

CENTRE HALL REPORTER.

Centre Hall, Pa. July 3rd, 1888.

LOCAL ITEMS.

25-TWO NEW FINEST SEWING MACHINES, warranted, for sale at this office. **IRON CITY COLLEGE**.—A scholarship to this institution for sale at this office, and to be had at a bargain.

BLANKS.—Blank, Summons and Vendu Notes for sale at this office.

LOCAL NEWS.—Our readers are solicited to furnish us items of local interest for publication. Send us the facts only, and we will get them in shape for publication.

Our readers would oblige us, by occasionally mailing a copy of the Reporter to their relatives and acquaintances outside of our county, especially to such as formerly lived in Pennsylvania. It would be the most welcome matter you could mail to such, and would be the means of inducing many to become subscribers. Any person sending us 8 new subscribers, and \$12, will be entitled to the Reporter one year free, for 1 new subscribers, and \$1, the getter up of the club will receive the Reporter 6 months free. This offer good from this date. The names can be sent in as they subscribe.

To Business Men.

We invite business men wishing to advertise, to call and examine the subscription list of the Reporter, and satisfy themselves that it presents a most desirable advertising medium, especially for this side, the heart of the county. This has been the experience of all so far, who have advertised in the Reporter. We venture to say, that since we commenced the publication of this paper, the rapid increase of our list, unobscured, is without precedent in this county.

No Paper Next Week.—It is an old custom among publishers to issue no paper during 4th of July week, in order to give all hands a chance to spend the 4th in their own way, and breathe a little fresh air; consequently there will be no Reporter next week. As we are publishing a paper, with more reading matter for the price than any other county paper known, we ask our kind readers for a week's indulgence.

NEW GOODS.—Wm Wolf, at the old Centre Hall stand, has just received another lot of summer goods, comprising a variety of everything. Go and see. Always keeps on hand the latest and best.

THE RAILROAD.—Efforts are now being made at Bellefonte, to raise fun to defray expenses for a preliminary survey for a railroad from Bellefonte to Milroy. The amount required to pay these expenses, will be about \$2,000, which \$500 have been subscribed by the Snowshoe Company, the balance remains to be made up by the citizens of our county. Such of our citizens as feel an interest in the matter can have the privilege of subscribing by calling at the office of McAllister & Beaver, at Bellefonte.

CENTRE CO. FAIR GROUNDS.—On last Friday afternoon, in company with superintendent Gilliland, we visited the Centre Co. Fair Grounds, about 1 mile north west of Bellefonte. The field contains 20 acres, which was purchased at a cost of \$200 per acre, and is to be enclosed by a board fence 7 feet high, which is to be put up at \$4.50 per rod, and so constructed along the north side as to make it suitable for attaching to it any necessary sheds for five stock. The grounds we consider very suitable for the purpose, as it contains a large flat for a fine race course, and a bench or rise, upon which the main buildings are to be placed, affording a complete view of the trotting course below.

The main building will be 300 feet in length, and 25 feet wide, the centre part being square and two stories high. The trotting circle will be one-third of a mile, perhaps half a mile, if the grounds permit. A stream of water runs along the north side of the ground, while from the bank on the opposite side gush several springs of pure fresh water, which will be made to play through a fine fountain upon the grounds.

Men are now busy at work preparing the ground, and the fence and buildings will be ready in time for holding our next county fair.

Geo. Tate was the lowest bidder for the building, his bid being \$2700.

PATENT CHIMNEY TOYS.—Messrs. Jno. & Alex. Shannon, of Centre Hall, are selling the celebrated Faber's Patent Chimney Toys and Flues.

This is an article which should be used upon every building—it is safe, durable and cheap, and has given satisfaction to all who have tried them.

For further particulars in future of the above parties.

