Recent Deaths

RECENT DEATHS.

On Friday morning, April 21, Miss Gussie Irwin passed away at the home of her parents on Olive street. Deceased was a daughter of Mr. and Mrs. James F. Irwin, and was born in this place 19 years ago.

She had for some months been a sufferer from tuberculosis of the kidneys and underwent a serious operation in January which seemed for a time to have been successful. About six weeks ago, however, she suffered a relapse and although everything that medical skill and careful nursing could do was done, she grew gradually weaker until the end came.

She was a young lady of beautiful character, with a sunny disposition and her loss will be keenly felt by a host of young people, among whom she was very popular.

Early in life she became a member of the Methodist Episcopal church and she left to her loved ones the testimony of the dying Christian. She is survived by her father and mother and the following brothers and sisters: Edgar of Boyer, W. Va., Paul of Watsontown, Helen of Wayne, Claude and Fay at home. One sister, Alice, preceded her to the spirit world several years ago.

The funeral took place from her late home on Sunday morning, Rev. Frank Ruch officiating. Interment was made in the Union cemetery at Bellefonte.

The funeral was largely attended and the beautiful floral offerings were a slight token of the esteem in which she was held.

Calm on the bosom of thy God,
Fair spirit, rest thee now!
E'en while with us thy footsteps trod,
His seal was on thy brow.
Lone are the paths, and sad the bowers,

Whene thy meek smile is gone;
But, O, a brighter home than ours,
In heaven is now thine own.

Theophilus Pletcher.

At 4:30 o'clock on Sunday afternoon, April 17, death claimed as its victim Theophilus Pletcher of Howard.

He had been ill for over a year. Mr. Pletcher was a school teacher and farmer and has spent the greater part of his life in the vicinity of Howard. His home was on a farm about one mile west of Howard. Many friends mourn his death. Surviving are his widow and one daughter, Miss Tacy, living at home, and two brothers and one sister, Rudolph and Wm. T. Pletcher and Mrs. Thos. Daughenbaugh, all residing near Howard. The funeral was held on Tuesday at 1:30 o'clock, interment in the Schenck cemetery.

Richard Fowler.

A very sad death occurred at Blanchard on Friday, April 15, when Richard Fowler, a young man of 21 years, died from that dreadful disease, lockjaw, brought on by convulsions. His illness lasted but forty-eight hours. While dressing himself on Wednesday morning, he became suddenly ill. In a short time he was seized with convulsions, his brain became affected, and he lapsed into unconsciousness, from which he never rallied.

Physicians worked with him for some time but were unable to save his life. About 6 o'clock on Friday morning he died. The young man is survived by his parents, one sister, Mrs. Ruth Strunk of Howard, and one brother, James Fowler, residing at home. The funeral was held on Sunday afternoon, interment being made at the Baptist cemetery, at Blanchard.

David W. Holt.

The funeral of the late David W. Holt was held at Philipsburg on Friday afternoon, last. Mr. Holt, who was a well known resident of Philipsburg and at one time actively identified with industrial interests at that place, was found dead in bed on Wednesday morning. He was a son of the late Vincent B. Holt, and is survived by one sister, Mrs. Sara A. Goodrich, of Point Lookout.

HINTS.

To remove paint spots from clothing, saturate with equal parts of turpentine and spirits of ammonia.

Oil marks from wall paper may be removed by applying a paste of cold water and pipe clay. Leave it on over night and brush off in the morning.

Mildew may be removed by moistening the spot with clean water; rub on it a thick coating of castile soap mixed with scraping of chalk. Rub with the end of finger and then wash off.

To remove grease from silk take a lump of magnesia and rub it wet on the spot, let dry and then brush off.

To wash silk lamp or electric light shades make a nice lather with warm water and soap, and well shake about in water. When the dirt is out, rinse well in clear cold water and hang in the open air to dry. When nearly dry, press the frills and lace with fairly hot iron, when shades will look almost equal to new.

Remove and wash cover of a discarded mattress and slip cover over a good mattress and sew up the opening. This not only saves buying new cloth, but saves the labor of making new cover and looks very tidy.

To cure a soft corn between the toes, keep powdered chalk on it until it disappears. It must be lump chalk such as the carpenters use, not school crayon chalk.

Put a piece of old-fashioned brown paper over stain and press with hot iron; when you remove paper stain will remove with it.

Take 1-2 cup of salt, dampen and sprinkle on carpet or rug. The dust will adhere to the salt and the carpet will be brighter.

Empty feathers from corner of tick, ripped, into four or five squares of cheese cloth or thin cotton, make warm suds, wash well the filled cloths of feathers and rinse well; dry in open air (spring time best), not in sun; wash tick, replace feathers.

It is a good idea to keep a dozen or so cheese cloth pillow cases in the linen closet. After being used in a contagious disease they may be burned.

A little vinegar mixed with cake frosting will keep it from becoming too grainy and will make it smooth. It improves the frosting by killing the oversweet taste as well.

Just closed, the Yarmouth and Lowestoft herring season has yielded 800,000,000 herrings, which sold for \$5,000,000.

ALMOND SOUP.

A quarter pound of sweet almonds, one head of celery, one and a half pints milk, quarter pint cream, one teaspoonful whole white peppers, one heaping tablespoonful butter, quarter ounce of bitter almonds, one onion, one and a half pints white vegetable stock, one teaspoonful salt and one tablespoonful of flour.

Blanch and pound the almonds, then boil them for one hour in the stock with the peppers, onion and celery, cut into small pieces; rub through a sieve.

Heat the butter in a saucepan, stir in the flour, mix till smooth, gradually add the milk and stir, boil five minutes, then add stock and salt. Reheat. Put the cream into a tureen and add the soup to it. Serve at once.—New York Press.

Says the St. Louis Republic: If Canada has more miles of railroad per capita of population than we have, it may also be remembered that she has more acres of unoccupied land to the mile of railroad.
