CENTRE HALL, Pa., May, 7th 1893.

POOR GEARY.

One of the radical organs of Bellefonte, the National, has taken to whining, because the radical county committee has chosen an anti-Geary delegate to the state convention.

SIMON GETS A DIG.

Ex-Governor Curtin was serenaded on Tuesday evening, of last week, at his residence in Philadelphia by some of the soldiers of the late war.

REWARDING THE SOLDIER.

We have been showing up Grant's love for the Union soldier—his comrades in arms—how promptly he puts the crippled patriots and gives their places to cowardly abolition sneaks who remained at home and howled "go boys!"

PROBABLY THE SILIEST EXHIBITION

that two Senators ever made of themselves, is that which appears in the case of Abbott and Sprague.

ABBOTT TO SPRAGUE.

You told a story, the other day, about a dog and a pup. I therefore deem it proper to ask that you state distinctly if you did, or did not, mean me.

SPRAGUE TO ABBOTT.

I have no hesitation in at once complying with your very reasonable demand by saying that the story you alluded to was written and in print before you were born.

ABBOTT TO SPRAGUE.

Your remarkably perspicacious letter convinces me that I was mistaken. I feel better, and forgive you.

MORE LAND WANTED.

The World says that during the few days session of the Forty-first Congress, bills were introduced to give to railroads, wagon roads, and canals no less than 181,945,645 acres of the public lands.

Isaac Harden and Jesse Williams

and four horses were instantly killed by a stroke of lightning on the farm of William A. Cunningham, three miles from Martinsville, in Morgan county, Indiana, during the storm of Wednesday evening.

The Registry Law.

Naturalized citizens will be annoyed by prying assessors coming to their doors as early as June next, demanding to see their naturalization papers, and they may look for a monthly or semi-monthly return of this species of molestation until the day of election.

White men will be compelled to pay dearly hereafter in Pennsylvania for the right of suffrage. This is the glory of the registry law passed by "the most corrupt legislature which ever assembled at the State Capitol."

Mechanics and laboring men, native and naturalized, all who work for others, are required to furnish the assessors with the names of their employers to be set opposite their own names, so that Radical politicians may know them. The mechanics and laboring men of Pennsylvania are to be ticked, labeled and numbered, as if they were serfs.

Native born Pennsylvanians,

the great party of freedom, as it boasting-ly styles itself, is preparing some novel experiences for you. You who have been accustomed to come and go at your own will and pleasure, and give no man an account of your movements, are to be put under the supervision of a master.

FROM WASHINGTON.

The Monthly Public Debt Statement. Washington, May 1.—The public debt statement issued to-day shows the total debt, including principal and interest to be \$2,645,032,888 12.

General Lee arrived here this morning

from Baltimore at eleven o'clock. He visited the White House, and was immediately admitted to see the President, who was at the time engaged in receiving Senators and members by cards.

A rather novel question has come up

in connection with the case of Colonel Crowe, recently appointed and confirmed as Governor of New Mexico. His political disabilities have never been removed, and therefore he cannot take the oath and enter on the duties of his office.

Isaac Harden and Jesse Williams

and four horses were instantly killed by a stroke of lightning on the farm of William A. Cunningham, three miles from Martinsville, in Morgan county, Indiana, during the storm of Wednesday evening.

NO MORE SPRING ELECTIONS.

The people of this Commonwealth are not generally aware that the infirm journals to have been for the last fortnight unable to leave her bed.

Soe. 15. All elections for city, ward, borough, township and election officers shall hereafter be held on the second Tuesday of Oct. b. r. subject to all the provisions of the laws regulating the election of such officers not inconsistent with this act.

Without petition from any portion of the citizens of the State; in spite, indeed, of remonstrances from some counties against any change in the time of holding their municipal elections, the legislature has made this violent change in the usage of the people.

The Pennsylvania appointments,

it is said, are made in this wise. The applicant is first asked, "Are you a relative of Gen. Grant, or connected in any way with any member of his family?" He is then interrogated, "Are you connected, either by blood or by marriage, with a party by the name of Scott, who was chosen by the republican legislature of Pennsylvania, to help to fix up the appointments of the States?"

The Importance of Diversity.

There is no doubt that a man of genius and talent, with an equally strong body, would make a better laborer than the stupid hind who only knew enough to use his physical strength to break the stone or shovel the earth.

Another rare verdict to justice

occurred recently in a street near Ak-Sarak. The victim in this case was a Mussulman Arab, named Hassan, who about a fortnight ago visited an Englishman named Mr. S. and then murdered a woman at S. and S.

MORSE'S INDIAN ROOT PILLS.

We give you in this medicine the result of a lifetime of study and trial; before this medicine all others are but nostrums. They are made from simple roots, and are the best medicine in the world for all Bilious diseases, Female Irregularities, Headaches, Indigestion, Liver Complaints, &c.

A few weeks ago a colored brother

induced a young white girl, aged about seventeen, to elope with him from Petroleum Center. They went to Titusville, where, by directions of her mother, the girl was arrested, but afterwards escaped. The negro eluded the officers, stole a horse and made off, but was pursued and captured, and is now in jail at Franklin.

On Friday afternoon last, as three

boys were playing with a pistol at Oakdale Station, about twelve miles from Pittsburg, on the Panhandle railroad, the third boy accidentally shot his companions—two brothers named Leickley—killing one and severely wounding the other.

The Illness of the Empress Charlotte.

This princess is stated by the Austrian journals to have been for the last fortnight unable to leave her bed. Her mental faculties are in a state of the most painful excitement, while slow fever is wearing away her bodily strength.

