

CENTRE HALL REPORTER.

FRIDAY, FEB. 26th 1899.

GOVERNOR.

The indications are that Gen. Geo. W. Cass, of Pittsburg, will be the next democratic nominee for governor, and the tide seems to be setting in so strongly in his favor, that we anticipate his nomination on first ballot, if not by acclamation. Already some 30 delegates are instructed for Cass, 6 are instructed for Asa Packer, 3 have instructions for Gen. McFadden, some 35 delegates remain to be chosen yet, while 61 delegates go uninstructed. Gen. Cass is not seeking this nomination, but his fitness and known honesty and integrity are what lead the popular current in his favor. He would make a standard bearer of whom we might well feel proud, and for whom we would battle with a hope of success.

Trying to soft-soap Irishmen, the Bellefonte Republican of last week, has the impudence to talk to this class of men, whom the editors and their party have ever been persecuting and abusing, in the following hypocritical strain:

"Why, then, do our adopted fellow citizens act and vote with the sham Democracy? We appeal to every intelligent Irishman, and ask him what the Democratic party has ever done for him. Has it ever nominated you or any of your countrymen in this country, where it owes its strength to your votes, to any position of honor or profit? Has it ever given you any thing that you did not have to pay for? Did all the blame of these Democratic politicians ever benefit you one dollar? Did it ever put clothes upon your backs, money in your pockets, or shoes upon the feet of your dear little children?"

Such language to proceed from men who, in the days of know-nothingism, gloried over the mobbing of Catholic religious assemblies and the murder of Irishmen, requires an amount of impudence which can only be possessed by men who worshiped the Negro and at the same time had for their battle cry "Down with the Irish and Germans." Centre county Irishmen well remember how Bill Brown, some years, in the columns of the know nothing organ, The Centre Democrat, of which he was the editor, week after week, poured out columns of abuse upon the Irish and their church. Irishmen have too much self-respect to be gulled by these fellows now, and we imagine we can see every son of Erin, as he reads the above paragraph, raise his thumb to his nose and gyrate his fingers at the editors of the Republican.

DELEGATE SYSTEM.

Since we published our remarks on having a change in our delegate system—and trying the Crawford and Clearfield county plan—we have received letters from true and uncompromising democrats, east, west, north and south, in the county, approving of the change, and urging the adoption of the Rules we published. Our friends will excuse us for not giving publicity in the Reporter, of all of them; there is but little difference in the general tenor, and claim the right of selecting from the mass what we believe will be satisfactory to all. We therefore select the following:

Ferguson township, Feb. 12 '99. In the Reporter we have read your remarks on a change of our delegate system and the Rules for carrying out the change, and myself and neighboring Democrats approve the same—and if adopted will have the best effect in increasing our democratic majority. We have some complaints against the present system, which will not do to publish and gratify the Republicans. Should we not move in this before the April court.

Marion township, 15th Jan. 1899. Dear Fred: The democrats here are delighted with your editorial and rules published in the Reporter, advocating a change in our delegate system in the nomination of candidates and we now see how it can be done, and give every democrat his voice in the selection of candidates. No honest democrat can have any objection to the plan, and will put to rest the charge that the ticket is the trick of politicians.

Mr. Kurtz—you have hit the nail on the head by the publication of the Rules of Clearfield county. * * * The Clearfield Rules put an end to schemes. Let us have it before the next election.

(We intended adding similar letters from Harris and Haines, but our type are taken up by job-work.)

In the State Guard we observe that a bill was read in the Legislature, which incorporated our views and the Rules we published, to control primary conventions, or delegate elections, of all parties. We believe the principle right, but we can not see the authority of the Legislature to pass such a law. On whom would it be binding? The right of selecting and voting belongs to every freeman, and unless the Penn'a Legislature intends to follow in the steps of the present Congress, violate the plain letter and spirit of the Constitution of the U. S., as framed and adopted by Washington and his

co-peers and successors until Lincoln's time, in giving Negroes the right to vote and hold office, making the states mere townships to take care of the roads and poor, this right will be preserved. But we say, we want no such law, unless it is of binding effect—if it is not, and can not be, then let the democrats act for themselves, in Centre, meet and adopt the Rules we published, with such amendments, which will secure the unanimous support of every democrat and conservative to the ticket nominated by the democratic party. We are not selfish in this matter.

