office, the restoration of rightful authority, and the independence of the executive and judicial departments of the government; the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

8th. Equal rights and protection for naturalized and native-born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance, and the claims of foreign powers to punish them for alleged crimes committed beyond their jurisdiction.

After the most solemn and unanimous pledge of both houses of Congress to prosecute the war exclusively for the maintenance of the government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten states, in time of profound peace, to military despotism and negro supremacy. It has nullified the right of trial by jury; it has abolished the habeas corpus—that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures, and arrests, and military trials, and secret star chamber inquiries for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American Capitol into a bastille it has established a system of spies and official espionage to which no constitutional monarchy of Europe would now dare resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunals, and threatens to curtail or destroy its original jurisdiction which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies, merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. His corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment, even of his own cabinet. Under its repeated assaults the pillars of the government are rocking on their base, and should it succeed in November next and inaugurate its President, we will meet as subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all submission to the British crown the privilege and trust of suffrage have belonged to the several states, and have been granted, regulated and controlled exclusively by the political power of each state respectively, and that any attempt by Congress, on any pretext whatever, to deprive any state of this right, or interfere with its exercise, is a flagrant usurpation of power, which can find no warrant in the Constitution, and if sanctioned by the people, will subvert our form of government, and can only end in a single centralized and consolidated government, in which the separate existence of the states will be entirely absorbed, and an unqualified despotism be established in place of a Federal Union of co-equal states; and that we regard the reconstruction acts (so-called) of Congress, as such, as usurpations, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

both for 4-horse sweep power and 2-horse tread power. Also the Tornado Separator that will out-thresh any machine ever bro't to Centre county.

Isaac Haupt of Bellefonte, Pa., and Haupt & Co. of Millersburg, Pa., have already got a new supply of Spears' Anti-dust Cook, Parlor & Heating Stoves; also, Spears' revolving, light illuminating stove; Spears' new orbicular gas-burning parlor stove (cast iron cylinder). These have all proven themselves to be the best stoves in the world for burning either wood, hard or soft coal; they save their own ashes, make no dust, economize fuel, and are the best stoves in the world and have more conveniences than any other stoves now in use; people in want of stoves would do well to call at their ware-rooms and see their stock before purchasing elsewhere, as by a neglect of this they may be sorry, as many have already been.

KEYSTONE

HARVESTER,

which now stands unrivalled.

This Reaper has advantages over all other Reapers now manufactured. One advantage we claim for it, is the lever power, by which we gain one hundred per cent over other machines. Another advantage is the hoisting and lowering apparatus, whereby the driver has under his complete control of the machine; in coming to a spot of lodged grain, the driver can change the cut of the machine in an instant, without stopping the team, varying the stubble from 1 to 14 inches at the outside of the machine, as well as on the inside. It is constructed of first class material; and built by first class mechanics. We warrant it second to none.

All kinds of
