

CENTRE HALL REPORTER.

CENTRE HALL, PA., Nov. 5th 1899.

Never Satisfied.

A man in his carriage was riding along. A gaily dressed wife by his side; In satin and lace she looked like a queen, And he like a King in his pride.

A wood Sawyer stood on the street as they passed, The carriage—the couple he eyed, And he said, as he worked with his saw on a log, I wish I was rich, and could ride.

The man in the carriage remarked to his wife, One thing I would give if I could, I'd give all my wealth for the strength and the health

Of the man who is sawing the wood. A pretty young maid with a bundle of work, Whose face, as the morning was fair, Went tripping along with a smile of delight, While humming a love breathing air.

She looked at the carriage—the lady she saw, Arrayed in apparel so fine, And said, in a whisper, I wish in my heart Those satins and laces were mine.

The lady looked out on the maid with her work, So fair in her calico dress, And said, I'd relinquish position and wealth, Her beauty and youth to possess.

Thus it is in this world; whatever our lot, Our mind and time we employ In longing and sighing for what we have not, Ungrateful for what we enjoy.

Perils of the Sea—Fearful Sufferings of a Shipwrecked Crew.

The African mail steamer Biafra, which arrived at Liverpool February 1st, brought home the crew of the bark Florence Nightingale, which was lost on the African coast. The Florence Nightingale, Captain J. J. Bright, of London, left Bathurst, Gambia River, for Sierra Leone, December 24, with seven female passengers, two priests, two Kroomen, and nine ship's crew. On the night of the 26th the vessel struck on a sand bank not marked in the charts, and which was not at the time surrounded by broken water. All efforts proving useless to save her, and two boats and one of the Kroomen being lost, a raft was formed and supplied with some provisions, brandy and sherry, but the Captain unfortunately forgot water, and his chest containing his instruments, charts, &c. The raft was towed by a small boat, seventeen feet by six inches, but, as they could not make head against the current, they were all, twenty in number, forced to get into the boat. Their provisions, &c., were soon exhausted, and they began to drink sea water, which soon made one man a sailor named Brown, crazy. When all the food was exhausted, they drew lots who should kill Brown before he died. The lot fell on a colored boy from Bathurst, who, however, refused. At that moment the Captain providentially caught a fish, three pounds weight, having made a fish hook from a woman's hair pin, which he baited with a portion of a crab caught in some seaweed. While the fish was being devoured Brown expired, and was thrown overboard. Previous to this the crew and passengers had greedily sucked some blood which came from Brown's body when the captain bled him to moderate his frenzy; some crabs and butterflies were also voraciously devoured. On the 5th of January they fortunately reached the Isle de Los, where they were treated with the greatest kindness by Captain Curran, of the American whaler, S. A. Paine, of Provincetown, Mass. Capt. Curran took them to Serra Leone, whence they were sent home as distressed British seamen. The twenty persons were nine days in an open boat, during which they drifted two hundred miles under a tropical sun, and had only twenty pounds of provisions and not a drop of water all the time.

The following is Aunt Betsy's description of her milk man: "He is the manest man in the world," she exclaimed: "He skins his milk on the top then turns it over and skims it on the bottom."

Thieves lately stole the carpet from a church near Cincinnati, and when it was newly carpeted, brought back the old and stole the new one.

The Government authorities at Havana, on Saturday, seized the insurrectionary proclamation calling upon the negroes to rise in rebellion. The authors were promptly arrested and imprisoned.

A woman named Welch fatally shot John Denne, in Alton Ill., on Monday night, while attempting to outrage her.

Stove-pipe, Tinware and Fruit Cans, Drills, and Threshing Machines, both for 4-horse sweep power and 2-horse tread power. Also the Tornado Separator that will out-thresh any machine ever bro't to Centre county. Isaac Haupt at Bellefonte, Pa., and Haupt & Co., at Milesburg, Pa., have already got a new supply of Spears' Anti-Rust Cook, Parlor & Heating Stoves; also, Spears' revolving, light illuminating stove; Spears' new oscillating gas-burning parlor stove (cast-iron cylinder). These have all proven themselves to be the best stoves in the world for burning either wood, hard or soft coal; they save their own ashes, make no dust, economize fuel, and are the best bakers in the world and have more conveniences than any other stoves now in use; people in want of stoves would do well to call at their ware-rooms and see their stock before purchasing elsewhere, as by a neglect of this they may be sorry, as many have already been. SPEARS' ANTI-RUST GAS-BURNING COOK STOVE, (wood or coal.) SPEARS' ANTI-RUST GAS-BURNING PARLOR STOVE. SPEARS' REVOLVING LIGHT ILLUMINATING STOVE. we claim for these stoves perfect cleanliness in burning the fire, entire safety of the fire; they require very little attention; secure thorough ventilation of the room, thus preserving the health of the occupants; entire freedom from dust, a uniform and well regulated heat; a gas-consumor of the first quality; great economy in fuel; neatness, cheapness and beauty.
