Washing, Bleaching, and Cleansing Fluid.

DIRECTIONS—Put the clothes into cold water and let them soak over night. In the morning wring them out and put them into a kettle of boiling water, to which add the proportion of one pint of fluid to eight gallons of water—stir it up and boil the whole twenty minutes. The clothes may then be wrung out and well rinsed in clear cold water. The parts of garments that may be most soiled, such as wristbands and collars of shirts, may be slightly rubbed before rinsing, and the clothes will be found perfectly clean, white and clear.

Warranted not to injure the finest fabric and to give perfect satisfaction, or the money will be refunded.

INSURANCE.

State Mutual Fire Insurance Company,
HARRISBURG, PA.

THE very liberal patronage extended to this company, having issued policies to the amount of near One and a Half Million of Dollars, during the last three months, is sufficient manifestation of the estimation and confidence of the public in the system of management on which its business is conducted.

To city or country merchants, and owners of dwellings, and isolated or country property, it is believed this company affords advantages in point of cheapness, safety, and security, inferior to no Insurance Company in this country.

Conducted on the equitable and greatly improved system of Classification of Risks, excluding all special hazards, insuring only a limited amount in any one locality, thus precluding the frequency and occurrence of large fires, and also on both the Stock and Mutual plan, it not only possesses the cheapness and accommodation of both methods, but entitles the insured to a participation in the profits.

It is under the control of the following Directors:—John P. Rutherford, A. J. Gillett, John B. Packer, Samuel T. Jones, Alonzo A. Carrier, Philo C. Sedgwick, Robert Klotz.
J P RUTHERFORD, Pres't
A J GILLETT, Sec'y.

CHEMICAL STOVE POLISH

THE Phœnix Manufacturing Company now offer to the public their Premium Chemical Stove Polish; and without exaggeration, or fear of contradiction, by those who have tested it, pronounce it far superior to any other in the market. The consumer need have no apprehensions of soiling carpets, &c., as its composition prevents a dust from arising when being applied, which must be done when the Stove is cold.

The quantity required is so little to produce a beautiful lustre. A saving of over fifty per cent is insured to the consumers. A coating applied to Stoves, Pipes, &c., when laid away for the summer, is a sure preventative against rust. After having tried it once, (if it is accessible) no person will use any but the Phœnix Manufacturing Company's Premium Chemical Stove Polish. For sale by

Slaughtering & Packing Establishment FOR RENT.

THE well known Pork and Beef Slaughtering and Packing Concern, owned and formerly occupied by the late James P. Campbell, is for rent.

The establishment is located in Chillicothe, Ross county, O., on the plat of ground dividing the Ohio Canal from the Scioto River, and has one thousand feet of ground front on each. The enclosure embraces six acres of ground, containing large pens, large and commodious slaughtering, hanging, cutting, packing, smoking, and lard rendering houses, brick house for office and every convenience for handling TWELVE HUNDRED HOGS PER DAY, and rendering the lard from the same; as there are a double flue steam boiler and engine for scalding hogs and cutting lard, and two tanks for rendering offal by steam.

There is also, on the premises, an Ice House, large enough to contain eight thousand bushels.

The Scioto Valley, of which Chillicothe is the chief market, is one of the largest Pork and Beef Districts in the West, and hogs can always be bought there at lower prices than at Cincinnati and many other points, and cooperage is abundant and cheap.

There is no drayage necessary, as boats may be loaded at the Packing House, and the facilities for shipping direct from this via the Lakes to New York or Philadelphia, or Baltimore via Pittsburgh, or to the East or South via New Orleans; are at all seasons of the year fully equal to those afforded by Cincinnati. Money facilities are also good, there being ten or twelve banks within forty five miles.

Applications for renting may be made to
ALEX. H. McGUFFEY,
Attorney at Law, Cincinnati;
Or to FRANCIS CAMPBELL,
Chillicothe, O.

MEDICAL.

