

CENTRE HALL REPORTER.

CENTRE HALL, PA., Jan. 22nd 1893.

LOCAL ITEMS.

BLANKS.—Blank Summons, Vendu Notes, Executions, and Judgment and Exemption Note combined, for sale at this Office.

Two New Empire Sewing Machines, warranted, for sale at this Office.

IRON CITY COLLEGE.—A scholarship for this institution for sale at this office, and to be had at a bargain.

LOCAL NEWS.—Our readers are solicited to furnish us items of local interest for publication. Send us the facts only, and we will get them in shape for publication. Our readers would oblige us by occasionally mailing a copy of the **REPORTER** to their relatives and acquaintances outside of our county, especially to such as formerly lived in Pennsylvania. It would be the most welcome matter to receive such a copy, and would be the means of inducing many to become subscribers. Any person sending us \$8 new subscribers, and \$12 will be entitled to the **REPORTER** one year free, for 4 new subscribers, and \$5 the getter up of the club will receive the **REPORTER** 6 months free. This offer good from this date—the names can be sent in as they subscribe.

To Business Men.—We invite business men wishing to advertise, to call and examine the subscription list of the **REPORTER**, and satisfy themselves that it presents a most desirable advertising medium, especially for this side, the heart of the county. This has been the experience of all so far, who have advertised in the **REPORTER**. We venture to say, that since we commenced the publication of this paper, the rapid increase of our list, unsolicited, is without precedent in this county.

PUBLIC SALE.—Have bills printed at the Reporter office, for public sales and advertisements in the same paper, and circulation will ensure the fullest publicity for Vendues. Written bills are out of date, they were in vogue when mowed with wooden plows and rode to mill with a bushel of corn in one end of the bag and a large stone in the other end to balance.

RELIGIOUS.—Rev. Mr. Miller, of Chambersburg, by invitation, preached trial sermons in the Lutheran congregations belonging to the Centre Hall charge, last week; his discourses were very able, and gave the utmost satisfaction.

The Presbyterians held a protracted meeting at Centre Hill, commencing on Thursday of last week, and closing on Monday, celebrating the Lord's supper on the Sabbath. The attendance throughout was unusually large.

The Lutheran charge of Aaronsburg will have Rev. Sahm as their next pastor, commencing April next.

The new Lutheran church near Brumbers, below Kabersburg, was dedicated last Sabbath.

Hon. P. G. Meek has our thanks for favors from Harrisburg.

Hon. J. H. Stover has our thanks for favors from Washington.

Sternberg & Brandeis are bound to sell goods, and no one yet, having bought them, has had occasion to grumble. Go and try them, on dry goods, clothing, hats, caps, boots, shoes, or anything you please, and you will say they are among the fairest merchants to be found. Like the Reporter, they are almost down to cost.

If you want books, paper, or anything else in the line of stationery, go to J. D. Miller's store at Bellefonte—Jake will do the fair thing and deserves encouragement.

The Little Corporal, for January, is an excellent journal for all young readers will say so. It is popular among the juveniles and cheap, only \$1 per annum, and premium to persons raising clubs. Alfred L. Sewell, publisher, Chicago, Ill.

The Festival at Pine Grove Mills, last week, we are pleased to learn, was a perfect success. The net profits of the same amounted to something like \$200, which goes for the benefit of the cornet band of that place.

We think Centre Hall and vicinity ought to afford a band of sufficient number of young men around here to compose a good band, and what a fine thing it would be.

CHILD BURIED.—We are informed that on Wednesday evening of last week, a little daughter of Daniel Shuey, about 18 months old, from near Linden Hill, met with a painful death. The mother having left the house to perform some outdoor work, during her absence the clothing of the child in some way took fire from the stove, and upon the return of Mrs. S found her little daughter almost burned to a crisp. Death relieved the innocent one of her sufferings in about half an hour thereafter.

BENNER AND PATTON TWP. ITEMS.—Lucky—the couple who went to spend an evening at Mr. Tate's, in the Barrens, intending to come home the same evening, but unfortunately the sleigh upset and spoiled their calculations. Brown, try, try again, you will succeed at last.

Some people are close, and try to make fortunes by hoarding up every cent they make, but not so Mr. Wm. Close, of Benner, for he shows, by subscribing for the Reporter, that if he is close by name, he is not by nature.

