The fundamental principle of our Government is, that governments "derive their just powers from the consent of governed," or in other words, that governmental authority is inherent originally in the people themselves. as wrong as it is debasing, as outrage- delegate certain powers to those governments and give them a certain general or limited jurisdiction over certain governmental questions. The powers of the government are limited by the instrument by which those powers, tution provides for the amendment of have been delegated. Hence neither the State or Federal Government are absolute over all questions. The powers of each have been delegated by the people-the sovereign source of a 1 political power; and in the written ters only as come within the jurisdic- Constitutions is expressly declared what powers are delegated, while the omnipotent voice of the people, like the voice of the Almighty addressed to the sea, has said, "Thus far mayest they proud waves be staid." We, Mr. Speaker, the immediate representatives of the people of Pennylvania, have no power over this subect. Our own State constitution defines the qualifications of voters in this Commonwealth, and this Legislature has no power, either directly or indirectly, to change its provisions on the subject so as to be binding upon our own people, much less have we the power to bind the people of other States by any authorized action of ours. To amend our State Constituthrough the prescribed forms and put tion requires that two successive Legislatures propose the amendment, and then that a majority of the qualified voters of the State ratify the amendment at the next general election. We have taken an oath to support that Constitution, and yet a majority of this House, with that oath still fresh upon their lips, are ready to violate it, in article ten of the amendments, which by voting to allow an unauthorized power to strike from it the most important provision it contains. This question of suffrage is a question which even the States as States in their govermental capacity have no jurisficof that instrument sets forth plainly tion over. It is fixed and regulated what powers were delegated to the law by the Constitutions of the several making power of the United States, as States, and no power save the power well as those prohibited by the States, that made them-the people-can aland nowhere, at no place, or under no ter, change or amend. The bite of a dog is liable to be fol owed by what is called "hydrophobia or fear of water, in winter as in sum-

The bite of a dog, while being bea en or misused, inducing in him a feelmonths. ing of irritation, anger, or excessive al arm, may give rise to hydrophobia in man, if the man is himself in a state of anger.

A few months ago a man commenced whipping a dog, and was bitten ; his wife was litten at the same time, but was a mere spectator. In a short time the man died, with the ordinary

symptoms of hydrophobia, while his wife suffered on ill effect. An account of this was given in the June number of last year.

Within a week of this writing, Mr Ludlam, a respectable and worthy citizen of Brooklyn, died of hydrophobia, who had been bitten four weeks before by a dog while he was whipping it ; the wound healed rapidly. Th

dog had given no indications of madness before the whipping, nor afterwards. PHRENSY.
