That the MASON & HAMLIN CABINET and METROPOLITAN ORGANS are the best in the world is proved by the almost unanimous opinion of professional musicians by the award to them of Seventy-five gold and silver medals or other h ghest premiums, at principal industrial competitions within a few years, including the Medal at the Paris Exposition, and by a sale very much greater than that of any similar instruments. This Company manufacture only first-class instruments, and will not make "cheup organs" at any priceor suffer an inferior instrument to bear their name. Having kreatly increased their facilities for manufacture, by the introduc-tion of new machinery and otherwise, they are now making BETTER ORGANS than EVER BEFORE, at increased economy in cost, which, in accordance with their fixed policy of sciling always at least remunerarive profit, they are now offering at prices of inferior work.
