

CENTRE HALL REPORTER.

CENTRE HALL, PA., OCT. 23rd, 1868.

LOCAL ITEMS.

BLANKS—Blank, Shingles, Vandy Notes, Executive and Advertisers and Extension Note combined, for sale at this Office.

TWO NEW EMPIRE SEWING MACHINES, warranted, for sale at this Office.

IRON CITY COLLEGE.—A scholarship to this institution for sale at this office, and to be had at a bargain.

LOCAL NEWS.—Our readers are solicited to furnish us from local interest for publication. Send us the facts only, and we will put them in shape for publication.

Our readers would oblige us, by occasionally mailing a copy of the REPORTER to their relatives and acquaintances outside of our county, especially to such as formerly lived in Pennsylvania.

The most welcome matter you could mail to such, would be the means of inducing many to become subscribers. Any person sending us 8 new subscribers, and \$12, will be entitled to the REPORTER one year free, for 4 new subscribers, and \$5 the price of the club will remain the same for 10 months free. This offer good from this date—the names can be sent in as they subscribe.

To Business Men.

We invite business men wishing to advertise, to call and examine the subscription list of the REPORTER, and satisfy themselves that it presents a most desirable advertising medium, especially for this side, the heart of the county.

This has been the experience of all who have advertised in the REPORTER. We venture to say, that since we commenced the publication of this paper, the rapid increase of our list, unsolicited, is without precedent in this county.

Seem's Patent Clock Dial.

Patented, Jan. 9, 1868. A perfect, cheap and simple record of passing time, can be applied to any clock, in a few minutes, and effectually supersedes the use of costly calendar clock.

Dr. Morris had the kindness to present us with a clock having this new dial, and we are so much pleased with its simplicity, cheapness and adaptability to all clocks, that we can not refrain from calling the attention of the reader to this useful invention, which is bound to find its way to every clock in the country.

These dials, by the most simple construction, are made to show the month, date, and day of the week, and all run by the clock itself, there being nothing complicated about it, and needing the regulating touch but once a month. Almanacs are gone up now, this new and simple dial supersedes them, as with little expense the dial can be attached to any clock.

Dr. Morris sells territory and dials, and can be seen at Centre Hall and will, no doubt also call upon our citizens at their homes. Come to the REPORTER office and see this new invention work, there is no humbug about it. There is money in it.

N. B.—The north western counties of this state have just been sold; those wishing territory had better pitch in.

Mr. J. C. Kemp, from Centre Hill, the other day stopped his wagon at our office, and gave us a look at the goods he carries, manufactured at the Milroy woolen factory. We must confess to have never before seen so fine a lot of goods—Cassimers and Jeans—as Mr. Kemp is now supplied with, embracing every variety of style, and at prices astonishingly low. His goods can not be surpassed by any of the kind in the eastern markets.

He also has an assortment of flannels which will recommend themselves, as also his fine stocking yarn. In the line of carpets his samples are of the first order, and his prices acceptable.

Mr. Kemp will call upon our citizens at their homes.

N. B. Goods of all kinds always on hand at his residence. Wool, Lard and soap taken in exchange for Goods. Oct. 25th.

Keystone Harvester.

This celebrated Machine, manufactured by the Centre Hall Manufacturing Comp., is spoken of as follows by the committee on agricultural implements at the late Centre county fair.

S. G. Shannon—the Keystone Harvester, Reaper and Mower, manufactured by the Centre Hall Manufacturing Company. Price, \$180.

The agent of the "Keystone Harvester," an implement manufactured at Centre Hall, in this county, claim several improvements which your committee were of the opinion were entitled to consideration. It is highly probable that by another year this establishment will be able to offer a machine that will be creditable to the owners, and perhaps inferior to none now in use.

SHAME.

From reports that reach us from Harris township—the Oberlin of Centre county—we take the "God and morality" radicals of that region to be greatly wanting in common decency and respect for law—at least some of them. We are informed that on election day, a "respectable" radical member of the election board was guilty of an assault and battery upon a peaceable and respectable citizen, John F. Potter, for challenging the vote of a radical, a right which every citizen has under the laws, when he has reason to believe that a proffered vote is illegal. If this disgraceful conduct be true, as we are so used by reports it is, we hope Mr. Potter will bring the offender to justice, and that the penalties of the law, which are served against riotous conduct at elections, will be meted out against this offending radical member of the board. Such conduct is a disgrace to any one, and least does it become men laying claim to respectability and who should be the exemplars of peace and good order, with their pretensions to Christianity.

SNOWSTORM.—The morning of the

17th, inst., broke in upon us with a snow storm, to remind us very sensibly that winter was approaching. The weather has been somewhat cold since.

Christian Beam, in Penn township,

advertises his fine farm at private sale, 117 1/2 acres, with a large house, and improvements—Centre Hall still keeps improving. C. F. Herliacher's new brick house, is going up; Mr. C. E. Peck's new frame house, is near completion, and George Harpster has broken ground for his new house.

SYRUP, the finest ever made, just received, cheap at Wolf's old stand—try it.

WHAT YOU WANT, can be had at Wolf's cheap Centre Hall stand, only ask for it. The largest and best selection of Goods ever brought to Pennsylvania.

The attention of our readers is directed to the advertisement of Coe's Dyspepsia Cure, in another part of this paper. This truly Valuable Medicine is recommended by all who use it.

The expenditures of the National government last month were \$28,445,000. The average monthly interest upon the National debt is about \$11,000,000. Add this to the above sum current expenditures—\$28,500,000—and we have near \$40,000,000—the expenditure that falls upon September. This sum, multiplied by the number of months in a year, gives \$480,000,000, about the sum estimated by Mr. Delmer.

The Penfield paper mills, in Monroe county, N. Y. were burned on Saturday. The loss is not stated.

LOSING'S HISTORY OF U. S. We are glad to learn that our young friend, Mr. S. S. Paul, had the good fortune to secure the sole agency for this valuable work, for Centre county. In this he only succeeded after much competition, as the work is of so high a standard, that agencies for it are almost at a premium.

Losings' History of the United States, contains 490 engravings, of which 12 are fine, full-sized steel plates. This is the latest history out, and includes a history of the late war, containing in all 893 pages. One of the peculiarities of this work, is its Concordance system, referring from one passage to another in the work having connection. No library will be complete without Losings' History. Price, in cloth, \$5, in library style, \$5.50. A good reliable and elegant work. Address, S. S. Paul, Centre Hill, Pa. sep18:3