Mr. Moses Thompson, a stiff Centre county radical, as we have just been reliably informed, thinks that the people should call indignation meetings in order to check the waste and extravagance of his party, which is guilty of the most shameful plunderings ever practiced since the days of Adam. We have no doubt that our friend Thompson has become alarmed at the gigantic plunderings practiced by his party, but we tell him that all the indignation meetings he may hold from now until doomsday, will not frighten from the Treasury the plundering villains who have been elected by radical votes and who are stealing the public moneys, just now, by hundreds of millions. If the prospect of going to hell does not check the wickedness of these men much less will indignation meetings.

The only "indignation meeting" that will effectively stop this plundering, will be by Moses Thompson and his political friends voting the democratic ticket—thereby their indignation can be made felt. Place the democratic party in power again, and we will have no more such gigantic robberies as are now practiced.

The republicans of Potter township thought of taking the democrats by surprise, at the election, last Friday. They let on, for a week or more beforehand, that they would not attend the election at all; that they would not nominate any candidates, as it "wasn't no use" to vote, the democrats had the thing all one sided anyhow. They thought thus to get the democrats off their guard, and keep at home, while the radicals had a secret understanding all to be at the polls, and by this nice little arrangement elect the township officers. Well, Friday came, and with it came the coons from every nook and corner of the township, old, young, lame, halt, ring-boned and spavined, each one supplied with a full radical ticket, printed about a week beforehand. They felt good as a hungry nigger at a mush-pot—they had dreams and visions for over a week, of holding the little offices for the next year. Seven o'clock came; the votes were counted, and oh shades of Lincoln, the tally proved that the democrats had been on the spot too, and completely surrounded the sly rads, who were captured and released on parole, whistling as they went home, "The offices we left behind us." The joke was too good to be lost, so we print it here.

We learn from the Centre Hall Reporter, that A. A. Kerlin, Esq., is an aspirate for Superintendent of the Common Schools of that county. He would make a most excellent Superintendent.—(Huntingdon Monitor.)

You are right in your conclusion, neighbor, but are wrong in stating that Alf is an aspirate, as he has positively declined being a candidate.

The Lewisburg Chronicle contains the following obituary notice!

SELIN.—On Tuesday, November 3, 1868, after a lingering illness, Mrs. Catharine Selin, of the Borough of Selinsgrove, Pa., aged 82 years, 2 months and 15 days, having been born August 19, 1786. She was the widow of Anthony Charles Selin, a native of Switzerland and the founder of Selinsgrove. She was the last and only person known in the United States, bearing the name of Selin, an I descendant by her death the name, as a surname has become extinct. Her husband was made a Major in the army during the War of 1812, and his father had been a Captain in the Revolutionary War (and a member of the Society of the Cincinnati), by virtue of which the deceased drew an annuity of about one hundred dollars up to this date. During her illness she was principally nursed and cared for by her daughter, Mrs. Robert Swinford.

During the debate, in the U. S. Senate, a few days ago, upon the bill granting Mrs. Lincoln a pension, radical Senator Morton stated that the funeral of Old Abe, cost the country one million of dollars. This was rather expensive, and we have no doubt that nine-tenths of this million was pocketed by radical worshippers of Old Abe, who gladly embraced this opportunity to plunder the Treasury, and all the while shed crocodile tears over the death of the "late lamented." We have it from a radical Senator that the above funeral cost one million of dollars; and we likewise have statistics to show that the election of Lincoln—or rather the triumph of abolitionism in his elec-

tion—cost the country half a million of its blooming sons, and heaped upon us a debt of 3,000 millions.

