CENTRE HALL REPORTER.
FRIDAY, SEPTEMBER 10th 1869.
Only a Baby.
BY ADDIE LAYTON.
Only a baby small,
Dropped from the skies!
Only a laughing face—
Two sunny eyes!
Only two cherry lips,
One chubby nose!
Only two little hands,
Ten little toes!
Only a golden head,
Curly and soft!
Only a tongue that wags,
Loudly and oft!
Only a little brain,
Empty of thought!
Only a little heart,
Troubled with naught.
Only a tender flower,
Sent to us here!
Only a life to love,
While we are here.
Only a baby small,
Never at rest!
Small, but how dear to us,
God knoweth best!
A desperate conspiracy has been discovered on board the United States frigate Sabine, in the port of Cherbourg. Some of the crew, to revenge themselves on their officers, attempted to set fire to the powder magazine and blow up the ship. They had proceeded so far as to light a fuse connecting with the magazine, when the plot was frustrated by a cabin boy, who discovered the burning fuse. It was found that twenty-two sailors were implicated in the plot, and they were thrown into irons. Seven have since been condemned to death and will be hanged at yard arm.

JULY 30th

POLITICAL.
A great many well disposed people get a little mixed over the figures of the secretary of the treasury and the reduction of the national debt. Secretary McCulloch in his official report for July 1868 says the grand total was \$2,601,378,756. Bowtell says the grand total for July, 1869, is 2,645,170,294. The condensation is if the national debt increases at the rate of forty-four million per annum, how long will it take to pay the principal. Here is another official statement in round numbers from McCulloch and Bowtell:
April, 1865.....\$2,366,000,000
September, 1865.....2,757,000,000
November, 1865.....2,527,000,000
July, 1869.....2,645,000,000
When the democrats went out of power in 1860, the State debt was \$37,540,125.72. Now it is \$33,286,906.13; or only about four and a half millions of dollars less than in 1860. During the last eight years twenty-eight millions of dollars have flowed into the State Treasury, which, under the Sinking Fund act passed by the Democratic legislature of 1868, ought to have been applied to the payment of the State debt. Besides this sum, which ought to have gone into the Sinking Fund, seventeen millions of dollars have been gathered into the Treasury, making the revenues of the State, during the last eight years, upwards of forty-five millions of dollars! With this immense amount of treasure, radical management of the State finances has succeeded in paying off but the trifling sum of four and a half millions of dollars of the State debt! What has been done with the remaining forty millions?—

WISCONSIN.
In 1860, under Democratic rule, the number of officers and persons employed in and about the House of Representatives at Harrisburg and their salaries, were as follows:
One Clerk \$1,000
One assistant clerk 800
One resident clerk \$1,000
Four transcribing clerks (each \$650) 2,620
One extra do. 150
Five sergeants-at-arms (8450) 4,225
Five doorkeepers (\$450) 2,250
Five messengers (\$450) 2,250
One postmaster (500) 500
Two extra messengers (\$450) 900
Ten pages (\$110) 1,100
Fourteen pasteurs and folders (550) 7,700
One marshal of rotunda 350
One fireman 350
One man in basement 350
Total officers, fifty three \$21,750
In 1868, under radical rule, the House expenses and officers and employees, are thus stated in the official report.
One clerk \$2,000
One assistant clerk 1,400
One resident clerk (J. A. Small) 1,500
Six transcribing clerks 6,000
One assistant resident clerk (W. Cooper) 1,000
One do. W. P. Small 800
Six sergeants-at-arms 6,300
Ten doorkeepers 5,000
Eleven messengers 8,400
Two postmasters (principal, and assistant) 2,000
Thirty-eight pasteurs and folders 30,500
One marshal of the rotunda 900
One ass't marshal of rotunda 800
One engineer 1,000
One fireman 900
One assistant fireman 750
One superintendent of closets 800
One assistant do. 750
Thirteen pages 2360
Ninety-eight officers. \$81,269
These are the figures to show the extravagance of the republican party, as compared with democratic economy, and figures which you know. The number of members of the Legislature has not increased since 1860, and no valid reason can be given for the increase of useless officials. Let the taxpayers of the State remember that there will be no reform until there is a change in the complexion of the Legislature, or an honest man in the gubernatorial Chair. Geary is the willing tool of the "roosters" and "pinchers." His reelection would be the greatest calamity that could befall Pennsylvania. The corruption which has developed and the disproportion under his fostering care, would continue to increase. It would take more than sixty thousand dollars to pay for extra pasteurs and folders and other useless officials about the State Capitol. Let the taxpayers of Pennsylvania place Asa Baker in the gubernatorial Chair and there will be a speedy change for the better.—[Lancaster Intelligencer.]
The Radical papers announced that when President Grant commenced his summer tour and arrived at Long Branch, his first attempt at dancing was exceedingly awkward but by the time he arrived at Cape May, he was tolerably proficient. Now that he has been at Saratoga Springs, they announce it as a delightful piece of information that he is able to go through the hazees of the most difficult cotillion with the best of them. What a spectacle! The President of the "United States galloping over the country—reviewing troops on Sunday, and at night dancing in the rounds of questionable places, while the public affairs at Washington City are left in the hand of subordinates for adjustment! Nero fiddled while Rome was burning and we doubt whether his conduct was more censurable than Grant's, who dances while the people are ground down almost to powder with taxation.