Big, bigger, biggest, Ben Hunter's hog, it weighed 580 pounds. I think Ben can claim the banner for the largest hog slaughtered this winter.

The Methodists are holding a protracted meeting at Centre Furnace; ditto, the Al-brights at Housers.

Reuben will please accept my thanks for some of the largest and finest apples I ever saw. I have no doubt you will realize a fortune from the sale of those large apples.

Mr. G. W. F. Gray, of Patton, has bought a farm somewhere above Halfmoon. George is a fine man, subscribes for the Reporter, and talks of trying to make a fortune.

The Centre Store has passed into the hands of a reliable firm, Messrs. Graf & Thompson, who will keep up a first class store.

For the Reporter.
Mr. KURTZ.—Permit me to recommend Mr. A. A. Kerlin, of Potter tp., as a suitable person for the next Co. Superintendent. He is a practical man, an experienced teacher, and possesses all the educational qualifications for that position.

Mr. Joseph & Co's New York store, at Bellefonte, is the place now to buy cheap.

The attention of our readers is directed to the advertisement of Dr. J. B. Kirtland, in another part of this paper.

This truly Valuable Medicine is recommended by all who use it.

Geo. D. Pifer keeps one of the best regulated stores at Bellefonte, and none sells cheaper. His gentlemen's clerk, Mr. Erick, will pay special attention to the Pennsylvania customers.

Petitions for the repeal of the dog and deer law, passed for Centre county last winter, are in circulation.

Wm. Erhart's Vendu, Miles tp., February 11th.

Oh! rest thy aching head,
Upon my throbbing breast,
And there forget the woe
That doth thy soul oppress.

The angry waves may dash
Against the rocky shore;
But in the haven safe,
The surge can reach no more.

The sunlit clouds of love
Light up life's sky anew,
And trust in Him above
Will guide us safely through.

When our life's stormy sea
The raging tempest past,
In that calm haven of peace
We'll anchor safe at last.

THE Union Pacific RAILROAD COMPANY

OFFER A LIMITED AMOUNT OF THEIR First Mortgage Bonds at Par.

Nine Hundred and Sixty Miles Of line West from Omaha are now completed, and the work is going on through the winter. As the distance between the finished portion of the Union and Central Pacific Railroads is now less than 400 miles, and both companies are pushing forward the work with great energy, employing over 30,000 men, there can be no doubt that the whole

GRAND LINE TO THE PACIFIC Will be open for Business in the Summer of 1893.

The regular Government Commissioners have pronounced the Union Pacific Railroad to be FIRST CLASS in every respect, and the Special Commission appointed by the President says:

"Taken as a whole, THE UNION PACIFIC RAILROAD HAS BEEN WELL CONSTRUCTED, AND THE GENERAL ROUTE FOR THE LINE EXCEEDINGLY WELL SELECTED. The energy and perseverance with which the work has been urged forward, and the rapidity with which it has been executed are without parallel in history, and in grandeur and magnitude of undertaking it has never been equalled." The Report states that any deficiencies that exist are only those incident to all new roads, and that could not have been avoided without materially retarding the progress of the great work. Such deficiencies are supplied by all railroad companies after the completion of the line, when and wherever experience shows them to be necessary. The report concludes by saying that "the country has reason to congratulate itself that this great work of national importance is so rapidly approaching completion under such favorable auspices." The company now have in use 157 locomotives and nearly 2,000 cars of all descriptions. A large additional equipment is ordered to be ready in the spring. The grading is nearly completed, and ties distributed for 120 miles in advance of the western end of the track. Fully 120 miles of iron for new track are now delivered west of the Missouri River, and 90 miles more are en route. The total expenditure for construction purposes in advance of the completed portion of the road is not less than eight million dollars.

Besides a donation from the Govt. of 12,500 acres of land per mile, the company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about \$29,000 per mile, according to the difficulties encountered, for which the Government take a second lien as security. The company have already received \$22,158,000 of this subsidy, of which \$1,280,000 was paid Dec. 6th, and \$540,000 Dec. 14th.