The Fourth of July

will make its appearance in Centre county, immediately after 12 o'clock, midnight of the 3rd inst. It will hardly be visible before daylight, after which many supposing it will appear in the shape of an eclipse, will attempt to view it through a colored glass—a glass for instance, colored with brandy, repeatedly looking through which, will also make some of the stars visible. We, however, can not safely recommend this way of "seeing" the Fourth, as we have known instances in which it has produced what is called "black eyes," and even "blue skins" when sun down, and may cause bleeding of noses. The Fourth, we think, it is certain, will "remain in our midst" about 24 hours, when it will take its departure for the "re-constructed" regions and feast upon test oaths.

The hands of the Reporter office have not yet determined to see the Fourth through a colored glass, for the same reason that Jack did not eat his supper—as no one has yet furnished us with the juice by which to stain our glasses; however in the absence of anything better, we will hail the chap

by whistling Hail Columbia and humming Yankee Doodle.

Pro-Nice.—Miss Annie Shannon's School had a pleasant picnic, in a grove near town, last Saturday afternoon. Sweet-meats and fun were on hand, and the juveniles enjoyed themselves hugely.

GOOD ARRANGEMENT.—Mr. Buoy, the new proprietor of the line of stages between Milroy & Bellefonte, has made arrangements by which passengers leaving Philadelphia in the morning reach Centre Hall at 8 in the evening, and Bellefonte at 11, three hours later. This will prove a great convenience to the people of this valley; this new arrangement commenced on Wednesday.

Passengers leaving Pittsburg at 1 o'clock in the morning reach Centre Hall at 1, noon, same day.

HAYMAKING.—Our farmers are busy making hay; the hay crop in Centre county will be a good one. Grain also promises well. Apples there will not be a large yield.

VALUABLE FARM AT PRIVATE SALE!

The undersigned offers his Farm, about 21 miles below Centre Hall, on the turnpike leading from Old Fort to Lewisburg, at Private Sale. The farm contains

STAR GALVANIZED LIGHTNING ROD.

SUPERIOR TO ANY IN USE.

This rod combines all the recent improvements in Lightning Rods, and is made of pure galvanized iron, and is galvanized. They are warranted never to corrode, and are connected by perfectly fitting solid copper rods, which form not only a perfect and continuous connection from the point of the rod to the ground, but by a combination of metals, form a

Galvanic Battery enabling the Rod to discharge the storm immediately into the ground. The Star Galvanized Rod is warranted always to remain bright and clean. They have been erected on the principal

COLLEGES AND PUBLIC INSTITUTIONS

throughout the country. The North American Lightning Rod Factory, Philadelphia. These Rods are put up by Samuel Harpster, Centre Hall, Pa. at

25cts. per Foot,

by whom all orders will be promptly attended to.

P. McAFFREY & CO'S

Wholesale and Retail

of all kinds of Boots and Shoes.

BOOT AND SHOE

Store,

One Door above Reynolds Bank.

We will not mention in this advertisement the different varieties of Boots and Shoes, and Gaiters of every description, that comprise our stock—suffice to say, that it is complete in every particular and nothing to excite in style, quality, extent or price in the county.

Our ready-made stock was bought from manufacturers in the East who are careful of their reputation, and would not sell an article in the least inferior to what they represent.

We would invite special attention to our custom made work—well knowing that upon the satisfaction rendered in this Department depends entirely our success in business. Employing none but

First-Class Workmen.

We are enabled to guarantee satisfaction to all who may favor us with their patronage. A liberal reduction made on wholesale purchases.

June 19th 1888, P. McAFFREY & CO.

NOTICE.—All communications recommending persons for office must be paid for at our advertising rates.

HOPPER BROS., at Bellefonte, keep their stock of goods up with the times. All new styles are on hand at their store. Their stock of goods is kept up as one of the most complete in the county. It's where farmers get what they want and where they get the best bargains. Goods are always arriving, they never get out. Give them a call.

We call the attention of merchants, dairymen and others, to the advertisement of Josiah Carpenter, in another column. Inducements are offered which should not be overlooked.

Miss Abbie Tibbens, daughter of Samuel Tibbens, of Marion Tp, was bitten in the hand by a rattlesnake while picking straw-berries.