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the bladder and kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, running ulcers, &c. that they can be cured by taking the Petroleum! You may talk about its being a nostrum as much as you please, but this does not make it so, for we proclaim in the face of an honest community, that it has virtues which are not contained in any other remedy. The man who is racked with pain and suffering from disease, can for fifty cents, get relief from any of the ills enumerated above. Reader! it costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles after other medicines have failed to render any relief. It has cured Rheumatism of long standing, and of the worst and most painful character. It has cured Cholera Morbus by one or two doses; it has cured old cases of Diarrhea, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compound or ointment that we know of. It will cure chill blains or frosted feet, in a few applications; undoubted testimony can be furnished of the truth contained in the above statement by calling on Samuel M. Kier, Canal Basin, 7th street; or either of the agents.

Keyser & McDowell, corner of Wood street and Virgin Alley; R. E. Sellers, 57 Wood street, D. A. Elliot & D. M. Curry, Allegheny city, are the agents.

BEAUTY—It is universally conceded that beauty is more common in this country than in any other, while at the same time it is said that in no other country is it lost at so young an age. Now this is true to a certain extent, but the loss is often caused by neglect. We say to all, do not neglect your personal appearance, but read the following, and you need not lack good looks. These articles are scientific preparations, and have all attained a high popularity.

JULES HAUEL'S EAU DIVINE DE VENUS AND NYMPH SOAP, for removing tan, sunburn, pimples, blotches, and other eruptions of the skin; the most perfect conservator of beauty ever known. Purchase nothing purporting to be Nymph Soap, unless it has my name attached.

JULES HAUEL'S PERSIAN OR CHINESE POWDER, for imparting to the most bilious complexion a radiant whiteness. In nothing should a person be more careful than the use of a powder for the skin, as many of those sold are very injurious. My Chinese Powder is compounded in a scientific manner, and contains no ingredient which can possibly inflict an injury.

JULES HAUEL'S DEPILATORY POWDER, for removing superfluous hair. What is more unsightly than hair upon the face or arms of a lady. This article will remove it in a short time, without the use of any sharp instrument.

JULES HAUEL'S VEGETABLE LIQUID HAIR DYE will instantaneously impart to red, white, or gray hair, a beautifully black, brown, or auburn color. It will color the hair in a shorter time, and more effectually than any other Dye, being at the same time indelible.

JULES HAUEL'S SHAVING CREAM.—It is really a pleasure to shave with this cream. There is none of the smarting sensation usually experienced in the use of most Soaps. On the contrary, it leaves the skin smooth and soft as an infant's, and not liable to become chapped.

JULES HAUEL'S ROSE TOOTH PASTE.—Next to the hair, we think the Teeth were intended as the greatest ornament to the human face; but when neglected, nothing is so disfiguring, or so quickly seen. My Rose Tooth Paste will impart to the teeth a pearly whiteness, at the same time keeping the gums firm and healthy.

Also on hand, a complete assortment of French, British, and American Perfumery and Fancy articles.

83 do half axes, to weigh 3½ pounds
41 do hatchets to weigh 1½ pounds
25 broad axes

Class No. 7.—NORTHWEST GUNS.

650 north west guns, two thirds of which must measure 36 inches in length of barrel, and one third 42 inches in length of barrel, to be delivered in New York or Philadelphia, as may be required.

Samples of all the above articles are deposited in the office of the Commissioner of Indian Affairs; and it may be proper to remark that those of hardware, agricultural implements, and north west guns, are entirely new, and of better quality than the articles heretofore furnished under former contracts.

The proposals may be divided into seven parts, viz.:
1st—Blankets.
2d—Dry Goods.
3d—Domestic goods.
4th—Hardware.
5th—Agricultural implements.
6th—Axes.
7th—Northwest guns.

The lowest competent responsible bidder will receive the whole or any part of the contract, according to the above scale, the Department reserving to itself the right to determine whether the bidder is competent and responsible or not.

The whole amount in money to be applied to the purchase of goods will be about $90,000, but the Department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof, or to require, at similar prices, such goods as may be wanted for presents or other purposes, in the administration of the affairs of the Department. Goods of American manufacture, all other things being equal, will be preferred; but as all the samples of blankets and cloths are of foreign manufacture, it will be necessary, when a domestic article is bid for, that a sample of it should accompany the bid, to enable the Department to decide whether it is of equal quality with the samples to be exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices, in dollars and cents, at which he or they will furnish them under each class separately, deliverable in New York, or if the contractor prefers it, about one-half of the quantity may be delivered in St Louis, Mo., free of expense to the Government, on or before the 15th day of May next, assuming the quantity of each article as specified in this advertisement, and extending the cost, making an aggregate of the whole invoice constituting the bid. The goods will be inspected in New York (and in St Louis, if any portion of them should be delivered there) by an agent of the United States, who will be appointed by the Department for the purpose; and to ascertain the conformity of the articles purchased with the samples exhibited, when the contract shall be made, and with the terms of the contract itself, which shall contain a clause that if the articles are not furnished within the time prescribed, or if they are of insufficient quality in the opinion of the agent aforesaid; and if within five days after notice of such insufficiency the party shall not furnish others in lieu thereof of the required quality, the United States shall be authorized to purchase them of others, and to charge any increase of price they may be compelled to pay therefor to the contractor, who shall pay the said difference to the United States.

