Great Distribution CENTRE COUNTY TEACHERS! INSTITUTE. TO THE TEACHERS AND SCHOOL DIRECTORS AWARD TRADIT TRAVE Cesh Giffa onch will be held this year, at Howard-commencing on Monday Evening, Dec.

will be held this year, at Howard—commencing on Monday Evening, Dec. 27th, at 7 o'check.

All Teachers, and all who are preparing to teach, will be regarded as members of the Institute, and count the same as teaching. Directors are members of the Institute, and count the same as teaching. Directors are reminded that this does not conflict with the affidavit required of the President of the Board.—The plan adopted by a number of districts last year, of beagthening the term one week, by paving the Teachers for their time, and requiring them to attend the whole time, or forfeit all, is, perhaps, preferable. We trust the Directors of Centre county will not be found derelict in this respect, for the Institute, if properly conducted is certainly a benefit, not only directly to the Teachers, but indirectly to their schools.

But whether allowed the time or not, it is a duty every Teacher owes to the profession, and we confidently expect every Teacher in the county, not an avoidably detained, to be present.

Teachers, let nothing prevent you from attending, for paid attendance, at these, does not argue for professional zeal; but come because you feel a love its it, and let us try to make it so attractive and instructive, that no Teacher, whether paid or not, can possibly afford to lose the benefit of a single session. It is now Institute, and by your attendance and interest only can it be made truly successful. Last year there were 165 Teachers present. There should be an increase of 20 per cent. to properly indicate the increased interest manifested in education.

DIRECTORS' DAY. DIRECTORS' DAY.

We earnestly desire the presence of our School Directors, and in order that all may meet and exchange views, Thursday, Dec. 30th, will be set apart as "Directors' Day," when the following questions will be discussed:

1. How shall our Schools be supplied with well qualified Teachers?

2. Teachers' Salaries—What should be the basis for grading them?

3. Should unlicensed persons be permitted to teach in the public school houses during the summer months?

Directors Blair, of Unionville, and Hunter, of Benner, are requested to open the discussion of the first named question; Rearick, of Farmers' Mills, and Schenck, of Howard the second; and Harvey, of Ferguson, and Lukens, of Rush, the third.

Lukens, of Rush, the third.

THE COMMITTEE on Permanent Certificates will be elected on Friday afternoon, when the regular annual election of officers will take place.

toits many advantages.

It performs the work better, making the clothes a bleached white, and in at least whe-fourth the time than can be done by thand; because steam and the rapid motion of hot water through the clothes, with the slight rubbing, performs the cleansing process, which could not be done by ever so much rubbing by hand on the common washboard.

It does not injure the cloth; it saves it. A child from 12 to 14 years can work it; and operating it, is a healthful exercise for the body. It is, beyond a doubt, the most complete labor saving machine for the household ever invented—simple and durable, effective, eheap, and therefore accessible to every family:
