Excitement Among the Chinese in San Francisco—Terrible Scramble for Wives.

A San Francisco correspondent of Feb. 23d says it has been well understood among the Chinese circles for a year or two past that the China steamer which arrived yesterday would bring a large shipment of Chinese women, and in consequence great excitement existed among that interesting portion of our community. Every Chinaman considered himself entitled to this wife, and determined to obtain her at whatever cost. Word was brought to Chief Crowley that parties were arming themselves and threatening to enforce their rights by the arbitrament of cleavers, iron bars and revolvers. With his usual energy he at once detailed a large force and sent them to the dock of the Mail Company to prevent a riot. When the steamer was coming up the harbor the news spread like wild fire through the Chinese quarter, and at once crowds of their people started for the landing. Every possible means of conveyance was in demand. The high-toned merchants and head men who were determined to prevent their country-women from falling into the hands of their brethren of a lower caste, provided themselves with passes to the dock, and went in hacks and on the street cars, while hundreds of women with umbrellas spread over their heads crowded into express and baggage wagons, and the regular "pirates" or snappers, as they are called in China, hurried to the place on foot. At least fifteen hundred Chinamen had assembled before the steamer came in sight. Beyond their infernal promises and oaths, the crowd was quiet until the steamer came to her dock. As none but the merchants and head men who had passes were allowed inside the gates, the rest crowded up to the gates or dispersed along the wharves, lining them away down to Main street. As soon as the officers commenced landing the women from the steamer the excitement became intense, and it required a large force to prevent them from breaking down the gates. One Chinaman made an assault upon an officer, giving him a blow in the face that brought him to the ground. All the boats in the vicinity were engaged at high prices by the parties to be rowed to the side of the steamer, hoping by that means to get access to the women, and it required strong measures to prevent their boarding the vessel. After the boats were engaged, a terrible fight commenced as to who should occupy them, and many who had paid their passage were thrust back into the crowd and their place taken by one who did not scruple to take a sail at another's expense. While this confusion on the outside was going on, the women were landed, to the number of 300, placed in a half dozen rows. The examination by the Custom House officers (most of them young men) was exceedingly interesting. Large quantities of opium were discovered on their persons, stowed away in different places. When the search was completed they were stowed away in large express wagons, and conveyed to such places as the merchants and head men directed. An officer was placed in front, two on each side and one behind on each wagon, each armed with a heavy club, to beat off any love-smitten Oriental who might try to board it. It was an amusing sight to see these wagons going up the hill from the dock at full speed, the officers swinging their clubs at the hundreds of men who followed, jabbering their disappointment at the top of their lungs. By five o'clock the women were safely stowed away, and under the strong protection of the merchants and head men, who will probably re-ship them to China by the next steamer, or send them over as servants in American families.

Store-pipe, Tinware and Fruit Cans, Drills and Threshing Machines, both for 4-horse sweep power and 2-horse tread power. Also the Torado Separator that will out-thresh any machine ever brought to Centre county. Isaac Haupt of Bellefonte, Pa., and Haupt & Co. at Milesburg, Pa., have already got a new supply of Spears' Anti-dust Cook, Parlor & Heating Stoves; also, Spears' revolving, light illuminating stove; Spears' new orbicular gas-burning parlor stove (cast iron cylinder). These have all proven themselves to be the best stoves in the world for burning either wood, hard or soft coal; they save their own ashes, make no dust, economize fuel, and are the best bakers in the world and have more conveniences than any other stoves now in use; people in want of stoves would do well to call at their ware-rooms and see their stock before purchasing elsewhere, as by a neglect of this they may be sorry, as many have already been.

SPRINKLERS' ANTI-DUST GAS-BURNING COOK STOVE, (wood or coal), SPEARS' ANTI-DUST GAS-BURNING PARLOR STOVE, SPEARS' REVOLVING LIGHT ILLUMINATING STOVE. We claim for these stoves perfect cleanliness; in poking the fire, entire safety of the fire; they require very little attention; secure thorough ventilation of the room, thus preserving the health of the occupants; entire freedom from dust; a uniform and well regulated heat; a gas-consumer of the first quality; great economy in fuel; neatness, cheapness and beauty. ISAAC HAUPT, Agent.