Bonds will be required in the amount of the bids, with two good sureties, the sufficiency of whom to be certified by a United States Judge or District Attorney, for the faithful performance of the contracts. Payment will be made after the contract is completed and the delivery of the goods as aforesaid to an agent of the Department, upon a duplicate invoice certified by him.

Communications to be marked "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be received that are not made in the form and terms here prescribed:

"I (or we) propose to furnish for the service of the Indian Department the following goods, at the prices affixed to them respectively, viz:—

(Here insert the list of goods.)

Deliverable in the city of New York (or St Louis) on or before the — day of — next; and in case of the acceptance of his proposals, the quantity being prescribed by the Department, I (or we) will execute a contract according to this agreement, and give satisfactory security to the Department within ten days after the reception of this bid; and in case of failure to enter into such contract, and give such security, I (or we) will pay to the United States the difference between the sums bidden by me, (or us,) and the sum which the United States may be obliged to pay for the same articles."

Each and every bid must also be accompanied with a guaranty in the following form, to be signed by one or more responsible persons, whose sufficiency must be certified by some one who is known to the Department, either personally or by his official position.

"I (or we) hereby guaranty that ———, the above bidder, will comply with the terms of the advertisement for 'proposals for Indian goods,' dated September 25, 1850, if the contract should be awarded to him, and enter into bond for the execution of the same within the time prescribed."

MISCELLANEOUS.

Western College of Homœopathic Medicine,
CLEVELAND, OHIO.
Session of 1850-51—Chartered 1849.

THE FIRST WINTER SESSION of this Institution will commence on the First Monday of November, and continue four months.

The Chairs of the Faculty are arranged as follows:
Storm Rosa, M. D., Professor of Midwifery, and Diseases of Women and Children.
Lansing Briggs, M. D., Professor of Principles and Practice of Surgery.
Charles D. Williams, M. D., Professor of Institutes and Practice of Homœopathy.
Lewis Dodge, M. D., Professor of Materia Medica and Medical Jurisprudence.
Hamilton L. Smith, A. M., Professor of Chemistry.
Edwin C. Witherel, M. D., Professor of Anatomy and Physiology.
John Brainard, Professor of Physical Science.
Charles W. Bell, Demonstrator of Anatomy.

The Charter of the Western College of Homœopathic Medicine was granted by the Legislature of Ohio, during its session of 1849-50. It confers all the rights and privileges usually possessed by Medical Colleges in the United States, and, unlike many colleges, it exists independent of any other institution, having in itself the power to confer degrees, and possessing a common seal.

The degrees are conferred by the Faculty and Trustees upon the recommendation of the Faculty.

The amount of fees for the full course will be $55. Matriculation fee, $5—to be paid but once. Demonstrator's ticket, $5. Graduation fee, $20. Persons who have attended two full courses of lectures in other colleges, are admitted to the full course in this Institution on the payment of $20. Graduates of respectable medical schools are permitted to attend the course on the payment of the matriculation fee only.

Good board, including room, light, and fuel, can be obtained from $2 to $2 50 per week. For further information address, CHAS. D. WILLIAMS,
oc4:d1m Dean of the Faculty.

IMPORTANT TO THE AFFLICTED.
Dr. Rose's Celebrated Remedies.

DR. JACOB S. ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound only, for that is incompatible with Physiological Law, but by the use of his remedies, adapted to and prescribed for each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used are invariably acknowledged to be superior to all other, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills is admitted by the faculty to possess peculiar properties adapted to female diseases, but being satisfied that a bare trial is sufficient to establish what has been said in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy and its application.