Government Aid—Security of the Bonds.
By its charter, the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government Bonds, and no more. These Bonds are a First Mortgage upon the whole road and all its equipments. Such a mortgage upon what, for a long time, will be the only railroad connecting the Atlantic and Pacific States, takes the highest rank as a safe security. The earnings from the way or local business for the year ending July 20, 1892, on an average of 472 miles, were over FOUR MILLION DOLLARS, which after paying all expenses, were much more than sufficient to cover all interest liability upon that distance, and the earnings for the last five months have been \$2,386,870—This would have been greater, if the road had not been taxed to its utmost capacity to transport its own materials for construction.

The income from the great passenger travel, the China freights, and the supplies for the new Rocky Mountain States and Territories must be ample for all interest and other liabilities. No political action can reduce the rate of interest. It must remain for thirty years—six per cent. per annum in gold, now equal to between eight and nine per cent. in currency. The principal is then payable in gold. If a bond with such guarantees were issued by the Government, its market price would not be less than from 20 to 25 per cent. premium.

As these bonds are issued under Government authority and supervision, upon what is very largely a Government work, they must ultimately approach Government prices. No other corporate bonds are made so secure.

The price for the highest is PAR, and accrued interest at 6 per cent from July 1, 1892, in currency.

Subscriptions will be received in CENTRE HALL BY
FRED. KURTZ,
and in New York
At the Company's Office, No. 20 Nassau Street,

And by the Company's advertised agents throughout the United States.

Bonds sent free, but parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP was issued Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds than can be given in an advertisement, which will be sent free on application at the Company's office, or to any of the advertised agents.

The Coupons of the First Mortgage Bonds of the Union Pacific Railroad Company, due January 1st, 1893, will be paid on and after that date, in GOLD COIN, free of Government tax, at the Company's office, No. 20 Nassau street, New York.

SPECIAL NOTICES.

WOMAN—FEMALES, OWING TO the peculiar and important relations which they sustain, their peculiar organization, and the office they perform, are subject to many sufferings, and from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but none of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline. Nor is it pleasant to apply to a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. The sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of these troublesome complaints peculiar to the sex.

ALLMANSBACH'S EXTRACT OF BEUCH, hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either earnestly tantalize them with the hope of a cure, or apply remedies which not only do not relieve, but tend to wish to assert anything that would do injury to the afflicted, but I am obliged to you, that although it may be produced from a laxative, it is the result of nature, and, by laborious employment, wholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbearing, it is far oftener caused by direct irritation, applied to the mucous members of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to endeavor to enumerate a few of the many additional causes which so largely affect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, has caused the marriage of young girls for corporeal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially the unhealthy excitement of the ball-room. Thus, with the body half-dressed, and the mind unduly excited by pleasure, perverting in midnight revels the hours designed by nature for sleep and the work of destruction is half accomplished.

In consequence of this early strain upon her system, unnecessary effort is required to relieve the mind, and to restore her situation in school at a later day, thus aggravating the evil. When once excited to fever, another in prospective keeps the mind morbidly sensitive to impression, while the constant restraint of the fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to cold winds, the climate of temperate latitudes, the complete prostration produced by excessive dancing, must, of necessity, produce their legitimate effect. At last, an untimely marriage, the climate of matrimony, the unfortunate one, hitherto unimagined, regardless of the plain dictates and requirements of her delicate nature, becomes an unwilling subject of medical treatment. This is but the cruel picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed of what is called the tissue, which is in common with the female breast and lips, evidently under the control of the mind. In the absence of this, at an early period of life; and, as we shall subsequently see, these emotions, which are, in fact, long before puberty, to have which the very life of their victims are nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhoea, too profuse menstruation, irregular menstruation, continued Periods, for Protrusion and Bearing Down, or Protrusion Uteri, we offer the most perfect specific known—HELMHOLD'S COMPOUND EXTRACT OF BEUCH. Directions for use, diet, and advice, accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. HELMHOLD'S EXTRACT BEUCH is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. HELMHOLD'S EXTRACT BEUCH, having received the endorsement of the most prominent physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Immediety, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness, Loss of Appetite, Dyspepsia, Emaciation, Low Spirit, Diarrhoea, or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine article, see this out. Ask for HELMHOLD'S. Take no other. Describe symptoms in all cases.

HELMHOLD, Druggist, 594 Broadway, New York, and 100 South 10th street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.
