How the Bellefonte National Dodges our Question.

Week before last, the Reporter put the following fair and square question to the above radical organ:

"The Bellefonte National has long word in all, to explain whether the letter and spirit' of the radical platforta means greenbacks or gold for the 5-20s."

valiant (?) National dodestion by replying "that the provision making the interest on these bonds payable in gold was inserted in the bill by the vote of Demo-. crats." We did not inquire of the Notional as to how the interest was payable, for that is not and can not be pade a question, as the law settles that by making it payable in gold, and that must be lived up to. We will now put the question again to the National, ty it cannot fail to understand us:

Will the Bellefonte National explain whether the "letter and spirit" of the Grant platform means greenbacks or gold for payment of the princinal of the 5-20s.

The radical judicial conference met at Bellefonte, on 21st ult, and passed a resolution to adjourn without making a nomination for president judge. This then, leaves Chas. A. Mayer without an opponent, unless Judge Barrett runs independent. In any event, Mr. Mayer will be elected.

In the election of Mackey and Meek principles are involved. Democrats, work with all your might, to swell their majorities. Honest republicans can vote for Mackey and Meek, because they are men of character, tried integrity, and in whom you know you can safely place confidence.

Yes, here's "how": Col. Mackey says, "his bank has one hundred thousand dollars in bonds for which they paid in Greenbacks, and for which he is willing to be paid in Greenbacks." That's "how." Is the National auswered and will it dare publish Col. Mackey's declaration?

Millions of Money Stolen!

THE ROBBERS STILL AT LARGE BUT KNOWN.

We this week furnish the readers of the Reporter with the concise facts of a most astounding system of robbery, columns and broad pages, but not one wish has been carried on by a gang of thieves at various points for several years, and whose operations involve many millions of money which have been stolen. Our space will not permit us to enter into the particulars, and we therefore are obliged to reduce the matter down to giving the names, the sums stolen, and page for full par-

S. Senate, in place of the honest and patriotic Cow-

The same occurrence was observed at Port Hilo. The subsidence at Hawaii in some places is from three to four feet, and in others from six to seven feet while at Hilo the greatest subsidence noticed was only eight inches.

In Hilo, Pina, and Krauforll, from one to five earthquakes have occured daily. Considerable smoke was rising from the volcano Kilauea, but there was but little fire visible.

The oscillations of the sea at Hilo August 14, 15, and 16, were remarkable. For the three days the sea rose and fell from three to four feet once every ten minutes.

Veto of the Civil Rights Bill-Storm of Denunciation from the Radicals-The Governor Threatened with Impeachment.

NEW ORLEANS, September 26. Governor Warmouth to-day vetoed the civil rights bill, raising thereby a perfect storm of denunciation from the negroes at what they term his treachery to them and to the Radical party.

The session of the House after the reception of the veto message was occupied chiefly by colored members in denouncing the Governor, one negro threatening him with impeachment, and repudiating him as no longer a member of the Radical party. The New Goods! white members of the Legislature are confident of sustaining the veto.
