MANHOOD.—IN THE YOUNG & rising generation the vegetative powers of life are strong, but in a few years how often the pa lid hue, the lack-lustre eye and emaciated form, and the impossibility of ap-plication to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of he body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body too much enfecbled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves. If the patient be a female, he approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in difcheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so facinating a change from child to woman, is looked for in vain; the parent's heart

bleeds in anxiety, and fancies the grave but waiting for its victim. Nothing is more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Spe-culation, but a hurried Transition from one question to another. These symptoms, if allowed to go on-which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one

Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this sad result occurred to two patients: rea on had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths of Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy n Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute-neith-Mirth or Grief ever visits it.