MARRIAGES.

On 18th, Daniel P. Shope, and Miss Sarah J. Blair, both of Milroy.

On 25th, by S. G. Shannon, Esq., Mr. John Paul, and Miss Amelia Conter, both of Potter Tp.

A YOUNG MAN again. Marcellus, indeed, is the effect of **CRISTADORO'S HAIR DYE** in rejuvenating gray-haired humanity. Why? It holds to Time when you can battle him. Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. July 3rd.

A MODEL INSTITUTION.—The Iron City College is an institution not of theories, but of the most rigid, correct and comprehensive practice. It is an entire business world in itself. Every possible contingency of business life the student encounters and works out independently in the course of his own experience. When a man graduates from this College he has in preparing to do business, actually done business for sometime, and graduating is little else than the change from one office to another.

WHY EVERY HORSEMAN WANTS.—A good, cheap, and reliable liniment. Such an article is

DR. THOMAS' VENETIAN HORSE LINIMENT.

In Pint Bottles at One Dollar. For Lameness, Cuts, Galls, Colic, Sprains, &c., warranted cheaper than any other. It is used by all the great horsemen on Long Island courses. It will not cure Ring Bone nor Spavin, as there is no Liniment in existence that will. What it is stated to cure it positively does. No owner of horses will be without it after trying one bottle. One dose revives and often saves the life of an over-heated or driven horse. For Colic and Bellyache it has never failed. Just as sure as the sun rises, just so sure is this valuable Liniment to be the Horse Embroiderer of the Day. Use it one and all. Depot, No. 56 Courtland Street, New York. Sold by all the Druggists and Storekeepers. June 5th 1888.

VALUABLE BOOKS.

Good Books are an indispensable necessity in every family, not only for the benefit of grown persons, but also for the proper training of the rising generation. Mr. H. Dasher, of Centre Hall, is now selling the following valuable works:

Large Illustrated Family Bible;

Our Departed Friends, or Glory of the Immortal Life.

Smith's Bible Dictionary.

War Between the States, by A. H. Stephens.

MADAM FOY'S CORSET

SKIRT SUPPORTER.

This supporter combines, in one garment, a perfect fitting corset, and the most desirable skirt supporter ever offered to the public.

It places the weight of the skirts upon the shoulders instead of the hips; it improves the form without tight lacing; gives ease and elegance; is approved and recommended by physicians.

The universal and unparalleled success which has attended the introduction of the article, and the many thousands of dozens sold annually, is conclusive evidence that its merits are appreciated. For sale at Wolf's Old Stand.

640 MILES OF THE

Union Pacific RAILROAD

Are now finished and in operation. Sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1890 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK.

at the earliest possible day, will be done.

THE UNION PACIFIC RAILROAD RECEIVES:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,000 acres of land to the mile, taken in alternate sections on each side of its track. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from \$16,000 to \$48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid, in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own First Mortgage Bonds, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and no more. The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy Trail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which over Eight Million Dollars have been paid in upon the work already done, and which will be increased as the wants of the Company require.

FIRST MORTGAGE BONDS

upon such a property, costing seventy three times their amount.

Are Secure beyond any Contingency.

The Company have abundant means in their treasury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely satisfactory; but they submit that, for entire security and liberal returns, there is certainly no better investment in the market.

The Union Pacific Bonds are for \$1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT.

AND IT IS BELIEVED THAT THEY MAY SOON BE AT A PREMIUM.

The Company reserve the right to advance the price to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Subscriptions will be received in

CENTRE HALL BY

FRED. KURTZ,

and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No 59 Wall St.

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1888 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's office or at any of the advertised agents.

The World is conducted upon the mutual principle, by which policy holders are insured free as all the insured have the benefits of the profits.

The Dividends are paid annually, after the second year, by which the insured secure all the advantages of the profits. The dividends increase from year to year, until they reach the sum of the annual premium, and then exceed it. Policies are paid in thirty days after due notice and proof has been given of the death of the insured.
