The autriso Charge writes an important letter, it characterizes the mirsion of Dudley Mann to the Hongariaes, as a welationfold the principles of non-intervention, announced by Gen Taylor, and formally protests, mitte name of his Gevernment, against the proceedings of our Government. It treats Mann as a pay.

Mr. Webster replies at length, and handles Huleelman without gloves. He justifies the lively interest taken by our people in the events and motent ats of the extraordinary age, wherever exhibited. W.T. McDONALD, M. A. Associate.

The weather at the East has been exceedingly cold; at Albany and Rochester the snow is some three feet deep.

Nostrown Plank Roan—We call the attention to the following report of Mr. McGowin,in reference to this contemplated work. After a thoreuph examination, Mr. McG. is satisfied that the road sno be made an a much less grade than was here tofore supposed, and at less expense. It is a matter of considerable importance to Erisburgh that the road should be made, and we sincerely believe that the stock will prove an excellent investment. All over the country where Plank roads have been made they have been found to pay heavy dividends, and expecially so waren leading into large citize. We it ust that some of our enterprising citizes will give it their attention.

To M. B. Brown, Robert Wood, George Ledic, and James Trunuck, Ergs:

GENTIARIS—I have made an examination and survey of a portion of the proposed route of the Plank Road from Temperance ville to Noblestown The part surveyed commences at Temperance ville, near the mouth of Saw Mill Ruo, thence through land of Warden, McCartney, Obey, Gard ham, James, Wood, Smith, Anshutz, Tow, and others, god termantes at Sammel Bell's on Charter's creek, where the present road to Noblestown interrects with the creek.

I find the route exceeding its the summat in Capt. Wood's farm (late Smith's) being daily 2 degrees 30 mmutees or 4,856 feet per 100 feet, and from temperance will be foreed and made of the content of the proposed of the summat in Capt. Wood's farm (late Smith's) being daily 2 degrees 30 mmutees or 4,856 feet per 100 feet, and from temperance will be conventionally the whole way at the same low grade fol 2 degrees 30 mmutees or 4,856 feet per 100 feet, and from temperance will be summat in Capt. Wood's farm (late Smith's) being daily 2 degrees 30 mmutees or 4,856 feet per 100 feet, and from temperance will be foreed with FRESH ROLL BUTTER—4 bris just ree'd by dees R A CUNNINGHAM UNCINNATI MOULD CANDLES-50 best Hill R A CUNNINGHAM the Talleyrand.