Radicalism, dead or alive, is a very expensive thing.

WASHINGTON.

A colored man of this city has addressed a note to Mayor Bowen, Chairman of the committee on the sale of tickets for the inauguration hall, stating that a number of his friends from Philadelphia and New York would be here on the 4th of March, and asks whether any distinction on account of color is to be made in the sale of tickets. Mayor Bowen, this morning, addressed him a reply in which he says, "any person of respectable character and standing in this community, who applies and pays for a ticket to the inauguration hall, to be held in the north wing of the Treasury Department, will not be denied, at least, so far as my action is concerned. The question of color never having arisen before the Committee I, of course, cannot decide for them."

The negroes not being allowed admittance to the regular inauguration ball, have now resolved to have a colored inauguration ball. This is too bad, how the rads slight the darkeys; we think the niggers should be allowed to dance as they fought.

PREPARATION OF GLYCERINE.—Four parts, by weight, of yolk of egg, to be rubbed in a mortar with five parts of glycerine. This compound has the consistency of honey, is unctuous, like fatty substances, but is easily removed by water. Applied to the skin, it forms a varnish, which effectually prevents the action of air. It allays the itching in cutaneous affections. It is unalterable, and can be exposed to the air for an indefinite period.

A Christmas goose, sent by a kind friend to two prisoners in a Canada jail was stuffed with files and steel saws.

Delegates to the Democratic State Convention.

Huntingdon, Feb. 19.—The democratic senatorial conference of Huntingdon, Blair, Centre, Millin, Juniata, and Perry counties, this day elected R. Bruce Petriken and O. A. Traugh delegates to the State Convention, with instructions to vote for Gen. George W. Cass.

The conference proceeded to business by the selection of W. J. Jackman Esq., of Juniata county, President, and Messrs. S. P. McFadden, of Blair, and Andrew Reed, of Millin, Secretaries.

The following gentlemen represented the several counties of the district.

Centre.—A. A. Kerlin, C. D. Keller.
Millin.—Gen. John Ross, Andrew Reed, Owen Coplin.
Perry.—W. Harter, J. M. Miller, J. Reinhart.
Juniata.—W. J. Jackman, W. Lodge and J. T. Metland.
Huntingdon.—L. M. Stewart, Dr. W. P. McNite, J. S. Cornman.
Blair.—S. P. McFadden, J. B. Stanley, J. B. Drum.

On motion the two conferences from Centre county were authorized to cast three votes.

On motion the Conference proceeded to nominate and elect Delegates to the State Convention, when Maj. R. B. Petriken, of Huntingdon, O. A. Traugh, of Blair, S. T. Shugert, of Centre, and Jas. Schwartz, of Perry; were nominated. The ballot resulted as follows:

R. B. Petriken, 14 votes,
O. A. Traugh, 13 "
S. T. Shugert, 5 "
Jas. Schwartz, 3 "

The election of Messrs. Petriken and Traugh was then made unanimous.

KILLING KNOTS.

GLUE size and red lead. Gum shell lac dissolved in alcohol, and mixed with red lead. Gattapereha dissolved in ether. But through all or any of these will the pitch of the knot exude if exposed to the sun. Perhaps the very best material is, to size the knot with oil size, and then lay a leaf of gilt or silver on it. In a very cheap piece of work, a hot iron may be held over the knot till a good portion of the pitch has come out and been scraped off, when the two coats of the leaf will be sure to keep out both the pitch and any discoloration.

I want to rouse each sleepy head.
Who stand upon the brink,
Where yawning gulfs disclose the dead,
Who might, but did not, think.

I want to warn the living ones
Who blindly grope along,
Ye fathers, daughters, mothers, sons,
What perils round you throng!

Look out, my reader, are you free,
Or do you wear the mark?
Most all are blind and cannot see,
Ye, groping in the dark.

