

CENTRE HALL REPORTER.  
CENTRE HALL, PA., NOV. 6th, 1908.

**Grandma's Delight.**

Deep brown eyes and locks of gold,  
Shapely, trim and coy;  
Half a girl and half a boy,  
Dear, bewitching hobbler-de-boy  
Brimful of a breathless joy,  
Is—our little Rosie.

Comes and goes, you know not when,  
Under hedge and over fence,  
With some baby cry,  
Now, about a doll is crazed,  
With her brightly eyes upraised,  
Then—delighted and amazed  
At a Shetland pony!

Changeable as the sunset dyes  
Of our own deep Southern Skies,  
Or a fountain's changing,  
Where the Persian palms are bow'd  
Over gardens spiced-endow'd,  
Or the poet's magic cloud,  
With "silver lining."

Ramping, reaching, they all  
Climbing up the kitchen shelf,  
Or, among the roses,  
Tugging at grandmother's sleeve,  
Grave as if a child could grieve,  
When the star-bowler'd of Eve  
On her breast reposes.

Who shall tell the turns that wait  
On the undevelop'd fate  
Of the wondrous stranger,  
When the germ shall be a flower,  
Ripen'd by the sun and shower,  
And the bridal wreath have power  
Through its buds, to change her?

When the lamp of snowy flame  
Burns its essence to a name,  
Sacred beyond measure;  
And the glittering starry cope,  
With creation's wider scope,  
And the very realm of Hope  
Hold a single treasure!

Ah! brown eyes and locks of gold  
Tell not what cannot be told,  
And the hand is proxy  
Who would look for hidden things,  
When thy breath is on his strings,  
And thy smile upon his wings,  
Blessed little Rosie!

In the Hudson county, N. J., court, on  
26th ult., Bergen Hilden, a 20 year old negro,  
was convicted of a rape on a girl 11  
years of age, and was sentenced to 10 years  
imprisonment.

Last week a remarkable and successful  
blast was made at the Richmond, Va., Gran-  
ite Quarry. One entire block of clear,  
beautiful granite, measuring 100 feet long,  
23 feet thick, 20 feet wide, was thrown out  
from the solid mass of the quarry. This im-  
mense block contains 46,000 cubic feet,  
\$280,000 pounds, or 3,600 tons of 2,240  
pounds to the ton. This is, probably, the  
largest stone in one piece ever quarried,  
either in ancient or modern times.

An advertisement appeared in a German  
newspaper, in New York for fifty men at  
six dollars per week, and no less than five  
hundred men appeared at the place appoint-  
ed, the next morning. The circumstance  
develops a great scarcity of work.

A little girl named Vaughn, was killed in  
Elizabethtown, Indiana, recently, at a  
pole raising by the radicals. A portion of  
the pole fell, with the result above noted.

There is a farmer in N. Y., who has a  
mile of children. His name is Farlong,  
and he has four boys and four girls. Eight  
farlongs one mile.

If you are a lover, don't love two girls at  
once. Love is a good thing, but it is like  
butter in warm weather—it won't do to  
have too much on hand at one time.

A sailor once had a high dispute with  
his wife, who wished him to the devil.  
Plague on me, Poll," said he, "if I don't  
think I should fare pretty well with the old  
fellow, as I married into his family."

The following is a lullaby for ba-  
by or cradle song, which has a very  
pretty cadence, and at least as much  
meaning in it as the language which  
most mothers address to their infants.

We commend it to young ladies and  
gentlemen contemplating Susanside.  
What does the little birdie say  
In her nest at peep of day?  
Let me fly, says little birdie,  
Mother, let me fly away.  
Birdie, rest a little longer,  
Till the little wings grow stronger,  
So she rests a little longer,  
Then she flies away.

What does little birdie say,  
In her bed at peep of day?  
Baby says, like little birdie,  
Let me rise and fly away.  
Baby, sleep a little longer,  
Till the limbs grow stronger,  
If she sleeps a little longer,  
Baby too shall fly away.

The new suspension bridge, at Niaga-  
ra Falls, commenced over a year ago,  
will be completed about the end of  
November. The bridge extends from a  
point just below the American Falls to  
a point just below the Clifton House.  
The span is 1,268 feet and four inches,  
and the two cables are 1,900 feet long.  
The span is said to be longer than  
that of any other suspension bridge in  
the world.