For days together, and even for weeks, no sign of mental aberration could be discovered. She wrote letters in which the lucidity of her ideas and the delicacy and tact of her sentiments were remarkable. She devoted herself to the young Prince Royal with the most tender solicitude, and after his death exclaimed, "Poor child, at last you have gone to rejoin my mother. Soon it will be my turn to rejoin you."

The Navy Department received

dispatches from Rear Admiral T. T. Craven, dated Mare Island, March 31, enclosing reports from Commander Mead, of the United States steamer Saganaw, of his operations in Alaska, where that vessel had been stationed several months. Among the reports is one relating to the destruction of several forts belonging to the Kake Indians as a punishment for the murder of two American traders—Ludwig Midge and William Walker.

On the 18th of February they

destroyed the villages of Kipneaf Island, on the next day the salmon fisheries and two stockade forts at Security Bay. One town and three villages, consisting of about thirty-five houses, eight canoes and two forts were destroyed in all. It was believed that the burning of the villages would be a far greater punishment than the arrest and execution of the murderers, as the Indians in that region are said to place little value on life, and frequently compound for a murder with a few blankets in their wars with each other.

An Execution in Constantinople.

Another rare verdict to justice occurred recently in a street near Ak-Sarak. The victim in this case was a Mussulman Arab, named Hassan, who about a fortnight ago visited an Englishman named Mr. S. and then murdered a woman at S. and S.

A lady passenger on the train

going west, on the 21st ult., gave birth to an infant between Murray and Williamsport. The child died before reaching the latter place, and the mother, her husband being with her, was taken to the Herdier House and properly cared for.

A carpet-bag school teacher in

Taladega, Alabama, sentenced a negro girl, one of his pupils, to ten days cooking at his private residence, for a violation of the rules of his school. His pupils are rather refractory, and his manager to get all his household work done by them.

An able-bodied negro died of starvation

at Columbus, Ga., recently, the evidence at the inquest showing that he starved rather than work. Congress should appoint an investigating committee to inquire into this Ku Klux outrage.

Farmer's Read!

THE CELEBRATED Hoffheins' Mower & Reaper! and the well-known Pratt Rake, AND THE Clipper Rake, are now on exhibition, and for sale, at Spangler's Hotel, Centre Hall.

A Sea Monster.

We learn that Captain Perry, of the Light Horse schooner, who has charge of the boats in this district, discovered on the 5th inst., off St Simons, what he supposes to be a dead sea monster floating on the surface of the water. He says that the portion above the water was some twenty-five feet in length, and five feet six inches in height.

He estimated the length of the head to be twelve feet. The upper jaw was thrown back presenting a mouth of extraordinary dimensions. How many feet of the body was concealed beneath the surface of the waves the Captain could not pretend to form an estimate.

Mental Apprehension.

The brain is an organized medium through which the mind receives and imparts knowledge, and is the organ of thought and feeling. The particular function of the brain is to generate heat; and as thought is the natural food of the mind, it follows that according to the adequacy or inadequacy of this ethereal nutriment furnished the mind for its nourishment, will be its vigor and growth.

"Tis True, 'tis pity, 'tis true,

that mankind will pass by unheeded the warning symptoms of disease and neglect the remedies to restore health, until disease has so far advanced that it is often impossible to obtain relief. We have been shown the formula of Judson's Mountain Herb Pills and believe them to be the best and simplest of medicines for Bilious disorders, Liver Complaints, Female Irregularities, &c. They are prepared with great caution and will save many a doctor's bill if used in time.

On Thursday last as Mr. W. C. W.

kins of Mahanoy city was conveying a prisoner, named Edward Boveridge, to prison, the latter appealed to the court, when he was shot by the constable and died from the effects thereof the same evening.

Helmbold's Concentrated Fluid Extract Sarsaparilla.

Eradicates Eruptive and Ulcerative Diseases of the Throat, Nose, Eyes, Eyelids, Scalp, and Skin, Which so disfigure the appearance, PURGING the evil effects of mercury and removing all taints, the remnants of DISEASES, hereditary or otherwise, and is taken by ADULTS and CHILDREN with perfect safety.

An interesting letter is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S. &c. Speaking of those diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.

FOR CROUP.

The Balsam will be found invaluable, and may always be relied upon in the most extreme cases.

Coe's Dyspepsia Cure has Come to the Rescue.

Indigestion, Sick Headache, Sourness or Acidity of Stomach, Rising of Food, Flatulency, Lassitude, Weariness, Biliousness, Liver Complaint, finally terminating in Death.

Are you surely cured by this potent remedy, as the patient takes it. Although but five years before the world, what is the verdict of the masses? Hear what Lester Sexton, of Milwaukee, says:

Milwaukee, Wis., Jan. 24, 1888.

Messrs. C. G. Clark & Co., New Haven, Conn.

Both myself and wife have used Coe's Dyspepsia Cure, and it has proved PERFECTLY satisfactory as a remedy. I have no hesitation in saying that we have received GREAT BENEFIT from its use. Very respectfully,

LESTER SEXTON.

A GREAT BLESSING.

[From Rev. L. F. Ward, Acron, Lorain Co., O.]

Messrs. Strong & Armstrong, Gentlemen,—It gives me great pleasure to state that my wife has derived great benefit from the use of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constipation which so prostrated her that she was all the while for months, unable to do anything. She took, at your instance, Coe's Dyspepsia Cure, and has derived GREAT BENEFIT FROM IT, and is now comparatively well. She regards this medicine as a great blessing. Truly yours,

Jan. 18th, 1868. L. F. WARD
