. The latter featured to the miss body behind the bridge, end a sharp struggle ensued, which gradually extended continuous. The latter any and with loud houses at the Duvenstath, it lasted for some hours.

The Dance communitered the Schleswig Holsteiners. The latter any anced upon the Dance with fixed layanet, and with loud hours, drove them from their sheller. The Dance of the supplementation of the latter has been determined tolgroupous the Department of the stilled and wounded, which is, with them, a most uncommon circumstance.

Dates from Hamiung to the 13th instant, state that it has been determined tolgroupous the Department of War from Kiel to Rendshury.

Intelligence has been received from the seat of war, to the effect that a constitute of houristics has taken place between the beliggerent parties, and that negotiations were, or foot at Schleswig between the English, French, and Russias Envoys, in order to put an end to the effects of the first of the properties of the state of the state has been received from Gopenharces, that he is not all Domansk, during all this broil and trouble, has been received from Gopenharces, that he is not all Domansk, during all this broil and trouble, has been received from Gopenharces, that he is not all colours and a denice on it is shown and the sing of Domansk during all this broil and trouble, has been received from Gopenharces, that he is not all Domansk, during all this broil and trouble, has been received from Gopenharces, that the king of Domansk, during all this broil and trouble, has been merging be usual amours found dissipated, and that a denece on the lively young dress metry of that city.

WILLIAM TO A LESS

WILLIAM TO A LESS

Combination of Yonic, Alterative and Apericant qualities, peccifically adopted to their systems.

The specific action that this switch these on the Liver and Operative Organic, renders its complete Antidote of Pewer and Ages, and thiloses and Typus Fevers.

DEAR SIR

I have used the article of Planett's Bittern

frameword great tens fit from them. I have

great tens fit from them. I have

great tens fit from them. I have been subject for years past to the Fever and Agac, but since the introduction of your B there. I have entirely escaped my usual attacks, and can with confidence tacommend them as one of the hest Tonics in use.

Resp. cf. fully yours.

C. N. BUNDING.

Springs seld, June 20th, 1850.