The ex-Empress Carlotta is quite  
prostrated, and only revives at inter-  
vals to utter fearful cries.

Speech is silver, but silence gold.  
Hence the expression, hush money.

**The Merchants' Protective Uni-  
on Mercantile Reference Reg-  
ister.**

The Merchants' Protective Union, organ-  
ized to promote and protect trade, by en-  
suring its subscribers to attain facility and  
safety in the granting of credits, and the re-  
covery of claims at all points, have to an-  
nounce that they will, in September, 1908,  
publish in one large quarto volume:

**THE MERCHANTS' PROTECTIVE UNION  
MERCANTILE REFERENCE REGISTER,** con-  
taining among other things, the Names, Na-  
ture of business, Amount of Capital, Finan-  
cial Standing and katagosto credit, of over  
800,000 of the principal merchants, traders,  
bankers, manufacturers, and public compa-  
nies, in more than 2000 of the cities, towns,  
villages, and settlements throughout the  
United States, their Territories, and the  
British Provinces of North America; em-  
bracing the most important information at-  
tainable and needed to enable the mer-  
chant to ascertain at a glance the capital,  
character and "Dug" of Credit of such of  
his customers as are deemed worthy of any  
graduation of credit, comprising also, a New-  
spaper Directory, containing the title, char-  
acter, price, and place of publication, with  
full particulars relative to each journal, be-  
ing a complete guide to the press of every  
county in the United States.

The reports and information will be con-  
fined to those deemed worthy of some line of  
credit; and as the same will be based, so far  
as practicable upon the written statements of  
the parties themselves, revised and correct-  
ed by well-known and reliable corre-  
spondents, whose characters will prove a  
guarantee of the correctness of the informa-  
tion furnished by them, it is believed that  
the reports will prove more truthful and  
complete, and therefore, superior to, and of  
much greater value, than any previously  
issued.

By aid of the "Mercantile Reference Reg-  
ister," business men will be enabled to ascer-  
tain, at a glance, the capital and gradation of  
credit, as compared with financial worth,  
of nearly every merchant, manufacturer, tra-  
der, and banker, within the above named  
territorial limits.

On or about the first of each month, sub-  
scribers will also receive the monthly Chron-  
icle, containing among other things, a re-  
cord of such important changes in the name  
and condition of firms, throughout the coun-  
try, as may occur subsequent to the publica-  
tion of each half-yearly volume of the Mer-  
cantile Reference Register.

Price of the Merchants' Union Mercantile  
Reference Register, fifty dollars, (\$50) for  
which it will be forwarded to any address in  
the United States, transportation paid.  
Holders of five \$10 shares of the Capital  
Stock in addition to participating in the  
profits will receive one copy of the Mer-  
cantile Register free of charge; holders of ten  
shares will be entitled to two copies; and no  
more than ten shares of the Capital Stock  
will be allotted to any one applicant.

All remittances, orders, or communica-  
tions relative to the book should be ad-  
dressed to the Merchants' Protective Union,  
in the American Exchange Bank Building,  
No. 128 Broadway, (Box 2566), New York,  
Sept. 4, '08, 4m.

Isaac Haupt at Bellefonte, Pa., and Haupt  
& Co., at Milesburg, Pa., have already got  
a new supply of Spears' Anti-dust Cook,  
Parlor & Heating Stoves; also, Spears'  
revolving, light illuminating stove; Spears'  
new orbicular gas-burning parlor stove  
(cast iron cylinder). These have all proven  
themselves to be the best stoves in the world  
for burning either wood, hard or soft coal;  
they save their own ashes, make no dust,  
economize fuel, and are the best bakers in  
the world and have more conveniences than  
any other stoves now in use; people in  
want of stoves would do well to call at their  
ware-rooms and see their stock before pur-  
chasing elsewhere, as by a neglect of this  
they may be sorry, as many have already  
been.

We claim for these stoves perfect cleanli-  
ness; in poking the fire, entire safety of the  
fire; they require very little attention;  
secure thorough ventilation of the room,  
thus preserving the health of the occu-  
pants; entire freedom from dust; a uniform  
and well regulated heat; a gas-consumer of  
the first quality; great economy in fuel;  
neatness, cheapness and beauty.