Catarh, a demon in the head,
Consumption is its son;

Runs down your throat instead.

Your lungs and liver soon will show,
Consumption has its birth;
Catarh, its sire, will feed it too,
'Till you return to earth.

It feeds affect your head and throat,

Now don't forget what I have wrote,
Or think this subject dry.

Horrible Death from Hydrophobia.

A letter dated New York, 16th inst., says:

The physicians who attended Mr. Charles H. Sudlam whose death from hydrophobia occurred Monday, have ordered his son, six years old, to be locked up, and every precaution taken to guard against his doing injury to himself or others. As already stated, Mr. Sudlam was bitten a few weeks since by his dog, which had become rabid, and, after suffering the most intense agony, died. When seized with the first spasm he knew he was afflicted with that terrible malady, hydrophobia, and warned everybody to keep away from him. Drs. Fenmore, Hutchings and Goodwin were called in, and did all in their power for the unfortunate man. They were compelled to tie him upon the bedstead with sheets, but his agony was so great at times that he tore the sheet like ribbons, and broke the bedstead to which he was tied. There were six men with him constantly, until death relieved him of his terrible sufferings. It appears his little boy was first bitten by the dog, and Mr. Sudlam hearing him cry went out to ascertain the cause, when the dog sprang at him and bit him in the hand. He immediately killed the animal, but it appears did not comprehend the great danger he was in or the fearful result.

1000 Miles OF THE Union Pacific RAILROAD ARE NOW COMPLETED.

As 600 miles of the western portion of the line, beginning at Sacramento, are also done, but

267 MILES REMAIN TO be finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line completed and accepted, at the average rate of about \$26,500 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. Whether subsidies are given to any other companies or not, the Government will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

First Mortgage Bonds at Par.

By its charter, the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government Bonds, and so more. These Bonds are a First Mortgage upon the entire road and all its equipments.

THEY HAVE 30 YEARS TO RUN, AT SIX PER CENT., and both PRINCIPAL AND INTEREST PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The long six per cent gold interest bonds of the U. S. (the 61's) will be due in 12 years, and they are worth 112, if they had 30 years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European investment is already considerable, and on the completion of the work will doubtless carry the price to the large premium.

SECURITY OF THE BONDS.

It needs no argument to show that a First Mortgage of \$26,500 per mile upon what for a long time must be the only rail road connecting the Atlantic and Pacific States is PERFECTLY SECURE. The entire amount of the mortgage will be about \$40,000,000, and the interest \$1,800,000 per annum in gold. The present currency cost of this interest is less than \$2,500,000 per annum, while the gross earnings for the year 1898, FROM WAY BUSINESS only on AN AVERAGE OF LESS THAN 700 MILES OF ROAD in operation, were more than

FIVE MILLION DOLLARS.

The details of which are as follows:

From Passengers.....	\$1,029,005 97
Freight.....	2,048,234 19
Express.....	51,232 08
Mails.....	196,252 50
Miscellaneous.....	91,528 27
Government troops.....	104,077 77
freight.....	449,440 33
Contractors' men.....	201,179 09
material.....	988,430 82
Total.....	\$5,066,651 61

This large amount is only an indication of the immense traffic that must go over the through line in a few months, when the great tide of Pacific coast travel and trade will begin. It is estimated that this business must make the earnings of the road from FIFTEEN TO TWENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the highest is PAR, and accrued interest at 6 per cent from Jan. 1 in currency.

Subscriptions will be received at CENTRE HALL BY

W. H. REED, KURTZ,
and in New York
At the Company's Office, No. 20 Nassau Street,
AND BY
John J. Cisco & Son, Bankers, No 35 Wall St.,
And by the Company's advertised agents throughout the United States.

Bonds sold free but parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP was issued Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds than can be given in an advertisement, which will be sent free on application at the Company's office, or to any of the advertised agents.
