4.4.7

Sho was antacked will a very sore eye in February or March tast, when I annediansly applied to the bert medical and an the city, by whoni it was pronounced; "a very had eye" and nil gave mis no beye of doing her any good. After which look her tints the com-try to an oil lady, who had bean very successful in caring eyes. She told man that her eases was hopeless, as also would certainly lote not only that one, bat also that the other would follow—it kelling serroflows affection of the blood. And 1 do certify, that at he time my faher (J. R. Vashon) cannot to conclusion that we had better thy 'goot " Petroleum," and was serrately attrdo, of ene eye. It is now alson two menthe since site togen its uses, and shockan now seel nenths since she began his use, and she-can cow s with both eyes as good as ever she did; and, as i as I can tell, I behave she has, with the blessing he Almighty, been cured by "Petroleam."

never be pressed in positive and express language, and so far as this question has been passed upon by the Surrame Court such appears to be their opin-

the Sourcemb Contract and a provide the source of Rossent cr. Wilson, already sited, Mr. Justice Nelson (who delivered the optimion of the Court.) To a peaking of the Sth Sociion of the Act of 1856, which sutherized the extension of a patent for several years, asyst: "By the report of the Commissioner of patente, it appears that 500 the Court.) Is apeaking of the Min Section of the Act of 1856, which suthenized the extension of a patent for seven years, says: "By the report of the Commissioner of patents, it appears that 500 pletchs issued in the year 1844, for the fouriers have been purchased of labor or art, on the farm, in the workshop and factory. These articles have been purchased from the patentee and gone into common use. But if the construction against workshop and factory. These articles have been purchased ould proval; the moment the patent of ether article is renewed, the common use is artored by the exclusive grant to tho paten-tics. Asometarction, leading to such consumers, and the workshop and factory. These articles have been purchased have and the moment the patent of ether article is renewed, the common use is artored by the exclusive grant to tho paten-tics. Asometarction, leading to such consupering, and hould not be adopted nucleus compiled by the most exprise and parties of anguage of the status". That Congress inters consult for the moment of the statified the adopted nucleus compiled by the most exprise and parties language of the status". That Congress inters can be status as the stati-tice of the patentee on the Marnaki and break the machines to pieces, which have been partha-ed from the patentee of his satism. To injoin the use of them amounts to much the same ting-rates a cartain for a capter and positive lane gauge in the status, confiring a right of such doobtil joaid con the patentee. In such a case, I am tot disposed, on a mere interlocatory molion and before the patente state high and dangerous power (if extersion is ad a full and final hearing) to exercise the bight and dangerous power (if extercised is discreently) of issing an injunction, which will put the defaults and their business callerly at the merery of Plaintif, without the chance of a fair and full trid. They do not stand before the Court in the atting of pirates of compliantum invention is but rather as resisting what they believe to be an

Tably do not asked when the toron interestion; but rather as resisting what they believe to be an op-pressive construction of an act of congress, and on never contemplated by it. They are simply able pay any damages which may be assessed; in car of a recovery assimutions may be assessed; in car of a recovery assimutions are refused. by the injunctions are refused.

may have an order on them to keep an account,— bot the injunctions are refined. As to ordering the issues requested by the de-fendants, we would remark that the fact that these machines were purchased from the patentes by the defendants, works no estople, eitherin law or equi-ty, to their denial of the originality of the invention, under the circumstances of the case. They have a right to be heard, on the defence set up and worn to in their answers. Whether it should be tried by the court, or an issue sent to a jury, depends on the nature of the case. They have differentiation of the conflicting and contra-dictively. As usual, be conflicting and contra-dictively, and upstices are tried by a jury, with the witnesses before them in person. Issues are thete-fore ordered to be tried to the next the Term.
